The Century Dictionary and Cyclopaedia: The Century dictionary ... prepared under the superintendence of William Dwight Whitney William Dwight Whitney, Benjamin Eli Smith, 1899 *Historic Nantucket* , 1999 **Pursuing the Leviathan** Paul Magid, 2025-06-17 Set in the golden age of whaling in the nineteenth century this book brings to life the adventures of Benjamin Clough best known for single handedly rescuing the ship Sharon from mutineers in 1842 Clough's heroism earned him a whaling command which led to a whaling career that for a quarter century took him into the Atlantic Pacific and Arctic Oceans The extraordinary event that merited Clough his promotion to a captaincy occurred when he was just twenty three years old At sea since the age of sixteen by 1842 Clough's impressive skills and seamanship had earned him an appointment as third mate aboard the whaling ship Sharon While most of the crew including Clough were in smaller boats pursuing whales three Pacific Island crewmembers enraged by their captain's wanton cruelty mutinied and subsequently murdered him and seized the ship Raising its sails they prepared to abandon the other men to die a terrifying death on the open sea The crew cowed by the mutineers' ferocity was at a loss as to what to do when Clough stepped up and volunteered to retake the vessel Alone he swam in the pitch black of night through shark infested waters boarded the Sharon overcame two of the Islanders in hand to hand combat and recaptured the ship The Sharon's owners rewarded his heroism by giving him command on its next voyage launching him on the second phase of his whaling career as a successful much admired whaling captain Drawing on whaling logs journals and family documents author Paul Magid follows Clough from his first voyage in 1835 to his retirement from whaling in 1867 Clough's story is set in the context of the book's gritty portrayal of the dangerous and brutal conditions endured by whalers during this period At the same time Clough's time ashore on Martha's Vineyard allows the author to explore a little known period in the island's history and the protagonist's role in transforming the Vineyard into a coveted destination for mainland vacationers **The Century Dictionary and Cyclopaedia: The Century dictionary ... prepared under the superintendence of William Dwight Whitney ... rev. & enl. under the superintendence of Benjamin E. Smith** , 1911 The Colonial Mortuary Bard; Reo, The Fisherman and The Black Bream of Australia Louis Becke, 2008-01-01 *Yorke the Adventurer, and Other Stories* Louis Becke, 1901 A collection of Australian short stories by Louis Becke The Selected Works of Louis Becke Louis Becke, In that delightful and exciting book written by Captain Joshua Slocum and entitled *Sailing Alone Round the World* there is a part wherein the adventurous American seaman relates how he protected himself from night attacks by the savages by a simple but efficient precaution It was his

custom when he anchored for the night off the snow clad and inhospitable shores of Tierra del Fuego to profusely sprinkle his cutter's deck with sharp tacks and then calmly turn in and sleep the sleep of the just for even the horny soles of the Fuegian foot is susceptible to the business end of a tack and as I read Slocum's story I smiled and thought of dear old Yorke and the Francesco I first met Yorke early in the seventies Our vessel had run in under the lee of the South Cape of New Britain to wood and water and effect some repairs for in working northward through the Solomon Group on a special mission to a certain island off the coast of New Guinea we had met with heavy weather and had lost our foretopmast In those days there was not a single white man living on the whole of the south coast of New Britain from St George's Channel on the east to Dampier's Straits on the west a stretch of more than three hundred miles and little was known of the natives beyond the fact of their being treacherous cannibals In Blanche Bay only on the northern shore was there a settlement of a few adventurous English traders the employees of a rich German company and these were only acquainted with the natives in their own vicinity Even the masters of trading vessels avoided the south coast of the great island not only on account of the dangerous character of its inhabitants but also because there was not they thought anything to tempt them to risk their and their crews lives for the shore nearly everywhere presented a line of dense unbroken forest with but scanty groves of coco palms at long intervals and even had there been many such groves no communication could be had with the people In the wild days of the seventies the practice of cutting up and drying the coconut into what is known as copra had scarcely made any headway in those parts of New Britain New Ireland and the Solomon and New Hebrides Groups which were visited by trading vessels the nuts were turned into oil by a crude and wasteful process known as rotting The captain of our little vessel was one of the oldest and most experienced trading skippers in the Western Pacific grim resolute and daring but yet cautious of his men's lives if not of his own so when he decided to anchor under the lee of the South Cape he chose a part of the coast which seemed to be but scantily inhabited The dense forest which came down to the water's edge concealed from view any village that might have been near us but the presence of smoke arising from various spots denoted that there were some natives living in the vicinity though we could not see any canoes We brought to about half a mile from the shore Two boats were at once lowered manned and armed and under the captain's guidance set out to search for water which we knew we should have but little difficulty in finding even on the south coast of New Britain which is not nearly so well watered as the northern shore of the island In the captain's boat were six men besides himself I was in charge of the covering boat manned by six native seamen and carrying three water casks all we could stow Pulling in together close to the shore the captain then went ahead my boat following at the regulation distance of fifty yards only four hands rowing in each leaving four men to keep a look out for natives

Yorke the Adventurer and Other Stories Louis Becke, 2008-03-01 Included in this volume are Yorke the Adventurer The Colonial Mortuary Bard The Black Bream of Australia The River of Dreams and many more *The Grey Undercurrent* Felix Schürmann, 2023-04-03 By extending their voyages to all oceans from the 1760s onward whaling vessels

from North America and Europe spanned a novel net of hunting grounds maritime routes supply posts and transport chains across the globe For obtaining provisions cutting firewood recruiting additional men and transshipping whale products these highly mobile hunters regularly frequented coastal places and islands along their routes which were largely determined by the migratory movements of their prey American style pelagic whaling thus constituted a significant though often overlooked factor in connecting people and places between distant world regions during the long nineteenth century Focusing on Africa this book investigates side effects resulting from stopovers by whalers for littoral societies on the economic social political and cultural level For this purpose it draws on eight local case studies four from Africa s west coast and four from its east coast In the overall picture the book shows a broad range of effects and side effects of different forms and strengths which it figures as a grey undercurrent of global history

The Light Before Day (Nantucket Legacy Book #3) Suzanne Woods Fisher, 2018-10-02 After three years on a whaling voyage Henry Macy returns to Nantucket to news that his grandmother has passed bequeathing her vast fortune to him and his sister Hitty And it was truly vast But Lillian Coffin was no fool The inheritance comes with a steep cost including when they should marry and whom a Quaker in good standing of course But if they relinquish the inheritance it all goes to Tristram Macy their father s thieving business partner As Hitty and Henry seek a way to satisfy the will s conditions they ll be faced with obstacles on every side and it may be that Lillian Coffin will have the last word after all Bestselling author Suzanne Woods Fisher surprises and delights with this story of hope and renewal love and redemption arriving just when most needed

Shanghaiing Sailors Mark Strecker, 2014-05-19 Shanghaiing or forcing a man to join the crew of a merchant ship against his will plagued seafarers the world over between 1849 and 1915 Perpetrators were known as crimps and they had no respect for a man s education social status race religion or seafaring experience The merchant ships were involved in the opium tea and gold trades and the practice was spurred by the opening of the Suez Canal A major reason for it was a shortage of sailors and the unwillingness of seamen to sail on certain types of ships They suffered from great deprivations all for a paltry sum usually squandered during shore leave Navies and pirates had their own form of shanghaiing called impressment This work explores the rich history of shanghaiing and impressment with a focus on victims and also considers the 19th century seafarer and the circumstances that made shanghaiing so lucrative
