

A large, reddish-brown rock formation, possibly a mountain peak, under a clear sky. The rock has a textured, layered appearance. The sky is a pale, clear blue.

We are shaped by our thoughts;
we become what we think. When
the mind is pure, joy follows like
a shadow that never leaves.

Reclaiming Dreams to Healing, Health, and Happiness Dr. Jo Hanna Mecherghi, 2020-02-12 Reclaiming our dreams is an inspirational insight that I gain through meditation In meditation I am able to connect with my spiritual inner being which brings clarification to my present being Meditation allowed me to listen to life travel through time learn from the past and collect knowledge along the way It provided me with a better future and allowed me to live my dreams and live my best life possible Meditation has allowed me to listen to the inner voice of God It lets me know the difference between my opinion and the spiritual knowledge that I gain through meditation to know that the illusions of the world are just that It is no good without the proper alignment with God No event or situation is without his knowledge and his place in that alignment is more precious than any other thing or process in our current existence

The Dhammapada Buddha, 2011-12-20 Trembling and quivering is the mind Difficult to guard and hard to restrain The person of wisdom sets it straight As a fletcher does an arrow The Dhammapada introduced the actual utterances of the Buddha nearly twenty five hundred years ago when the master teacher emerged from his long silence to illuminate for his followers the substance of humankind's deepest and most abiding concerns The nature of the self the value of relationships the importance of moment to moment awareness the destructiveness of anger the suffering that attends attachment the ambiguity of the earth's beauty the inevitability of aging the certainty of death these dilemmas preoccupy us today as they did centuries ago No other spiritual texts speak about them more clearly and profoundly than does the Dhammapada In this elegant new translation Sanskrit scholar Glenn Wallis has exclusively referred to and quoted from the canonical suttas the presumed earliest discourses of the Buddha to bring us the heartwood of Buddhism words as compelling today as when the Buddha first spoke them On violence All tremble before violence All fear death Having done the same yourself you should neither harm nor kill On ignorance An uninstructed person ages like an ox his bulk increases his insight does not On skillfulness A person is not skilled just because he talks a lot Peaceful friendly secure that one is called skilled In 423 verses gathered by subject into chapters the editor offers us a distillation of core Buddhist teachings that constitutes a prescription for enlightened living even in the twenty first century He also includes a brilliantly informative guide to the verses a chapter by chapter explication that greatly enhances our understanding of them The text at every turn points to practical applications that lead to freedom from fear and suffering toward the human state of spiritual virtuosity known as awakening Glenn Wallis's translation is an inspired successor to earlier versions of the suttas Even those readers who are well acquainted with the Dhammapada will be enriched by this fresh encounter with a classic text
