The Island Three Tales:

The Island Gustaw Herling-Grudziński, 1992 *Folktales of the Jews, V. 3 (Tales from Arab Lands)* Dan Ben Amos, 2011-05-01 Thanks to these generous donors for making the publication of the books in this series possible Lloyd E Cotsen The Maurice Amado Foundation National Endowment for the Humanities and the National Foundation for Jewish Culture Tales from Arab Lands presents tales from North Africa Yemen Lebanon Syria and Iraq in the latest volume of the most important collection of Jewish folktales ever published This is the third book in the multi volume series in the tradition of Louis Ginzberg s timeless classic Legends of the Jews The tales here and the others in this series have been selected from the Israel Folktale Archives IFA named in Honor of Dov Noy at The University of Haifa a treasure house of Jewish lore that has remained largely unavailable to the entire world until now Since the creation of the State of Israel the IFA has collected more than 20 000 tales from newly arrived immigrants long lost stories shared by their families from around the world The tales come from the major ethno linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs especially rich in Jewish content and context Each of the tales is accompanied by in depth commentary that explains the tale s cultural historical and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes There is also an introduction that describes the culture and its folk narrative tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive bibliography Until the establishment of the IFA we had had only limited access to the wide range of Jewish folk narratives Even in Israel the gathering place of the most wide ranging cross section of world Jewry these folktales have remained largely unknown Many of the communities no longer exist as cohesive societies in their representative lands the Holocaust migration and changes in living styles have made the continuation of these tales impossible This series is a monument to a rich but vanishing oral tradition This series is a monument to a rich but vanishing oral tradition The Heart and the Island Chiara Mazzucchelli, 2015-08-04 In *The Heart and the Island* Chiara Mazzucchelli explores the strong bond between Sicilian American writers and the island of Sicily Self contained yet connected to the mainland geographically separated from yet politically united to the rest of Italy Sicily occupies a unique position Throughout the twentieth century the sense of a distinct siciliani or Sicilianness has manifested itself in a corpus of texts that although subsumed under the broader context of Italian literature have distinguished themselves as examples of an exquisitely Sicilian literary experience Mazzucchelli argues that a parallel phenomenon siciliani-american has emerged in the United States Focusing on the island s geography history and culture she examines how many American authors of Sicilian descent derive inspiration from their ethnic milieu and lay out a recognizable set of Sicilian culture markers in their works thereby producing a literature that is distinctly Sicilian American Drawing on both Italian and Italian American scholarship *The Heart and the Island* is the first full length study of Sicilian American literature and it opens a space for new interdisciplinary discussions on what it means to be

Italian on both sides of the ocean **The Island** Gustaw Herling-Grudzinski, 1990 *Occult tales interwoven around the Island of Destiny* William Quan Judge, 2023-05-15 **Early Modern Medievalisms** , 2010-09-24 Modernity has historically defined itself by relation to classical antiquity on the one hand and the medieval on the other While early modernity's relation to Antiquity has been amply documented its relation to the medieval has been less studied This volume seeks to address this omission by presenting some preliminary explorations of this field In seventeen essays ranging from the Italian Renaissance to Enlightenment France it focuses on three main themes continuities and discontinuities between the medieval and early modern early modern re uses of medieval matter and conceptualizations of the medieval Collectively the essays illustrate how early modern medievalisms differ in important respects from post Romantic views of the medieval ultimately calling for a re definition of the concept of medievalism itself Contributors include Mette Bruun Peter Damian Grint Anne Marie De Gendt Daphne Hoogenboezem Tiphaine Karsenti Joost Keizer Waldemar Kowalski Elena Lombardi Coen Maas Pieter Mannaerts Christoph Pieper Jacomien Prins Adam Shear Paul Smith Martin Spies Andrea Worm and Aur lie Zygel Basso **Marvelous Transformations** Christine A. Jones, Jennifer Schacker, 2012-10-19 *Marvelous Transformations* is an anthology of tales and original critical essays that moves beyond canonized classics and old paradigms documenting the points of historical connection between literary tales and field based collections This innovative anthology reflects current interdisciplinary scholarship on oral traditions and the cultural history of the print fairy tale In addition to the tales original critical essays newly written for this volume introduce readers to differing perspectives on key ideas in the field Ceylon; an account of the island physical, historical and topographical James Emerson Tennent, 1859 **The Gentleman in the Garden** Russell T. Newman, 2003-01-01 *The Gentleman in the Garden* The Influential Landscape of James Fenimore Cooper examines the profound and previously unrecognized relationship between landscape and social standing in the work of James Fenimore Cooper Russell T Newman looks at the use of landscape in a wide array of Cooper's novels to illustrate the great author's distinctive outlook on what it meant to be a gentleman in the early days of America Both a broad overview of Cooper's work and an in depth examination of its views on society *The Gentleman in the Garden* is more than a glimpse into the pioneer aesthetic of one of America's earliest authors it demonstrates how Cooper re defined the concept of the gentleman to suit American life Only in the land of democracy opportunity and rolling countryside can a true Cooper gentleman emerge

