The Private City Sam Bass Warner,1987-06 Winner of the Albert J Beveridge Award in American History Packed with suggestive historical detail Roll With It Matt Sakakeeny,2013-10-30 Roll With It is a firsthand account of the contradictory lives of New Orleans brass band musicians They are celebrated as cultural icons within the music scene outside it they are treated as faceless black males subject to poverty racial marginalization and urban violence **Notorious Woman** Elizabeth Urban Alexander,2004-10-01 The legal crusade of Myra Clark Gaines 1804 1885 has all the trappings of classic melodrama a lost heir a missing will an illicit relationship a questionable marriage a bigamous husband and a murder For a half century the daughter of New Orleans millionaire Daniel Clark struggled to justify her claim to his enormous fortune in a case that captivated the nineteenth century public Elizabeth Urban Alexander taps voluminous court records and letters to unravel the twists and turns of Gaines s litigation and reveal the truth behind the mysterious saga of this notorious woman Myra the daughter of real estate heir Clark and Zulime Carri re a beautiful young Frenchwoman was raised by friends of Clark and kept ignorant of her real parentage until 1832 when she discovered her true lineage in letters among her foster father s papers She thereupon returned to Louisiana with tales of a lost will and a secret marriage between Clark and

Carri re and claimed to be Clark s missing heir Was Myra the legitimate daughter of the prominent merchant or the fruit of an adulterous union The courts would decide The Great Gaines Case wound its tortuous path through the United States legal system from 1834 until 1891 It was considered by the U S Supreme Court seventeen times and pursued even after Gaines s death by lawyers trying to recoup fees By courageously bringing her case to the courtroom and doggedly keeping it there Alexander asserts Gaines helped instigate a new type of family law that provided special protection of women children and marriages Though Gaines never recovered more than a tiny fraction of the rumored millions this riveting chronicle of her struggle for legitimacy and legacy as told by Elizabeth Urban Alexander is a gold mine for anyone interested in legal history women s studies or a good yarn superbly spun **George Washington's Washington** Adam Costanzo,2018-04-01 The vision controversy and political rivalries that shaped America s capital are examined in this fascinating history of Washington D C When America s first congress declared that a national capital was to be built along the Potomac President Washington was given complete control over its design and construction Eager to establish a federal city worthy of a powerful and rapidly expanding empire Washington recruited commissioners surveyors architects and craftsmen But there were many including Thomas Jefferson who opposed Washington s vision for a grand American metropolis In the fiercely partisan environment of the early republic the construction development and oversight of the District of Colombia became a symbolic pawn in the contest between rival political groups George Washington s Washington traces the president s original plan for the capital over the course of decades through its formation abandonment and eventual revival in the Jacksonian era It is not simply a history of the city during Washington s life but a history of his vision for the national capital and of the local and national conflicts surrounding this vision s acceptance and implementation **No More, No More** Daniel E. Walker, However urban slave societies might have differed from their rural counterparts they still relied on a concerted assault on the psychological social and cultural identity of their African descended inhabitants to maintain power and control This ambitious book looks at how people of African descent in two such societies Havana and New Orleans in the nineteenth century created and maintained their own forms of cultural resistance to the slave regime s assault and in the process put forth autonomous views of self and the social landscape In Havana s annual Dia de Reyes festival and in the weekly activities that took place at New Orleans s Congo Square author Daniel Walker identifies specific cultural beliefs and activities that Africans brought to the New World and modified in order to withstand and contest the dehumanizing effects of oppression No More No More crosses disciplinary boundaries as well elucidating the economic social cultural and demographic operations at work in two cities and the wide scale efforts at cultural resistance embodied in public performances The Great Road James D. Dilts,1996-10-01 This masterful richly illustrated account of the planning and building of the most important and influential early American railroad contributes not only to the railway history but to the history of the development of the United States in the 19th century 80 illustrations *The Sounds of Slavery* Shane White,Graham J. White,2005 Allowing us to eavesdrop on the past

