determine characteristics of this universal human experience These characteristics are compared to statements of acknowledged mystics in diverse religious traditions The mystic experience is also situated within other ecstatic religious experiences to distinguish it from similar but distinct experiences such as lucid dreams shamanism and mediumism Jordan Paper goes on to look at how the mystic experience has been considered in various fields such as sociology psychology anthropology biology and comparative religious studies     The Birth of Experience Michael Eigen,2018-04-17 This book emphasises on Kabbalah and psychoanalysis and the two domains intertwining almost seamlessly It focuses on birth processes at different ages and situations exploring in detail how psychoanalysis interweaves with themes from life clinical work and Kabbalah     **The Varieties of Magical Experience** Lynne L. Hume Ph.D.,Nevill Drury,2013-01-24 A rare combination of personal and academic this book showcases the myriad avenues for transcending the boundaries of reality through direct sensory experience The Varieties of Magical Experience Indigenous Medieval and Modern Magic provides a comprehensive volume that examines magic in all its aspects Through detailed case studies verbatim accounts of personal experiences and first hand experience from the authors own active participation in many alternative religious rituals and ceremonies this unique book reveals how magic can be a universal phenomenon that crosses cultural historical and spatial boundaries The work is organized in five sections that embrace several broad themes indigenous magical and shamanic practices medieval witchcraft sorcery and hermetic magic and contemporary Western magical practices including the role of sexuality trance and meditation The introductory section explores the idea of magic other realities and the employment of all the senses while the final section discusses contemporary issues of ecology and cybermagic The authors give voice to the powerful emotions and feelings that result from a magical encounter providing engaging and accessible information to general readers while those well versed in the opaque world of magic and occultism consciousness studies and imaginal and disembodied realms will appreciate the book s content at a deeper level     **Education at the Edge of Experience** Marla Morris,2024-06-03 Presenting a unique exploration of education at the edge of experience this book investigates how unassimilable concepts can reconceptualize education in order to grapple with what is beyond understanding Working at the intersection of curriculum theory philosophy and psychoanalysis Morris examines how each of these unassimilable concepts such as lament disavowal breathlessness and the Kafkaesque point toward currere as the edge of experience It addresses what Lee Braver calls the groundless grounds and what Avital Ronell calls the quicksand that is philosophy to approach slippage and breaking points through an interdisciplinary lens Pointing to an understanding of our largely social ills and extending William F Pinar s early work on currere in new and innovative directions this book will appeal to curriculum theorists education philosophers psychoanalysts and those with interests in the philosophy and theory of education     The Mystical Experience in Abraham Abulafia Moshe Idel,2012-02-01 This book represents the first wide scale presentation of a major Jewish mystic the founder of the ecstatic Kabbalah It includes a description of the techniques employed by his master

including the role of music There is a discussion of the characteristics of his mystical experience and the erotic imagery by which it was expressed Based on all the extant manuscript material of Abulafia this book opens the way to a new understanding of Jewish mysticism It points to the importance of the ecstatic Kabbalah for the later developments in mystical Judaism      *Towards the Mystical Experience of Modernity* Yehudah Mirsky, 2021-08-10 Avraham Yitzhaq Ha Cohen Kook 1865-1935 stands as a colossal figure of modern Jewish history and thought Jurist mystic poet theologian communal leader founder of the modern Chief Rabbinate and still the defining thinker of Religious Zionism he is indispensable for understanding modern Jewish thought the contemporary State of Israel and the most fundamental interactions of religion nationalism ethics and spirituality Despite countless studies of him almost no full fledged intellectual biography of him exists in any language This study of the years before his momentous move to Jaffa in 1904 drawing on little known works including recently published manuscripts begins to fill that gap It traces his life and times in the remarkably intense Rabbinic intellectual milieu of late nineteenth century Eastern Europe and his path from a profound regularly rationalist traditionalism towards a dynamic theology and spiritual practice weaving together Kabbalah philosophy universal ethics and romantic mysticism      *The German-Jewish Experience Revisited* Steven E. Aschheim, Vivian Liska, 2015-09-14 In the past decades the German Jewish phenomenon Derrida has increasingly attracted the attention of scholars from various fields Jewish studies intellectual history philosophy literary and cultural studies critical theory In all its complex dimensions the post enlightenment German Jewish experience is overwhelmingly regarded as the most quintessential and charged meeting of Jews with the project of modernity Perhaps for this reason from the eighteenth century through to our own time it has been the object of intense reflection of clashing interpretations and appropriations In both micro and macro case studies this volume engages the multiple perspectives as advocated by manifold interested actors and analyzes their uses biases and ideological functions over time in different cultural disciplinary and national contexts This volume includes both historical treatments of differing German Jewish understandings of their experience their relations to their Judaism general culture and to other Jews and contemporary reflections and competing interpretations as to how to understand the overall experience of German Jewry      *Contemporary Alternative Spiritualities in Israel* Shai Feraro, James R. Lewis, 2016-11-09 This volume is the first English language anthology to engage with the fascinating phenomena of recent surges in New Age and alternative spiritualities in Israel Contributors investigate how these New Age religions and other spiritualities produced in Western countries within predominantly Protestant or secular cultures transform and adapt themselves in Israel The volume focuses on a variety of groups and movements such as Theosophy and Anthroposophy Neopaganism Channeling Women's Yoga the New Age festival scene and even Pentecostal churches among African labor migrants living in Tel Aviv Chapters also explore more Jewish oriented practices such as Neo Kabbalah Neo Hassidism and alternative marriage ceremonies as well as the use of spiritual care providers in Israeli hospitals In addition contributors take a close look at the state's reaction to the recent

