**Dr. W. Smith's Dictionary of the Bible ... Revised and Edited by ... H. B. Hackett, with the Coöperation of E. Abbot** William Smith, 1869      **Interlinear Hebrew Greek English Bible, Volume 2 of 4 Volume Set - 1 Samuel - Psalm 55, Case Laminate Edition, with Strong's Numbers and Literal & KJV**, 2009-07

The only complete interlinear Bible available in English and it is keyed to Strong's Exhaustive Concordance. Thousands of pastors, students, and laypeople have found The Interlinear Bible to be a time-saving tool for researching the subtle nuances and layers of meaning within the original biblical languages. Featuring the complete Hebrew and Greek texts with a direct English rendering below each word, it also includes The Literal Translation of the Bible in the outside column. But what truly sets this resource apart are the Strong's numbers printed directly above the Hebrew and Greek words. Strong's numbers enable even those with no prior knowledge of Greek or Hebrew to easily access a wealth of language reference works keyed to Strong's Greek Hebrew dictionaries, analytical lexicons, concordances, word studies, and more. The Hebrew is based on the Masoretic Text and the Greek is from the Textus Receptus. The sources of the texts are documented in the preface and are essentially the same, with some minor variations to the Hebrew and Greek texts used by the KJV translators. Only a small minority of Bible students ever achieve the ability to read the original biblical languages. This resource offers a non-threatening tool for those lacking language training to begin exploring the languages of Scripture. Conveniently includes the entire Hebrew and Greek text of the Bible in one place. Offering a concise literal translation of each Greek and Hebrew word, it is a great jumping off point for in-depth Bible study and text analysis. This Bible displays all the Hebrew, Aramaic, and Greek words of the Bible in the Masoretic Hebrew Text and the Received Greek Text, with literal, accurate English meanings placed directly under each original word in interlinear form, with Strong's Concordance numbers over each original word, enabling the Bible student, whether knowing the original languages or not, to refer to all lexicons and concordances that have also been coded with Strong's numbers. 2,936 pages bound in a bonded leather over boards, hardback edition. This new edition has been much improved by a new typesetting of the New Testament, Volume IV, with larger print, the left marginal column containing a newly revised Literal Translation of the Bible, 2000, and a right marginal column containing the Authorized King James Version, 1769. The three-volume Old Testament is an exact reprint of the 1985 Hendrickson Publishers Edition. The Old Testament does not yet have the 1769 King James Version. The only complete Interlinear Bible is now fully keyed to Strong's Concordance numbers. The Strong's numbering above each Hebrew and Greek word, along with the Interlinear text and marginal literal English Translation and the 1769 Authorized King James Version, opens a treasure house of Bible study possibilities for those who wish to understand the Scripture better. Its use will allow the novice student to read the original text without losing valuable time to look up the meaning of the Hebrew/Greek words in the Hebrew/Greek lexicons. There is no substitute for a first-hand knowledge of the original text. However, since only a small minority of Bible students retain an easy reading comprehension of the original text, the Interlinear Bible is a welcome aid to Bible students, laymen, and pastors.
