Migration and Vodou Karen E. Richman, 2018-10-02 This book and accompanying compact disc provide a rare excursion in the innovative ways a community of Haitian migrants to South Florida has maintained religious traditions and familial connections. It demonstrates how religion, ritual, and aesthetic practices affect lives on both sides of the Caribbean and it debunks myths of exotic and primitive vodou often spelled voodoo which have long been used against Haitians. As Karen Richman shows, Haitians at home and in migrant settlements make ingenious use of audio and video tapes to extend the boundaries of their ritual spaces and to reinforce their moral and spiritual anchors to one another. The book and CD were produced in collaboration to give the reader intimate access to this new expressive media. Sacred songs are recorded on tapes and circulated among the communities. Migrants are able to hear not only the performance sounds drumming, singing, and chatter but also a description as narrators tell of offerings, sacrifices, prayers, and the exchange of possessions. Spirits who inhabit the bodies of ritual actors are aware of the recording devices and personally address the absent migrants, sometimes warning them of their financial obligations to family members in Haiti. The migrants' dependence on their home village is dramatically reinforced while their economic independence is restricted. Using standard ethnographic methods, Richman's work illuminates the connections among social organization, power, production, ritual, and aesthetics. With its transnational perspective, it shows how labor migration has become one of Haiti's chief economic exports. A volume in the series *New World Diasporas* edited by Kevin A. Yelvington.

Shamans Through Time Jeremy Narby, 2004-09-09 A survey of five centuries of writings on the world's great shamans, the tricksters, sorcerers, conjurers, and healers who have fascinated observers for centuries. This collection of essays traces Western civilization's struggle to interpret and understand the ancient knowledge of cultures that revere magic men and women, individuals with the power to summon spirits. As written by priests, explorers, adventurers, natural historians, and anthropologists, the pieces express the wonder of strangers in new worlds. Who were these extraordinary magic makers who imitated the sounds of animals, in the night or drank tobacco juice through funnels or wore collars filled with stinging ants? *Shamans Through Time* is a rare chronicle of changing attitudes toward that which is strange and unfamiliar. With essays by such acclaimed thinkers as Claude Lévi-Strauss, Black Elk, Carlos Castaneda, and Frank Boas, it provides an awesome glimpse into the incredible shamanic practices of cultures around the world.