Burack, 2005-11-20 This book demonstrates how D H Lawrence's prophetic ambitions impelled him to create novels that would radically transform the consciousness of his readers Charles Burack argues that Lawrence's major novels beginning with *The Rainbow* are structured as religious initiation rites that attempt to break down the reader's normative mindset and to evoke new numinous experiences of self and world Through careful analysis of narrative structure literary technique and sacred discourses Burack shows that Lawrence tries to initiate the reader into his own version of religious vitalism Unlike most initiations that conclude with powerful affirmations Lawrence's novels generally end with an attempt to subvert the formation of new religious dogmas and to encourage sacred erotic exploration

**Exodus in the Jewish Experience** Pamela Barmash, W. David Nelson, 2015-05-14 *Exodus in the Jewish Experience* Echoes and Reverberations investigates how the Exodus has been and continues to be a crucial source of identity for both Jews and Judaism It explores how the Exodus has functioned as the primary model from which Jews have created theological meaning and historical self understanding It probes how and why the Exodus has continued to be vital to Jews throughout the unfolding of the Jewish experience As an interdisciplinary work it incorporates contributions from a range of Jewish Studies scholars in order to explore the Exodus from a variety of vantage points It addresses such topics as the Jewish reception of the biblical text of Exodus the progressive unfolding of the Exodus in the Jewish interpretive tradition the religious expression of the Exodus as ritual in Judaism and the Exodus as an ongoing lens of self understanding for both the State of Israel and contemporary Judaism The essays are guided by a common goal to render comprehensible how the reenvisioning of Exodus throughout the unfolding of the Jewish experience has enabled it to function for thousands of years as the central motif for the Jewish people

**The Modern Jewish Experience** Jack Wertheimer, 1993-01-01 The pace of scholarly research and academic publication in fields of Judaica has quickened dramatically in the second half of the twentieth century The major consumers and producers of this new scholarship are found in Jewish Studies programs that have proliferated at institutions of higher learning around the world since the 1960s From the vantage point of the nineties it is difficult to fathom that until thirty years ago Jewish studies courses were mainly limited to a few elite universities rabbinical seminaries and Hebrew teachers colleges Today there are few colleges at public or private institutions of higher learning that do not sponsor at least some courses on aspects of Jewish study In light of this explosion of research on Jewish topics non specialists and educators can benefit from guidance through the thicket of new monographs source anthologies textbooks and scholarly essays *The Modern Jewish Experience* the result of a multi year collaboration between the International Center for the University Teaching of Jewish Civilization and the Jewish Theological Seminary of America offers just such guidance on a range of issues pertaining to modern Jewish history culture religion and society With contributions from two dozen leading scholars *The Modern Jewish Experience* presents practical information and guidelines intended to expand the teaching repertoire for undergraduate courses on modern Jewish life as well as a means for college professors to enrich and diversify their courses with discussions on otherwise neglected Jewish communities social and political issues religious and ideological movements and interdisciplinary perspectives Sample syllabi are also included for survey courses set in diverse linguistic settings An indispensable resource for undergraduate instruction this volume may also be used to great profit by educators of adults in synagogue and Jewish communal settings as well as by individual students engaged in private study

**The Father of Jewish Mysticism** Daniel Weidner, 2022-10-04 *The Father of Jewish Mysticism* offers an incisive look at the early life and writings of Gershom Scholem 1897 1982 the father of modern Jewish mysticism and a major

20th century Jewish intellectual Daniel Weidner offers the first full length study published in English of Scholem's thought. Scholem, a historian of the Kabbalah and sharp critic of Jewish assimilation, played a major role in the study and popularization of Jewish mysticism. Through his work on the Kabbalah, Scholem turned the closed world of mystical texts into a force for Jewish identity. Skillfully drawing on Scholem's early diaries and writings, *The Father of Jewish Mysticism* introduces a young soon-to-be legendary intellectual in search of himself and Judaism.

**The Future of Human Experience** J. Zohara Hieronimus, 2013-07-21. Explores the future predictions of cutting edge scientists, spiritual teachers, and other visionaries, and how we can affect the future. Shares insights from the author's discussions with Dr. Mehmet Oz, Raymond Moody, Larry Dossey, John Perkins, Michael Cremo, Gay Bradshaw, Ray Kurzweil, and many others. Examines what these visionary thinkers foresee for humanity based on current trends in medicine, science, agriculture, history, and other disciplines. Reveals how consciousness affects evolution and Earth's future. For almost three decades, Zohara Hieronimus has interviewed spiritual teachers, cutting edge scientists, ancient wisdom keepers, laboratory tested psychics, and other visionaries on their predictions for the near and far future. While the methods they use are significantly diverse, the similarities in their forecasts are striking. And as Hieronimus reveals, one common theme resonates through them all: the power of human consciousness. Sharing insights from her discussions with Dr. Mehmet Oz, Raymond Moody, Larry Dossey, John Perkins, Michael Cremo, Gay Bradshaw, Ray Kurzweil, and many others, Hieronimus explores what these visionary thinkers foresee for humanity based on current trends in medicine, science, agriculture, Earth history, robotics, and spirituality. She examines natural, extraterrestrial, and man-made events that dramatically altered humanity's course in the past or might in the future, revealing a recurring cycle of catastrophic Earth changes and rebirths of civilization over billions of years. The author explains that as part of the energetic expression of Divinity, we can influence the impact of Earth changes through our actions and intentions. She shows that the consciousness of humanity has the power to affect evolution, enact healing on personal and global levels, and alter even natural systems such as the weather. By studying predictions across a broad range of disciplines, from nano technology to plant intelligence, from today's great minds and from ancient spiritual traditions, Hieronimus shows that we can significantly improve the long term welfare of the Earth by unfolding our nonlocal consciousness, adopting a reverent attitude toward all life, and realizing how we do things is as vital as what we do.
