Folk troubadour, rock star, country crooner for a musician who adopted so many personas, Bob Dylan always sounds like himself. While he's written many of the most iconic and impactful lyrics of the past sixty years, Dylan's music has also reshaped our sonic imagination with his ragged voice, wailing harmonica, and rough-hewn guitar. Music theorist Steven Rings argues that such sonic imperfections are central to understanding Dylan's songs and their appeal. These blemishes can invoke authenticity or persona, signal his social commitments, and betray his political shortcomings. Rings begins where else with Dylan's voice, exploring its changeability, its unmistakable features, and its ability to inhabit characters, including the female narrator of "House of the Rising Sun." Rings then turns to Dylan as an instrumentalist, examining his infamous adoption of the electric guitar in 1965, as well as his stylistically varied acoustic playing, which borrows sounds and techniques from Black blues musicians among other influences. Rings charts the histories audible in Dylan's harmonica, as well as piano, which has been central to his music-making since his earliest days of imitating Little Richard in his hometown of Hibbing, Minnesota. Finally, Rings guides readers through one of Dylan's most famous songs, "A Hard Rain's a Gonna Fall," analyzing its musical sources as well as variations in live performances. A companion website of audio and video examples helps readers notice the

nuances and idiosyncrasies inherent in Dylan's work and even more importantly their effects. A close look at an underdiscussed but essential aspect of Dylan's oeuvre. What Did You Hear offers a fresh understanding of a singular performer, his musical choices and the meanings that we can hear in his imperfect sounds. **Bob Dylan: Behind the Shades Revisited** Clinton Heylin, 2003-04-29 In 1991 Clinton Heylin published what was considered the most definitive biography of Bob Dylan available. In 2001 he completely revised and reworked this hugely acclaimed book adding new sections substantially reworking text and bringing the story up to date with Dylan's explosive career. In 2000 Bob Dylan Behind the Shades Revisited follows the story of Dylan from his humble beginnings in Minnesota to his arrival in New York in 1961, his subsequent rise in the folk pantheon of Greenwich Village in the early 60s and his cataclysmic folk rock metamorphosis at the Newport Folk Festival in 1965. In the succeeding eighteen months Dylan released Highway 61 Revisited and Blonde on Blonde and embarked on the legendary 1966 World Tour that culminated with an unforgettable concert at the Royal Albert Hall. Heylin details it all along with the true story of Dylan's motorcycle accident, his remarkable reemergence in the mid 70s, the only exacting account of his controversial conversion to born again Christianity, the Neverending Tour and yet another incredible Dylan resurgence with his 1997 Grammy Album of the Year Award winning Time Out of Mind. Deemed by The New Yorker as the most readable and reliable of all Dylan biographies, this book will give fans what they have always wanted: a chance to get to know the man behind the shades. **The Dylan Index 1962-1997** Tim Dunn, 1998 *Sh-Boom!* Clay Cole, 2009-10-01 A rip snorting rock n roll memoir from the legendary disc jockey who's been called the missing link to the Sixties. There was a small sliver of time between Bebop and Hip Hop when a new generation of teenagers created rock n roll. Clay Cole was one of those teenagers as the host of his own Saturday night pop music television show. Sh Boom is the pop culture chronicle of that exciting time 1953 to 1968 when teenagers created their own music from swing bands and pop to rhythm and blues, cover records, a cappella, rockabilly, folk rock and girl groups from the British Invasion to the creation of the American Boy Band. He was the first to introduce Chubby Checker performing The Twist, the first to present the Rolling Stones, Tony Orlando, Dionne Warwick, Neil Diamond, Bobby Vinton, the Rascals, the Ronettes, the Four Seasons, Dion and dozens more, the first to introduce music video clips, discotheque, go go girls and young unknown standup comedians Richard Pryor, George Carlin and Fannie Flagg to a teenage television audience. But after fifteen years of fame, Clay walked away from his highly popular Saturday night show at the age of thirty and remained out of the spotlight for over forty years. Well, he's missing no longer, he's back with a remarkable story to tell. Brimming with the gossip, scandal and heartbreak of the upstart billion dollar music biz, Sh Boom is a breezy behind the scenes look at live television, mom and pop record companies and a boozy Mafia-run Manhattan during the early days of rock n roll. Flashbacks Michael Lydon, 2003 Flashbacks is an eyewitness account of 60s rock as it was being made. Michael Lydon, the first editor of Rolling Stone and a participant in the rock revolution, enjoyed unique access to the people and events when rock was new. His profiles of the

founding fathers and mothers of 60s rock are unique in that they are based on first hand interviews and on the spot reporting This collection includes the first piece written on the Monterey Pop Festival of 1967 written only 48 hours after the festival and never before published an account of the Rolling Stones s U S tour of December 1969 Janis Joplin s dramatic rise and equally dramatic fall The Grateful Dead at home in their communal house in San Francisco and on stage at Winterland and much more
