**Fighting the Invisible Enemy** Terrence Webster-Doyle,2022-06-10 As a child I thought war was just a game As I grew up I found out that war is very real and its effects devastating I was taught conditioned to believe that war is necessary and grew up believing this Now that I m an adult I m interested in understanding what causes war and what each of us can do to end it This book is intended to help you understand conditioning because I think that what we call conditioning is the main cause of conflict inside us as tension fear hate and anger and outside as war If we can become aware of how we are conditioned in our day to day life then we can understand how such conditioning can lead to world conflict Conditioning and what causes it is the invisible enemy because it is often unseen hidden The usual approach to dealing with this enemy is to fight it which just makes the situation worse However if you can understand conditioning you can be free of it
