Individualism and Moral Character Jeff Mitchell, 2017-07-05 There are hundreds of different systems of psychotherapy today ranging from the traditional talking cure to symbolic rebirthing and primal scream The landscape is littered with serious social science pop psychology esoteric doctrine and pure charlatanism One of the obvious dangers of so many choices is that the best therapies may be lost in a profusion of competing schools and traditions To some extent this has been the fate of the school of psychotherapy developed by Karen Horney Since her death in 1952 Horney's work has received insufficient attention in part because criticism of Freud's thought may have tainted attitudes toward psychotherapy in general Jeff Mitchell argues that Karen Horney's school of psychoanalysis constitutes a highly innovative moral psychology He interprets her approach to the treatment of personality or character disorders as a form of moral education Drawing on research in the social sciences particularly anthropology sociology and psychology Mitchell argues that Horney's reworking of Freud's thinking preserves and builds upon what was truly insightful in his work and eliminates the most dubious elements Her thinking acknowledges that today individuals achieve their own identities rather than accepting what was ascribed to them by birth This makes Karen Horney's theories especially relevant both for psychotherapy as well as to thought about human affairs in general [The Slangman Guide to Street Speak 2](#) David Burke, 2000 *The Slangman Guide to STREET SPEAK 2* teaches you more popular American slang and idioms that everyone

uses every day If an American said to you Could you please crack the window you are NOT being asked to break the window which is indeed the literal meaning You are simply being asked to Open the window a little Or if someone tells you to Knock it off or Cut it out that just means Stop doing that he Slangman Guide to STREET SPEAK 2 contains popular chapters on slang and idioms associated with The Workplace Shopping House guests Babysitting Birthday Parties The Subway Aches Pains The Telephone The Slangman Files a special section in each chapter with slang idioms used in categories
