Based on Benjamin Whorf's hypothesis that language shapes and, in turn, is shaped by culture, this book reveals the unique language and culture that make up prison society. Utilizing over 160 hours of taped interviews with prisoners at the Washington State Penitentiary, the author correlates the life patterns of the prisoners with their language and the meaning of their vocabulary. While critical of prisons and their often dehumanizing and repressive operations, the author recognizes the efforts of persons in all areas of corrections. Correctional personnel, sociologists, linguists, and others interested in the prison system will learn from this straightforward and fascinating book.
