THE INVENTION OF PEACE

The Invention Of Peace Reflections On War And International Order

John Mueller

The Invention Of Peace Reflections On War And International Order:

The Invention of Peace Michael Howard, 2000-01-01 In this book a preeminent military historian considers why this is so

BOOK JACKET **The Invention of Peace and the Reinvention of War** Michael Howard, 2002 A classic work updated and expanded with important new material to take account of the world's most recent wars

The Waning of Major War Raimo Vayrynen, 2013-10-31 This book is a systematic effort by leading international scholars to map the trends in major power warfare and explore whether it is waxing or waning The main point of departure is that major power war as a historical institution is in decline This does not mean though that wars between states are in general disappearing While there is some convergence in the conclusions by individual authors they are by no means unanimous about the trend The articles explore different causes and correlates of the declining trend in major power warfare including the impact of the international structure nuclear weapons international law multilateral institutions sovereignty and value changes

The Remnants of War John Mueller, 2013-02-15 War is merely an idea an institution like dueling or slavery that has been grafted onto human existence It is not a trick of fate a thunderbolt from hell a natural calamity or a desperate plot contrivance dreamed up by some sadistic puppeteer on high And it seems to me that the institution is in pronounced decline abandoned as attitudes toward it have changed roughly following the pattern by which the ancient and formidable institution of slavery became discredited and then mostly obsolete from the Introduction War is one of the great themes of human history and now John Mueller believes it is clearly declining Developed nations have generally abandoned it as a way for conducting their relations with other countries and most current warfare though not all is opportunistic predation waged by packs often remarkably small ones of criminals and bullies Thus argues Mueller war has been substantially reduced to its remnants or dregs and thugs are the residual combatants Mueller is sensitive to the policy implications of this view When developed states commit disciplined troops to peacekeeping the result is usually a rapid cessation of murderous disorder The Remnants of War thus reinvigorates our sense of the moral responsibility bound up in peacekeeping In Mueller's view capable domestic policing and military forces can also be effective in reestablishing civic order and the building of competent governments is key to eliminating most of what remains of warfare

The Art of Peace Juliana Geran Pilon, 2017-07-05 Sun Tzu author of *The Art of War* believed that the acme of leadership consists in figuring out how to subdue the enemy with the least amount of fighting a fact that America's Founders also understood and practiced with astonishing success For it to work however a people must possess both the ability and the willingness to use all available instruments of power in peace as much as in war US foreign policy has increasingly neglected the instruments of civilian power and become overly dependent on lethal solutions to conflict The steep rise in unconventional conflict has increased the need for diplomatic and other non hard power tools of statecraft The United States can no longer afford to sit on the proverbial three legged national security stool military diplomacy development where one leg is a lot longer than either of the other two almost forgetting altogether the fourth leg

information especially strategic communication and public diplomacy The United States isn't so much becoming militarized as DE civilianized According to Sun Tzu self knowledge is as important as knowledge of one's enemy if you know neither yourself nor the enemy you will succumb in every battle Alarmingly the United States is deficient on both counts And though we can stand to lose a few battles the stakes of losing the war itself in this age of nuclear proliferation are too high to contemplate *Peace in the Ancient World* Kurt A. Raaflaub,2016-03-16 *Peace in the Ancient World* Concepts and Theories conducts a comparative investigation of why certain ancient societies produced explicit concepts and theories of peace and others did not Explores the idea that concepts of peace in antiquity occurred only in periods that experienced exceptional rates of warfare Utilizes case studies of civilizations in China India Egypt and Greece Complements the 2007 volume *War and Peace in the Ancient World* drawing on ideas from that work and providing a more comprehensive examination

