The Healer's Secret Dr. Nilesch Panchal, 2024-10-27 The Healer's Secret is a captivating tale of discovery faith and the delicate balance between tradition and science When a young skeptical medical researcher ventures to a remote mountain village to investigate a mysterious healer rumored to cure the incurable they expect to expose superstition Instead they uncover something far more profound an ancient knowledge entwined with culture belief and the human spirit As the line between science and spirituality begins to blur the researcher is forced to confront their own limitations and question everything they thought they knew about healing With each revelation they discover that true healing is not just about curing the body but also restoring the soul

The Healer's Heart Diane Komp, 2010-03-24 A contemporary look at the spiritual journey of a doctor named Luke that thoughtfully brings the Gospel physician into our 21st century world If you have no cause worth dying for do you have a reason to live While sorting through family papers following his father's massive stroke Dr Luke Tayspill Yale Medical School's top infectious disease specialist stumbles across a manuscript written decades earlier by his beloved grandfather The book bears an ominous title The Deaths of Lukas Tayspill not death but deaths A closer inspection reveals that the book is about three characters with the same name The first two Lucas Tayspills were 19th century Quakers who suffered martyrs' deaths The third story set in the future ends abruptly with the arrival of a Dr Lucas Tayspill in a plague ridden war torn African land Was his grandfather foretelling Luke's own life story and prophesying his death Luke sets out on a deeply personal journey to Sierra Leone But his pilgrimage to understand death leads to a powerful and unexpected encounter with the essence of life Will Luke fulfill his grandfather's vision

The Healer's Power Howard Brody, 1992-01-01 Although the physician's use and misuse of power have been discussed in the social sciences and in literature they have never been explored in medical ethics until now In this book Dr

Howard Brody argues that the central task is not to reduce the physician's power as others have suggested but to develop guidelines for its use so that the doctor shares with the patient both information and the responsibility for deciding on appropriate treatment. Dr Brody first reviews literary works dealing with medical power from Dostoevsky's *The Grand Inquisitor* to stories by William Carlos Williams, Vonda McIntyre, and Richard Selzer. These works he shows reveal the healers' ambivalence over their own power and patients' fears of the abuse of power. Dr Brody then points out important but neglected ethical issues that emerge from an analysis of power such as the tension between care of individual patients and the pressures of the doctor's workload, the rescue fantasy that impels some physicians to extraordinary lengths to save a life, and the economic system which rewards surgeons and other specialists more than it does physicians who spend time talking with patients about their problems. He also shows how the perspective of shared power can shed new light on standard topics in medical ethics from informed consent and confidentiality to resource allocation and cost containment.

The Healer's Saga Books One to Four
Helen Pryke, 2022-02-02 Four novels in the powerful saga about multiple generations of gifted women and the connection that binds them across centuries. Moving between past and present, these tales of a cottage in Italy and the healers who have occupied it include *The Healer's Secret*. Fired and on the brink of divorce, Jennifer seeks salvation at the bottom of a wine bottle. At her mother's insistence, she reluctantly agrees to explore her Italian roots in Tuscany. Staying in her family's centuries-old cottage, she becomes embroiled in a mysterious tragedy involving her great grandmother. As she delves further into her ancestors' history, she discovers that ghosts from the past could give Jennifer something she thought she'd never have: a future.

The Healer's Curse In 1348, the plague is set to sweep through England. Unaware of what awaits, Agnes is in love and betrothed. But her life is about to be torn apart. In the present day, Jennifer has settled in with her boyfriend, Francesco, and her Italian relatives when disturbing visions of a pregnant girl lead her to once again travel into the past to find answers. This time, though, she's afraid she may not come back.

The Healer's Awakening Since Ginevra Innocenti's death, the cottage has lain empty and abandoned in the woods. Until the day Ginevra's granddaughter, Sara, sees a dragonfly in the depths of winter. Intrigued, she follows it and discovers the forgotten cottage. There, Sara learns her grandmother was once a healer. Could these events mean the end of the family legacy?

The Healer's Betrayal Morgana Innocenti was born on the cusp of the 1600s. Deaf after a childhood illness and able to see shadows where no shadow could be, she has learned strength and determination. But a three-hundred-year-old vow of revenge and a terrible secret revealed on her grandmother's deathbed throw her life into turmoil, and she must marry a man she hardly knows. Then rumours arrive from England of witch hunters who leave a trail of death and devastation. When her daughter is born with the mark of the devil, Morgana lives in fear that they will come to Italy. She once had to marry to save her family's name. What will she sacrifice to save her daughter?
