The Phoenix Program

Vance Ferton

The Phoenix Program:

The Phoenix Program Douglas Valentine, 2014-06-10 This shocking expose of the CIA operation aimed at destroying the Vietcong infrastructure thoroughly conveys the hideousness of the Vietnam War Publishers Weekly In the darkest days of the Vietnam War America's Central Intelligence Agency secretly initiated a sweeping program of kidnap torture and assassination devised to destabilize the infrastructure of the National Liberation Front NLF of South Vietnam commonly known as the Viet Cong The victims of the Phoenix Program were Vietnamese civilians male and female suspected of harboring information about the enemy though many on the blacklist were targeted by corrupt South Vietnamese security personnel looking to extort money or remove a rival Between 1965 and 1972 more than eighty thousand noncombatants were neutralized as men and women alike were subjected to extended imprisonment without trial horrific torture brutal rape and in many cases execution all under the watchful eyes of US government agencies Based on extensive research and in depth interviews with former participants and observers Douglas Valentine's startling expos blows the lid off of what was possibly the bloodiest and most inhumane covert operation in the CIA's history The ebook edition includes The Phoenix Has Landed a new introduction that addresses the Phoenix style network that constitutes America's internal security apparatus today Residents on American soil are routinely targeted under the guise of protecting us from terrorism which is why more than ever people need to understand what Phoenix is all about

Ashes to Ashes Dale Andradé, 1990 Draws on interviews with former operatives and on government documents to present a highly positive account of the controversial rural pacification program from its inception in 1967 to the departure of its American advisors and collapse of the program in 1973 Annotation copyrighted by Book News Inc Portland OR

The Phoenix Program and Contemporary Counterinsurgency William Rosenau, Austin G. Long, 2009 Modern day advocates of the Phoenix Program argue that it was devastatingly effective against the Viet Cong infrastructure during the Vietnam War but detractors condemn it as a merciless assassination campaign The authors provide a fresh assessment of the program and identify aspects that are relevant for contemporary counterinsurgency

The Phoenix Joe Nigg, 2016-11-04 Arising triumphantly from the ashes of its predecessor the phoenix has been an enduring symbol of resilience and renewal for thousands of years But how did this mythical bird become so famous that it has played a part in cultures around the world and throughout human history How much of its story do we actually know Here to offer a comprehensive biography and engaging un natural history of the phoenix is Joseph Nigg esteemed expert on otherworldly creatures from dragons to gryphons to sea monsters Beginning in ancient Egypt and traveling around the globe and through the centuries Nigg's vast and sweeping narrative takes readers on a brilliant tour of the cross cultural lore of this famous yet little known immortal bird This entertaining and informative look at the life and transformation of the phoenix will be the authoritative source for anyone fascinated by folklore and mythology re igniting our curiosity about one of myth's greatest beasts

The Phoenix Program: from Vietnam to Black Sites-A Legacy of Torture

Mike Maxey, 2018 During the Vietnam War the United States attempted to defeat the North Vietnamese through assorted endeavors One such effort was developed by the Central Intelligence Agency CIA in 1967 and referred to as the Phoenix Program This covert operation combined existing counterinsurgency programs in a concerted effort to neutralize the Vietcong infrastructure VCI Even though the program terminated at the war's end Phoenix rose from the ashes to assist the United States across the globe This research will explore Phoenix its objectives methods and impacts along with its application to contemporary practices utilized by the U S government against various adversaries This analysis involves an examination of both primary and secondary sources related to Phoenix Government documents from U S military and CIA archives along with congressional hearings explain the operation its goals and effects More recent secondary sources disclose aspects of the operation utilized as a mainstay of America's military and intelligence agency efforts to fight terrorism

Abstract **Rise of the Vulcans** James Mann, 2004-09-07 When George W Bush campaigned for the White House he was such a novice in foreign policy that he couldn't name the president of Pakistan and momentarily suggested he thought the Taliban was a rock and roll band But he relied upon a group called the Vulcans an inner circle of advisers with a long shared experience in government dating back to the Nixon Ford Reagan and first Bush administrations After returning to power in 2001 the Vulcans were widely expected to restore U S foreign policy to what it had been under George H W Bush and previous Republican administrations Instead the Vulcans put America on an entirely new and different course adopting a far reaching set of ideas that changed the world and America's role in it Rise of the Vulcans is nothing less than a detailed incisive thirty five year history of the top six members of the Vulcans Dick Cheney Donald Rumsfeld Colin Powell Paul Wolfowitz Richard Armitage and Condoleezza Rice and the era of American dominance they represent It is the story of the lives ideas and careers of Bush's war cabinet the group of Washington insiders who took charge of America's response to September 11 and led the nation into its wars in Afghanistan and Iraq Separately each of these stories sheds astonishing light not only on the formative influences that brought these nascent leaders from obscurity to the pinnacle of power but also on the experiences conflicts and competitions that prefigured their actions on the present world stage Taken together the individuals in this book represent a unique generation in American history a generation that might be compared to the wise men who shaped American policy after World War II or the best and brightest who prosecuted the war in Vietnam Over the past three decades since the time of Vietnam these individuals have gradually led the way in shaping a new vision of an unchallengeable America seeking to dominate the globe through its military power U.S. Assistance Programs in Vietnam

United States. Congress. House. Committee on Government Operations. Foreign Operations and Government Information Subcommittee, 1971 **U.S. Assistance Programs in Vietnam** United States. Congress. House. Government Operations, 1971 The Phoenix Program Vance Ferton, The Phoenix Program emerged from the recognition by American intelligence officials in the mid 1960s that the Vietnam conflict could not be won through conventional military operations

alone but required a systematic effort to dismantle the political and administrative infrastructure that enabled communist forces to operate effectively throughout South Vietnam. This realization marked a fundamental shift in American strategy from purely military approaches to a more complex understanding of counterinsurgency that emphasized the importance of controlling civilian populations and eliminating the organizational networks that supported enemy operations. The intellectual foundations of the Phoenix Program can be traced to the experiences of American advisors who had observed successful counterinsurgency operations in other conflicts, particularly the British campaign against communist insurgents in Malaya during the 1950s. The Malayan Emergency had demonstrated that defeating guerrilla forces required more than battlefield victories but necessitated systematic efforts to identify and eliminate the civilian support networks that provided intelligence, recruitment, and logistical assistance to insurgent organizations. These lessons suggested that victory in Vietnam would require similar attention to the political dimension of the conflict.

The Phoenix Program Douglas Valentine, 1992. No book to date conveys the hideousness of the Vietnam War as thoroughly as this one. Publishers Weekly