Contemporary Security Analysis and Copenhagen Peace Research Stefano Guzzini,Dietrich Jung,2003-12-25 This book examines the development of peace research and explores its present challenges focusing on the contribution made by the Copenhagen Peace Research Institute The authors investigate how peace research relates to security studies and international relations providing a comprehensive study of conceptual innovations and a discussion of security **Hegemonic Peace and Empire** Ali Parchami,2009-03-04 This book examines the language and the ideology of the Pax Romana the Pax Britannica and the Pax Americana within the broader contexts of hegemony and empire It addresses three main themes a conceptual examination of the way in which hegemony has been justified a linguistic study of how the notion of pax usually translated as peace has been used in ancient and modern times and a study of the international orders created by Rome and Britain Using an historiographical approach the book draws upon texts from Greco Roman antiquity and sources from the nineteenth twentieth and twenty first centuries to show how the pax ideology has served as a justification for hegemonic foreign policy and as an intellectual exercise in power projection From Tacitus condemnation of what he described as creating a wilderness and calling it peace to debates about the establishment of a Pax Americana in post Saddam Hussein's Iraq the book shows not only how the governing elite in each of the three hegemonic orders prescribed to a loose interpretation of the pax ideology but also how their internal disagreements and different conceptualisations of pax have affected the process of empire building This book will be of interest to students of international history empire and International Relations in general **A Diasporan Mormon's Life** Robert S. Jordan,2009-02-05 Offering a glimpse into the lives of upwardly mobile Mormon professionals this series of personal essays by author Dr Robert S Jordan describes his odyssey as a third generation Mormon of polygamous descent whose family ascended from rural pioneer poverty to upper middle class social and economic success *A Diasporan Mormon's Life* chronicles the life of Jordan a child of the Mormon Diasporans who left the social and cultural isolation of Utah for a more secular modern America This memoir describes his struggle to find his personal identity from the tensions created between his religious heritage and his secular upbringing

Jordan's life is remarkably varied. He studied at East Coast and California high schools, state universities such as UCLA and the University of Utah, and institutions such as Princeton and Oxford. He witnessed World War II, the Korean War, the Cold War, Vietnam, and survived Hurricane Katrina. He lived in large urban centers and locations on the global periphery. He engaged in academic research and teaching, university administration, and government service. A searching, informative, and entertaining memoir enhanced with numerous photos, this memoir distills and clarifies the experiences of his generation and contributes to the history and sociology of twentieth-century Mormonism.

France, Britain and the United States in the Twentieth Century 1900 – 1940 A. Williams, 2014-07-15 Why is France so often relegated to the background in studies of international relations? This book seeks to redress this balance, exploring the relationship between the United States, United Kingdom, and France, and its wider impact on the theory and practice of international relations.

Political Conflict and Arms Control Nasir Mehmood, 2023-01-24 This book offers a comprehensive analysis of the evolution and development of arms control processes as an integral part of the Pakistan-India grand dialogue, which took place from 1988 to 2008, and it examines the larger political context and its impact on arms control processes. Nasir Mehmood prioritizes four types of political conflicts: Jammu and Kashmir, hostile domestic politics, dissimilar military doctrines, and China as a third party. Mehmood determines their connection and function in restricting arms control during three major rounds of broader security dialogue between Pakistan and India: 1988-1994, 1997-1999, and 2004-2008. Through these major rounds of dialogue, there are patterns of interaction within and across three sub-cases. This volume, which offers a systematic survey of bilateral arms control processes within the local settings and includes critical theoretical and policy insights, shall be of interest to students and scholars interested in security studies and international relations theory, with a focus on the strategic horizon of South Asia.

Theory of Strategy Colin S. Gray, 2018 This book provides a short and accessible introduction to the theory of strategy, examines the general theory of strategy in accordance with 23 key Principles, and explains its nature, functions, and intended consequences. Theory of Strategy makes the radical argument that the familiar structure of strategy's general theory—political ends, strategic ways, military means, and assumptions—holds as sound for security at all times and in all places of human necessity. Strategy is ever-varying in its character but not in its nature, which is unchanging.

