The Hidden God Cleanth Brooks, 1963-01-01 The clarity of style for which Mr Brooks has long been noted is displayed to advantage in this newest book of his criticism Originally delivered as lectures at a faculty conference of people interested in theology the critical studies have special importance for all readers who would like a fresh perspective on five distinguished literary figures whose Christian commitment has been regarded as nonexistent or nebulous Mr Brooks believes that whatever a writer has to say about mankind Christianity or culture in general is most significantly explained through his achievements as an artist and for that reason the critic here deals with the characteristic literary work of each author rather than with his theology or philosophy

Robert Penn Warren: Mark Royden Winchell, 2023-12-15 At least since the dawn of the Romantic era it has been assumed that the poet lives a lonely life isolated in his garret Nevertheless writers are not always hermits and misanthropes As human beings they crave the company of other human beings as artists they need the stimulation of other artists This book brings to light Warren's most important literary associations during his long and active life

**Timelines of American Literature** Cody Marrs,Christopher Hager,2019-01-29 A collection of engaging essays that seeks to uniquely

reperiodize American literature It is all but inevitable for literary history to be divided into periods Early American antebellum modern post 1945 such designations organize our knowledge of the past and shape the ways we discuss that past today These periods tend to align with the watershed moments in American history even as the field has shifted its perspective away from the nation state It is high time we rethink these defining periods of American literary history as the drawing of literary timelines is a necessary even illuminating practice In these short spirited and imaginative essays 23 leading Americanists gamely fashion new unorthodox literary periods from 600 B C E to the present from the Age of Van Buren to the Age of Microeconomics They bring to light literary and cultural histories that have been obscured by traditional timelines and raise provocative questions What is our definition of modernism if we imagine it stretching from 1865 to 1965 instead of 1890 to 1945 How does the captivity narrative change when we consider it as a contemporary not just a colonial genre What does the course of American literature look like set against the backdrop of federal denials of Native sovereignty or housing policies that exacerbated segregation Filled with challenges to scholars inspirations for teachers anchored by an appendix of syllabi and entry points for students Timelines of American Literature gathers some of the most exciting new work in the field to showcase the revelatory potential of fresh thinking about how we organize the literary past

**The Metamorphosis of Nick Adams** Gentry Thomason, 2025-07-14 Nick Adams was Ernest Hemingway's first major literary protagonist In some twenty stories and two vignettes Hemingway created a character that was in many respects a product of his own youth In their published order those stories tell the story of Nick Adams as he develops in a world very like to real one The character's metamorphosis is a series of encounters with the harsh and pleasurable realities of life Nick Adams grows and moves in a realistic world where events take place in fortuitous if not gratuitous fashion Together his experiences suggest a figure of man in the modern age Hemingway's mode of writing with his character was characterological Nick's development traces from the feeling reacting subject he is in the early stories to the perceiver and doer he is in the later stories While Hemingway doesn't create a continuous chronology age wise for his character he frequently shifted the narrative point of view to Nick thereby implying his continued characterological growth The senses of renewal and acquisition of a complex consciousness in Nick disclose Hemingway's energetic mode of writing Hemingway wrote the Nick Adams stories over a ten year period His fashioning of Nick Adams follows a concave emotive curve The world and the experiences of Nick Adams are coordinates of Hemingway's realism which engages a network of motifs images and symbols The themes of loss and death are juxtaposed in the later stories with elements of irony satire and comedy Hemingway's use of image and technique reveal a complex vision of man and world that is intricately woven throughout the stories The overarching ethos of the Nick Adams stories is one of dying and rebirth
