The Italian Campaign World War II:

A Hard Way to Make a War Ian Gooderson, 2008 War The 92nd Infantry Division and the Italian Campaign in World War II Daniel K. Gibran, 2017-07-06 This work focuses on the all black 92nd Infantry Division in the Italian Campaign in World War II and the poor combat performance of the division in Italy An introduction provides an overall view of the Italian Campaign and the role of the 92nd Infantry Division The author then examines the reasons for the division's troubles on and off the battlefield such as the low morale among the soldiers because of racial segregation the limited facilities provided for them and their lack of trust in their leadership All of these issues are explored at length Information on the early life and military training and experience of General Ned Almond is provided along with the stories of Vernon Baker and John Fox who emerged as leaders but endured a long struggle for recognition The author concludes this work on a personal note by telling of his involvement as principal investigator of Acting Secretary of the Army John Shannon's study of why no African American received the Medal of Honor in World War II a situation that was rectified in the late 1990s See Elliott V Converse Daniel K Gibran et al The Exclusion of Black Soldiers from the Medal of Honor in World War II McFarland 1997 29 95 **The Italian Campaign** Robert Wallace, 1987 Discusses the campaign's battles and leading military and political personalities in Italy during World War II **The Italian Campaign** John Strawson, 1987 Om De Allieredes Italiensfelttog som startede i 1943

Sideshow War George F. Botjer, 1996 The liberation of Italy posed deeply rooted concerns from both the Axis and Allies sides Was the American and British campaign in Italy worth the enormous loss of manpower and materiel and the near destruction of Italy The Germans faced a similar dilemma Could they afford the diversion of men and war machines from the Russian front for Italy's defense Historians today still question whether it was all worthwhile In Sideshow War The Italian Campaign 1943 1945 George F Botjer not only examines the social dynamic including economic political and cultural factors that influenced the unfolding of this campaign but he also provides new unpublished documentation highlighting Axis defensive operations in Sicily and their takeover of Italy and the internment of the Italian army He includes new documentation of economic conditions in German occupied northern Italy and the extent to which Germany exploited the industries of that region Incorporating the German Allied and Italian points of view this perspective on the Italian campaign will engross and inform military historians and anyone interested in World War II and the war's effects on social economic and political life **From Texas to Rome** Fred L. Walker, 2019-09-15 Major General Fred Walker assumed command of the Texas National Guard's 36th Infantry Division in September 1941 He led it for the next 34 months through training overseas deployment and World War II's horrific Italian campaign Throughout Walker kept a daily journal in which he recorded his experiences on and off the battlefield The diary was originally published in a limited run in 1969 and has been out of print for decades Thanks to the efforts of the Texas Military Forces Museum the official museum of the Texas National Guard Walker's remarkable and very rare memoir is available once more in From Texas to Rome Fighting World War II and the Italian

Campaign with the 36th Infantry Division General Walker's wartime journal provides a refreshingly candid version of some of World War II's most important battles as well as a frank appraisal of key figures in the Allied high command and their military operations Walker's 36th Infantry Division participated in the battle to secure the Salerno beachhead and amid horrible weather conditions waged a bloody struggle up the Italian boot against determined German troops dug into mountain strongholds The battles of San Pietro and Monte Cassino the controversial attempt to cross the Rapido River and the break out from Anzio come to life as Walker relates the difficulties he faced combating not only the Germans but Lieutenant General Mark Clark and the Allied high command This unique and thoroughly gripping account puts readers at General Walker's side as he argues against the disastrous Rapido operation worries about his men fighting in Italy's bitter conditions and fights to overcome his superior's doubts to plan and execute the daring attack on Monte Artemisio which broke the Anzio stalemate and landed the Allies in Rome four days later This special 75th Anniversary of World War II reprint includes a guest Preface by award winning author Jeffrey Wm Hunt Director of the Texas Military Forces Museum From Texas to Rome is essential reading for anyone interested in the realities of the U S Army high command during World War II and the truth about what happened at Salerno the Rapido and Anzio

The Italian Campaign of World War II Charles River Charles River Editors, 2018-02-19 Includes pictures Includes accounts of the fighting by people on both sides Includes online resources and a bibliography for further reading Includes a table of contents Wars should be fought in a better country than this Major General John P Lucas The rugged island of Sicily dominated in the east by the snow crowned eminence of the active volcano Mount Etna which rises to a height of 11 000 feet lies in the ocean just off the toe of the boot of Italy This spectacular setting witnessed one of 1943's pivotal battles as the theater of Allied operations shifted from North Africa to Europe Operation Husky a mixed victory wresting control of Sicily from the Axis The action also caused Benito Mussolini's downfall his imprisonment and subsequent dramatic rescue by the scar faced Otto Skorzeny removing significant portions of Italy from the fascist camp but nevertheless failing to prevent a long Italian campaign Germany's North African defeat opened up the possibility of taking the war in the west to the European continent for the first time since France's lightning conquest by the Wehrmacht in 1940 The British and Americans debated the merits of landing in France directly in 1943 but they ultimately opted against it The Soviets railed at the Westerners as bastards of allies conveniently forgetting that they aided and abetted Hitler's violent expansionism in eastern Europe for over a year starting in 1939 but a 1943 D Day style landing in France might have proven a strategic and logistical impossibility In fact the lackluster Allied showing on Sicily and the escape of most of the island's garrison encouraged Hitler to alter his plans and defend Italy vigorously With its rugged mountain ridges deep valleys and numerous rivers Italy contained tens of thousands of natural defensive positions The Wehrmacht exploited these to the full during the ensuing campaign bogging down the Anglo American armies in an endless series of costly time consuming engagements Even the rank and file German soldiers showed a clear awareness of