Give Peace a Chance David A. Hamburg, Eric Hamburg, 2015-11-17 In *Give Peace a Chance*, the distinguished Dr. Hamburg teams up with his filmmaker son to tell the story of selected significant peace achievements over the past 25 years. Including lessons from personal experience, pithy quotes from interviews with international dignitaries, and the insights of a documentary sensibility, this book reflects upon striking moments in peace history and inflects them with the perspective of preventive medicine. From Jane Goodall's rainforest research station to a hostage taking in Eastern Africa, to the Reagan-Gorbachev post-summit epiphany in Reykjavik, the Hamburgs take us there. They then distill the wisdom of these and many other encounters into an essential six pillars of prevention: education, early action, democracy building, socioeconomic development, human rights, and

arms control These six pillars are essential not only to reflections upon the past but to future prospects emerging from recent challenges to peace the Arab Spring the violent repression in Syria and the brewing faceoff with Iran Features of this engaging text Combines personal experience including involvement in a hostage rescue mission with ongoing research in a variety of areas over 50 years Includes feature quotes and vignettes from international figures including Kofi Annan Sam Nunn and Hillary Clinton among many others Builds upon six key pillars of prevention education early warning democracy development human rights and arms control Concludes with prescriptions for peace action in four key areas the US and Western democracies the UN the EU and NATO Offers carefully selected Recommended Readings for every chapter See Stanford University's website for twenty nine videotaped interviews with world leaders in the prevention of mass violence at <http://lib.stanford.edu/preventing/genocide/list/interviews>

Contemporary Conflict Resolution Oliver Ramsbotham, Hugh Miall, Tom Woodhouse, 2011-04-11 Offering an assessment of the theory and practice of conflict resolution in post Cold War conflicts this book addresses a number of questions It explores the nature of contemporary conflict and the development of conflict resolution

The Fabric of Peace in Africa Pamela Aall, Chester A. Crocker, 2017-06-05 Africa has experienced dozens of conflicts over a variety of issues during the past two decades Responding to these conflicts requires concerted action to manage the crises the violence the political discord and the humanitarian consequences of prolonged fighting It is also necessary to address the long term social and economic impacts of conflict to rebuild communities societies and states that have been torn apart To accomplish this requires the involvement of institutions and groups rarely considered in formal official African conflict management activities schools universities religious institutions media commercial enterprises legal institutions civil society groups youth women and migrants These groups and organizations have an important role to play in building a sense of identity fairness shared norms and cohesion between state and society all critical components of the fabric of peace and security in Africa This volume brings together leading experts from Africa Europe and North America to examine these critical social institutions and groups and consider how they can either improve or impede peaceful conflict resolution The overarching questions that are explored by the authors are What constitutes social cohesion and resilience in the face of conflict What are the threats to cohesion and resilience And how can the positive elements be fostered and by whom The second of two volumes on African conflict management capacity by the editors The Fabric of Peace in Africa Looking beyond the State opens new doors of understanding for students scholars and practitioners focused on strengthening peace in Africa the first volume *Minding the Gap African Conflict Management in a Time of change* focused on the role of mediation and peacekeeping in managing violence and political crises

The Poesis of Peace Klaus-Gerd Giesen, Carool Kersten, Lenart Škof, 2017-03-27 Exploring the relations between the concepts of peace and violence with aesthetics nature the body and environmental issues The Poesis of Peace applies a multidisciplinary approach to case studies in both Western and non Western contexts including Islam Chinese philosophy Buddhist and Hindu traditions Established

and renowned theologians and philosophers such as Kevin Hart Eduardo Mendieta and Clemens Sedmak as well as upcoming and talented young academics look at peace and non violence through the lens of recent scholarly advances on the subject achieved in the fields of theology philosophy political theory and environmentalism *Understanding War* Christian P. Potholm,2016-08-03 The third book in Professor Christian Potholm s war trilogy which includes *Winning at War* and *War Wisdom* *Understanding War* provides a most workable bibliography dealing with the vast literature on war and warfare As such it provides insights into over 3000 works on this overwhelmingly extensive material *Understanding War* is thus the most comprehensive annotated bibliography available today Moreover by dividing war material into eighteen overarching themes of analysis and fifty seminal topics and focusing on these *Understanding War* enables the reader to access and understand the broadest possible array of materials across both time and space beginning with the earliest forms of warfare and concluding with the contemporary situation Stimulating and thought provoking this volume is essential for an understanding of the breadth and depth of the vast scholarship dealing with war and warfare through human history and across cultures