"When Gods Were Men" Esther J. Hamori, 2008-08-27 In the texts of Genesis 18 and 32 God appears to a patriarch in person and is referred to by the narrator as a man both times by the Hebrew word *sh* In both texts God as *sh* is described in graphically human terms This type of divine appearance is identified here as the *sh* theophany The phenomenon of God appearing in concrete human form is first distinguished from several other types of anthropomorphism such as divine appearance in dreams The *sh* theophany is viewed in relation to appearances of angels and other divine beings in the Bible and in relation to anthropomorphic appearances of deities in Near Eastern literature The *sh* theophany has implications for

our understanding of Israelite concepts of divine human contact and communication and for the relationship to Ugaritic literature in particular The book also includes discussion of philosophical approaches to anthropomorphism The development of philosophical opposition to anthropomorphism can be traced from Greek philosophy and early Jewish and Christian writings through Avicenna Averroes Maimonides and Aquinas and into the work of later philosophers such as Hume and Kant However the work of others can be applied fruitfully to the problem of divine anthropomorphism such as Wittgenstein's language games

101 Middle Eastern Tales and Their Impact on Western Oral Tradition Ulrich Marzolph, 2020-08-18 A comprehensive exploration of the Middle Eastern roots of Western narrative tradition Against the methodological backdrop of historical and comparative folk narrative research 101 Middle Eastern Tales and Their Impact on Western Oral Tradition surveys the history dissemination and characteristics of over one hundred narratives transmitted to Western tradition from or by the Middle Eastern Muslim literatures i.e. authored written works in Arabic Persian and Ottoman Turkish For a tale to be included Ulrich Marzolph considered two criteria that the tale originates from or at least was transmitted by a Middle Eastern source and that it was recorded from a Western narrator's oral performance in the course of the nineteenth or twentieth century The rationale behind these restrictive definitions is predicated on Marzolph's main concern with the long lasting effect that some of the Oriental narratives exercised in Western popular tradition those tales that have withstood the test of time Marzolph focuses on the originally Oriental tales that became part and parcel of modern Western oral tradition Since antiquity the Orient constitutes the quintessential Other vis-à-vis the European cultures While delineation against this Other served to define and reassure the Self the Orient also constituted a constant source of fascination attraction and inspiration Through oral retellings numerous tales from Muslim tradition became an integral part of European oral and written tradition in the form of learned treatises medieval sermons late medieval fabliaux early modern chapbooks contemporary magazines and more In present times when national narcissisms often acquire the status of strongholds delineating the Us against the Other it is imperative to distinguish document visualize and discuss the extent to which the West is not only indebted to the Muslim world but also shares common features with Muslim narrative tradition 101 Middle Eastern Tales and Their Impact on Western Oral Tradition is an important contribution to this debate and a vital work for scholars students and readers of folklore and fairy tales

The Neural Imagination Irving Massey, 2009-11-15 Art and technology have been converging rapidly in the past few years an important example of this convergence is the alliance of neuroscience with aesthetics which has produced the new field of neuroaesthetics Irving Massey examines this alliance in large part to allay the fears of artists and audiences alike that brain science may explain away the arts The first part of the book shows how neuroscience can enhance our understanding of certain features of art The second part of the book illustrates a humanistic approach to the arts it is written entirely without recourse to neuroscience in order to show the differences in methodology between the two approaches The humanistic style is marked particularly by immersion in the

individual work and by evaluation rather than by detachment in the search for generalizations In the final section Massey argues that despite these differences once the reality of imagination is accepted neuroscience can be seen as the collaborator not the inquisitor of the arts
