The Political Diaries of C. P. Scott, 1911-1928 Charles Prestwich Scott,1970 **The Political Diaries of C.P. Scott 1911-1928. Edited with an Introduction and Commentary by Trevor Willson** C. P. Scott,Trevor Willson,1970

The Political Diaries of C.P. Scott Charles Prestwich Scott,1970 *The Papers of C. P. Scott, 1846-1932* Charles Prestwich Scott,1991 **The Chamberlains, the Churchills and Ireland, 1874-1922** Ian Chambers,2006 Winston Churchill and Austen Chamberlain both entered Parliament with inherited Unionist views However changing political circumstances in Britain and Ireland led them to change their stance and adopt policies that would have been anathema to their fathers **Biographical Dictionary of British Prime Ministers** Robert Eccleshall,Graham Walker,2002-06-01 The Biographical Dictionary of British Prime Ministers is a wide ranging comprehensive guide to the political lives of Britain s prime ministers from Sir Robert Walpole to Tony Blair Written by some of the leading authorities on British politics this authoritative dictionary provides essential information about each premiership including facts and analytical debate Each entry has been written to the same formula and contains brief biographical information outlining career history and significant dates and events a brief summary of the significance and peculiarities of a particular prime minister followed by a more descriptive and interpretative account of his or her political life and impact on British politics references and further reading The Biographical Dictionary of British Prime Ministers addresses many of the key themes to understanding the role and impact of particular prime ministers such as the political context party management and reform intra party intellectual debate and where relevant the evolution of the office of prime minister *Britannia's Zealots, Volume I* N.C. Fleming,2018-10-18 Britannia s Zealots Volume I opens the first longitudinal study to examine the Conservative Right from the late 19th century to the present day British Conservatism has always contained a significant section fundamentally opposed to progressive reform A permanent minority in Parliament dissident right wing Conservatives nevertheless had allies in the press and sympathy among grassroots party members enabling them to create crises in the media and at party meetings N C Fleming charts the evolution of reactionary politics from its preoccupation with the Protestant constitution to its fixation with the prestige and strength of Britain s global empire He examines the overlooked ways in which Conservative Right parliamentarians shaped their party s policies and propaganda in and out of office and their relationships with the press and ordinary activists He seeks to demonstrate that this influence could be circumscribing and on occasion highly disruptive with consequences which remain relevant for today s Conservative party Britannia s Zealots Volume I will be of great interest to academics and students of British history right wing politics imperialism and 20th century history

Strategy and Supply (RLE The First World War) Keith Neilson,2014-04-24 Based on a wide range of primary sources this book shows the way in which diplomacy economics finance and strategy became intertwined during the First World War The author examines the diplomatic economic financial and military relations between Britain and Russia and argues that the key

to understanding the alliance is the British determination to win the war and the role Russia played in achieving this aim British strategy is shown to be more the result of her relations with her allies especially during the first years of the war than a quarrel between East and West This revision of the accepted interpretation of the strategy leads to a reassessment of the views of Lloyd George Kitchener and Grey The author concludes that in 1917 the British interest in Russia remained as it was earlier in the war the maintenance of a powerful ally on the eastern front The Athenaeum Michael Wheeler,2020-10-27 A compelling history of the famous London club and its members impact on Britain s scientific creative and official life When it was founded in 1824 the Athen um broke the mold Unlike in other preeminent clubs its members were chosen on the basis of their achievements rather than on their background or political affiliation Public rather than private life dominated the agenda The club with its tradition of hospitality to conflicting views has attracted leading scientists writers artists and intellectuals throughout its history including Charles Darwin and Matthew Arnold Edward Burne Jones and Yehudi Menuhin Winston Churchill and Gore Vidal This book is not presented in the traditional insular style of club histories but devotes attention to the influence of Athenians on the scientific creative and official life of the nation From the unwitting recruitment of a Cold War spy to the welcome admittance of women this lively and original account explores the corridors and characters of the club its wider political intellectual and cultural influence and its recent reinvention *British and American Anti-communism Before the Cold War* Markku Ruotsila,2023-05-09 This work examines in a comparative historical way the socialist liberal and conservative strands of Anglo American anticommunist thought before the Cold War In so doing this book provides us with an intellectual pre history of Cold War attitudes and policy positions
