The Politics Of Coexistence Soviet Methods And Motives:

The Politics of Coexistence Michael P. Gehlen, 1967 Analysis of Russia's policy of coexistence from the death of Stalin to the 23d Party Congress **The Politics of Coexistence** Michael P. Gehlen, 1979 *Soviet Policy in Africa* O. Igbo Natufe, 2011-11-08 Written by Soviet politics and international relations specialist Igbo Natufe Soviet Policy in Africa offers a critical analysis of Soviet and Western foreign policies that presents a balanced perspective on the understanding and evolution of Soviet ideology and politics Using an extensive research Natufe traces the evolution of Soviet foreign policy from 1917 through 1980 focusing on the ideological constructs of Vladimir Lenin the founder of the Soviet state through the contending interpretations of Joseph Stalin and finally to Nikita Khrushchev and Leonid Brezhnev He reveals how the Soviets continually used the tenets of Marxism Leninism for global issues even though their interpretations sometimes varied between individual leaders Natufe also shows how the Soviet government viewed post 1945 Europe as favorable to revolutionary tendencies particularly in the colonies Africa became a battleground between Eastern and Western ideologies and Soviet policies posed opportunities and threats to the continents independence movements In addition Natufe discusses China and the West as well as presenting case studies of Soviet foreign policy Scholars and students of international politics will find Soviet Policy in Africa a well researched thorough study of this often overlooked subject **1967 Annual Supplement** John B. Simeone, Alfred de Grazia, Carl E. Martinson, 2013-12-01 **The Gorbachev Regime** Hiroshi Kimura, 2017-09-29 In the early days of Gorbachev's rise to power in the Soviet Union an international group of U S and Japanese authorities probed the issues and forces that shaped a mammoth struggle within the Soviet Union This book examines Gorbachev's reforms the extent of their dramatic changes and the sobering evidence of their limits The contributors' assessments range from wonder at the new atmosphere and expressive possibilities to recognition of the reforms' reversibility increasing difficulty and the long road ahead This is a fascinating contemporary review of factors that led to the demise of the Soviet Union only a few years later Perestroika the transformation of Soviet society and economic relations epitomized Gorbachev's remedy for the ailing Soviet economy which developed into a redefinition of Soviet socialism Gorbachev emphasized that the success of reform depended not only on the technology and money but also to succeed the reforms must overcome Stalin's legacy of bureaucratic centralism and enlist the creative energies of the Soviet people This volume explains why the strength and nature of the reform coalition and anti reform opposition the limits and prospects of reform and the compatibility of decentralizing reforms within the centralized one party Soviet system and the implications of reforms for Soviet relations with the rest of the world **Problems of Communism**, 1969 **The Cuban Missile Crisis** M. White, 1995-11-20 Why did the Cuban Missile Crisis happen How was it resolved By focusing on the roles of a number of key individuals such as JFK Robert Kennedy and Nikita Khrushchev and by using recently declassified materials this book frames answers to these questions In so doing it presents a cluster of new findings and arguments

including a fresh interpretation of Khrushchev's motives for putting missiles in Cuba, new information on the mystery surrounding Senator Kenneth Keating's secret sources and evidence indicating that JFK planned to carry out a military strike on Cuba at the start of the crisis. Strategy and Ethnocentrism (Routledge Revivals) Ken Booth, 2014-06-27 Ken Booth's study first published in 1979 investigates the way in which cultural distortions have affected the theory and execution of strategy. Its aim is to illustrate the importance of ethnocentrism in all areas of the subject to follow through its implications and to suggest approaches to the different problems it poses. Insights are offered into the character of a number of important issues in Cold War international politics including the superpower arms race, détente, the Middle Eastern crisis, the Soviet arms build up and the SALT talks. In light of the cost of modern warfare it is all the more important to avoid strategic failures in the future. Strategy and Ethnocentrism aims to alert students of military and strategic studies to some ways of minimising the risks of failure in an age when war is increasingly characterised by racial, cultural and religious conflict. **An Annotated Bibliography of Selected Unclassified Materials Published During 1967 on Problems of Development and Internal Defense**, 1968* **World Communism, 1964-1969, a Selected Bibliography** United States.