the Italy's strategic significance The Tommies will have to chew their way through us inch by inch a German paratrooper wrote in an unfinished letter found on his corpse at Salerno and we will surely make hard chewing for them Hastings 2011 408 Indeed it was a tough slog and few places were tougher on the Allies than Monte Cassino which witnessed a series of Allied attacks along the German line that aimed to create a breakthrough to Rome Ultimately the attacks would force the Germans into retreat but not before they had inflicted over 50 000 casualties at a cost of about 20 000 of their own The battle is perhaps best remembered today for the destruction of a historic abbey that dated back to the 6th century and the controversial decision to bomb it is still widely debated today but regardless Monte Cassino and other operations around Anzio made it possible for the Allies to take Rome on June 4 1944 2 days later the Allies would land at Normandy The Italian Campaign of World War II The History of the Allied Operations that Knocked Fascist Italy Out of the War chronicles the crucial fighting which featured the largest amphibious invasion in history at the time Along with pictures of important people places and events you will learn about the Italian Campaign like never before World War II : The Italian Campaign Jerry Korn, 1978 *The Italian Campaign, 1943-1945* Philip Jowett, 2024-10-01 The Second World War Italian campaign is often less well remembered than the struggle of the Germans against the western Allies in north west Europe and against the Soviet Union in the east But as this book demonstrates in over 300 photographs the Italian peninsula was a major theater of the war in itself More than a million Allied troops fought there more than half a million Germans and Italians there were over 600 00 casualties and well over 100 000 dead The soldiers of many nations took part Americans Australians Brazilians British Canadians French Germans Greeks Indians Italians Poles South Africans in a grueling and protracted sequence of battles across rocky mountainous terrain that made a mockery of Churchill's description of it as the soft underbelly of occupied Europe Every stage of the campaign is represented in the photographs from the Allied landings in Sicily in 1943 through the tenacious defense by the Germans of a series of fortified lines as the Allies struggled north to the final Allied advance across the Po in April 1945 and the German surrender As well as showing the soldiers on all sides and the towns and Italian landscapes in which the fighting took place the photographs record the appalling devastation the warfare left in its wake

The Secret War in Italy Will Fowler, 2010 The war in Italy was characterized by a host of Special Forces actions The fact that the Italians had formed two governments one backing the Allies and one a puppet German government meant that the secret war was vital to the Allies conventional forces and partisans the SAS SOE the US OSS precursor to the CIA all played important roles On the night of 20-21 April 1945 the last operational jump of World War 2 took place AE Operation Herring Operation Herring lasted over 72 hours instead of the 36 initially foreseen but it turned out to be a success The action did presage the end of the Italian campaign and the war in Italy but until now little has been written about this and other secret operations on the Italian front It will be an essential reference for students of World War 2 *The Italian War on the Eastern Front, 1941-1943* Bastian Matteo Scianna, 2019-09-09 The Italian Army's participation in Hitler's war against the

Soviet Union has remained unrecognized and understudied Bastian Matteo Scianna offers a wide ranging in depth corrective Mining Italian German and Russian sources he examines the history of the Italian campaign in the East between 1941 and 1943 as well as how the campaign was remembered and memorialized in the domestic and international arena during the Cold War Linking operational military history with memory studies this book revises our understanding of the Italian Army in the Second World War **The Italian Campaign: One Soldier's Story of a Forgotten War** Albert DeFazio, Valerie DeFazio Vacula, 2019-09-17 Merriam Press World War II Memoir As school children most Americans learned about World War II and the attack on Pearl Harbor the D Day invasion of Normandy the raising of the flag on Iwo Jima But few people know much about the Italian Campaign during that war Of all the western fronts in World War II the Italian campaign cost the most lives One of its survivors Albert DeFazio didn't like to talk about his experiences as an American soldier in World War II but he was also concerned that so little was known about the suffering and death in Italy It took Albert decades to be able to describe his experiences in World War II memories that still haunt him Now after seventy years Albert DeFazio has told his story of the war he cannot forget This new expanded edition brings Albert's story to life with new material and images of Scenes from a Forgotten War 72 photographs and illustrations 1 map **World War II**, 1978 **Italian Front** Michael E.