Defending the realm? Aaron Edwards,2018-02-28 Britain is often revered for its extensive experience of waging small wars Its long imperial history is littered with high profile counter insurgency campaigns thus marking it out as the world s most seasoned practitioner of this type of warfare This is the first book to detail the tactical and operational dynamics of Britain s small wars arguing that the military s use of force was more heavily constrained by wider strategic and political considerations than previously admitted Outlining the civil military strategy followed by the British in Palestine Malaya Kenya Cyprus Aden Northern Ireland Iraq and Afghanistan *Defending the realm* argues that Britain s small wars since 1945 were fought against the backdrop of an irrevocable decline in British power Written from a theoretically informed perspective grounded in rich archival sources oral testimonies and a revisionist reading of the literature on counter insurgency and counter terrorism this is the definitive account of the politics of Britain s small wars *Saving Soldiers or Civilians?* Sebastian Kaempf,2018-05-03 Concerns for the lives of soldiers and innocent civilians have come to underpin Western and particularly American warfare Yet this new mode of conflict faces a dilemma these two norms have opened new areas of vulnerability that have been systematically exploited by non state adversaries This strategic behaviour creates a trade off forcing decision makers to have to choose between saving soldiers and civilians in target states Sebastian Kaempf examines the origin and nature of this dilemma and in a detailed analysis of the US conflicts in Somalia Afghanistan and Iraq investigates the ways the US has responded assessing the legal moral and strategic consequences Scholars and students of military and strategic studies international relations and peace and conflict studies will be interested to read Kaempf s analysis of whether the US or its adversaries have succeeded in responding to this central dilemma of contemporary warfare

Understanding Peace Michael Allen Fox,2013-11-12 *Understanding Peace* A Comprehensive Introduction fills the need for an original contemporary examination of peace that is challenging informative and empowering This well researched fully

documented and highly accessible textbook moves beyond fixation on war to highlight the human capacity for nonviolent cooperation in everyday life and in conflict situations After deconstructing numerous ideas about war and explaining its heavy costs to humans animals and the environment discussion turns to evidence for the existence of peaceful societies Further topics include the role of nonviolence in history the nature of violence and aggression and the theory and practice of nonviolence The book offers two new moral arguments against war and concludes by defining peace carefully from different angles and then describing conditions for creating a culture of peace Understanding Peace brings a fresh philosophical perspective to discussions of peace and also addresses down to earth issues about effecting constructive change in a complex world The particular strength of Understanding Peace lies in its commitment to reflecting on and integrating material from many fields of knowledge This approach will appeal to a diverse audience of students and scholars in peace studies philosophy and the social sciences as well as to general interest readers

The Invention Of Peace Reflections On War And International Order Introduction

In today's digital age, the availability of The Invention Of Peace Reflections On War And International Order books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Invention Of Peace Reflections On War And International Order books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Invention Of Peace Reflections On War And International Order books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Invention Of Peace Reflections On War And International Order versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Invention Of Peace Reflections On War And International Order books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Invention Of Peace Reflections On War And International Order books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Invention Of Peace Reflections On War And International Order books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free

access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Invention Of Peace Reflections On War And International Order books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Invention Of Peace Reflections On War And International Order books and manuals for download and embark on your journey of knowledge?

FAQs About The Invention Of Peace Reflections On War And International Order Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Invention Of Peace Reflections On War And International Order is one of the best book in our library for free trial. We provide copy of The Invention Of Peace Reflections On War And International Order in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Invention Of Peace Reflections On War And International Order. Where to download The Invention Of Peace Reflections On War And International Order online for free? Are you looking for The Invention Of Peace Reflections On War And International Order PDF? This is definitely going to save you time and cash in something you should think about.
