Donn F. Draeger ,2016-07-24 Donn Draeger was the most influential martial artist scholar of the 20th century His more than twenty books and long list of accomplishments support this argument For this reason we are publishing this anthology of articles that focus on this outstanding person Although short in length this book is rich in content covering the inspiring life and contributions of a leading pioneer in the Asian martial traditions The author of the first chapter Robert W Smith was a close confidant of Draeger during his career With Draeger Smith co authored the classic Asian Fighting Arts later renamed as Comprehensive Asian Fighting Arts Smith was in a unique position to provide details about Draeger s character academic and martial skills Donn Draeger wrote two letters to Smith dated September 2 1969 and June 29 1981 that gave insight into Miyamoto Musashi Smith was writing a book review and asked Draeger for his opinion on the historical swordsman With the help of Joseph Svinth Smith merged and edited these letters This contains Draeger s response in his typically ebullient tone of correspondence with Smith Donn Draeger can easily be considered as the father of Asian martial arts research in the West since he conducted pioneering research in the field and was one of the highest ranking black belts in a number of Japanese combative arts As a scholar he became involved in a Japanese research society for martial arts and built upon it Author Hugh Davey writes on the founding and influence of the International Hopology Society Draeger founded Draeger shaped the lives of several generations of martial artists It was unknown to most that he had died in a Wisconsin hospital following medical treatments for natural sicknesses and perhaps for poisoning In the last chapter Dr Friman tells of his discovery of Donn Draeger s gravesite Finding his grave in 1998 brought proper respects from friends including Kaminoda Tsunemori master of jo and sword Scholars of combative traditions and martial arts practioners especially those participating in the Japanese arts will benefit greatly by reading this short anthology Draeger s life is inspiring to both the scholar and practitioner

have sought to emulate not only Japan's economic success but several key facets of Japanese society as well. No other country surpasses Singapore in its public admiration of Japan. These and other questions are addressed in this work, which will be of interest to scholars of the international relations and security of East and Southeast Asia. *Yoga Journal*, 1991-05. Macfarlane, 2002-11-19. This book aims to solve the problem of how parts of mankind escaped from an apparently inevitable trap of war, famine, and disease in the last three hundred years. Through a detailed comparative analysis of English and Japanese history, it explores such matters as the destruction of war, decline of famine, importance of certain drinks, especially tea, the use of human excrement, and the effects of housing, clothing, and bathing on human health. It also shows how the English and Japanese controlled fertility through marriage and sexual patterns, biological and contraceptive factors, abortion, and infanticide. **Breath by Breath** Larry Rosenberg, 2004-11-09. A wonderfully accessible interpretation of the Buddha's teachings on breathwork in meditation from a leading insight meditation teacher, Joseph Goldstein, author of *The Experience of Insight*. Freedom from suffering is not only possible but the means for achieving it are immediately within our grasp, literally as close to us as our own breath. This is the 2,500-year-old good news contained in the Anapanasati Sutra, the Buddha's own teaching on cultivating both tranquility and deep insight through the full awareness of breathing. In this book, Larry Rosenberg brings this timeless meditation method to modern practitioners using the insights gained from his many years of practice and teaching. With wisdom, compassion, and humor, he shows how the practice of breath awareness is quietly, profoundly transformative and supremely practical. If you're breathing, you've already got everything you need to start.