The Sounds of Slavery is a fascinating innovative and accessible account of the aural dimension of slavery Through vivid anecdotes and firsthand accounts White and White expand our historical ear from the 1700s through the 1850s showing how profoundly slaves shaped the American soundscape From the quotidian sounds of a plantation at dawn to the baying of hounds on the trail of runaways to whistling in Richmond Virginia in the 1850s this book is the closest we ll ever get to imagining and re creating the diverse sounds of slavery Enhancing the experience with an 18 track CD compilation with most of the tracks recorded in the 1930s White and White enable us to hear a complex history that for too long has been silent

Robert Morris's Folly Ryan K. Smith,2014-09-23 In

1798 Robert Morris financier of the American Revolution confidant of George Washington former U S senator plunged from the peaks of wealth and prestige into debtors prison and public contempt How could one of the richest men in the United States one of only two founders who signed the Declaration of Independence the Articles of Confederation and the Constitution suffer such a downfall This book examines for the first time the extravagant Philadelphia town house Robert Morris built and its role in bringing about his ruin Part biography part architectural history the book recounts Morris s wild successes as a merchant his recklessness as a land speculator and his unrestrained passion in building his palatial doomed mansion once hailed as the most expensive private building in the United States but later known as Morris s Folly Setting Morris s tale in the context of the nation s founding this volume refocuses attention on an essential yet nearly forgotten American figure while also illuminating the origins of America s ongoing ambivalent attitudes toward the superwealthy and their sensational excesses

Marie Adrien Persac Marie Adrien Persac,H. Parrott Bacot,2000 Marie Adrien Persac 1823 1873 was a French born Louisiana artist who worked in a range of mediums to produce a unique view of the lower Mississippi Valley at midcentury In the first catalogued exhibition devoted solely to this multifaceted but overlooked talent paintings drawings maps and photographs from numerous holdings have been brought together to present fresh insights and reevaluate this artist s place in the annals of American history and material culture Due in part to his broad talents artist cartographer architect civil engineer photographer and art teacher Persac s work is of major importance to Southern history researchers and art historians His paintings of south Louisiana plantation houses have captured that now varnished lifestyle

McGaw, 2014-01-01 This collection of original essays documents technology's centrality to the history of early America Unlike much previous scholarship this volume emphasizes the quotidian rather than the exceptional the farm household seeking to preserve food or acquire tools the surveyor balancing economic and technical considerations while laying out a turnpike the woman of child bearing age employing herbal contraceptives and the neighbors of a polluted urban stream debating issues of property odor and health These cases and others drawn from brewing mining farming and woodworking enable the authors to address recent historiographic concerns including the environmental aspects of technological change and the gendered nature of technical knowledge Brooke Hindle's classic 1966 essay on early American technology is also reprinted and his view of the field is reassessed A bibliographical essay and summary of Hindle's bibliographic findings conclude the volume The contributors are Judith A McGaw Robert C Post Susan E Klepp Michal McMahon Patrick W O Bannon Sarah F McMahon Donald C Jackson Robert B Gordon Carolyn C Cooper and Nina E Lerman

Louisiana Buildings, 1720-1940 Jessie Poesch, Barbara SoRelle Bacot, 1997-08-01 The only New Deal program to continue into the 1990s the Historic American Buildings Survey has through the years drawn attention to the historical and artistic significance of buildings that contemporary taste might otherwise have ignored *Louisiana Buildings 1720-1940* makes easily available the fruit of HABS's important and enduring efforts to record Louisiana's architectural heritage In the 1930s the Louisiana HABS team concentrated on public edifices and grand plantation complexes threatened by destruction Later records of HABS include still other habitations of the common man as well as industrial structures The project has yielded not only graphic and written documentation of the buildings many no longer standing but also new insights into the history of the state's architecture An invaluable part of *Louisiana Buildings 1720-1940* is the alphabetical listing of HABS structures in Louisiana both by familiar name and by parish The listing by parish gives the location the date of construction the architect when known and the current status of each building It also presents drawings or photographs of many of the structures over 300 pictures in all There are besides nine chapters by leading architectural historians who cover all aspects of Louisiana architecture its Creole beginnings in the south of the state the Appalachian folk style in the north and developments on the plantation in the seventeenth century urban setting and in the modern era Those chapters form an essential frame of reference for the data in the HABS listings and call attention to many other structures that are a part of the history of building in the Pelican State Anyone interested in the state's architecture or history will find *Louisiana Buildings* indispensable
