the Making of American Sport, 1835-1920 Patrick R. Redmond,2014-02-10 Jerrold Casway coined the phrase The

and expand that the period from the mid 1830s well into the first decade of the 20th century and assign the term to American
sports in general This book covers the Irish sportsman from the arrival of James Deaf Burke in 1836 through to Jack B Kelly s
rejection by Henley regatta and his subsequent gold medal at the 1920 Olympics It avoids recounting the various victories
and defeats of the Irish sportsman seeking instead to deal with the complex interaction that he had with alcohol gambling
and Sunday leisure pleasures that were banned in most of America at some time or other between 1836 and 1920 This book
also covers the Irish sportsman s close relations with politicians his role in labor relations his violent lifestyle and by contrast
his participation in bringing respectability to sport It also deals with native Irish sports in America the part played by the

tradition within the British Army distinctive from a British amateur military tradition Irish men and women of both religions
and political persuasions made a significant contribution to these forces and in so doing played an important role within the
British Empire whilst also providing a crucial link between the army and Irish society Utilising new source material this book
demonstrates the complex nature of Irish involvement with British institutions and its Empire It argues that within this

as a means of social mobility for political patronage and crucially to demonstrate loyalty to Britain and its Empire The
