the meaningful social places that can be forged out of the struggle of social forces including workers lumpenproletarians women and indigenous peoples In the midst of the contemporary spatial crisis this study of Ireland is a form of mapping creating an atlas by which we might plot our past and present and orient ourselves to the future **National Union Catalog, 1982** ,1983 *National Union Catalog* ,1982 Includes entries for maps and atlases **Catalog of Copyright Entries.
