Jim DeMint

Sirenes Song:

The Song of the Sirens Pietro Pucci,1998 In this collection of his essays on Homer some new and some appearing for the first time in English the distinguished scholar Pietro Pucci examines the linguistic and rhetorical features of the poet's works Arguing that there can be no purely historical interpretation given that the parameters of interpretation are themselves historically determined Pucci focuses instead on two features of Homer's rhetoric repetition of expression formulae and its effects on meaning and the issue of intertextuality

Siren's Song Jordan-Paige Nichols,2011-01-14 Ivián is different So different that she can't be referred to as human She's a Siren When she tries to live her old human life as a succubus she learns the hard way that things can never be the same again Enter a world where all the boundaries you know of the world have disintegrated Where Sirens roam the Earth Where secrets are kept Where memories are erased Where people will do anything to stay alive or keep the ones they love alive Enter a world where everything revolves around music Enter the world and hear the Sirens' Song

Siren's Song Alexia Winterbourne,2024-05-08 Dive into the depths of myth and melody with Sirens' Song The Lost Symphony of Atlantis a mesmerizing journey into the heart of one of history's most enduring legends This speculative exploration blends history mythology and musicology to craft a narrative as captivating as the mythical city itself Within these pages lies a richly imagined tale of Atlantis's rise and fall told through the creation of a Lost Symphony that captures the essence of a civilization both magnificent and tragic From the ethereal melodies that marked Atlantis's birth to the somber tones of its demise beneath the waves the symphony serves as a bridge between the ancient world and our own echoing the timeless quest for beauty understanding and connection Featuring speculative instruments that resonate with the power of the sea a comparative analysis of ancient civilizations' music and insights from contemporary scholars and musicians Sirens' Song invites readers on an unparalleled auditory adventure This book is not just an exploration of Atlantis's musical legacy but a reflection on the power of music to convey the deepest emotions and mysteries of the human experience As we navigate through the speculative Lost Symphony the allegorical Sirens' Song emerges as a powerful metaphor for human ambition and hubris teaching us about the beauty of striving and the inevitability of loss Through imaginative narrative and scholarly depth Sirens' Song The Lost Symphony of Atlantis celebrates the enduring allure of Atlantis urging us to listen closely to the echoes of the past as we compose the melodies of the future

Music of the Sirens Linda Austern,Inna Naroditskaya,2006-07-21 Whether referred to as mermaid usalka mami wata or by some other name and whether considered an imaginary being or merely a person with extraordinary abilities the siren is the remarkable creature that has inspired music and its representations from ancient Greece to present day Africa and Latin America This book co-edited by a historical musicologist and an ethnomusicologist brings together leading scholars and some talented newcomers in classics music media studies literature and cultural studies to consider the siren and her multifaceted relationships to music across human time and geography

Siren Songs Lillian Eileen Doherty,1995 A feminist critique of

the Odyssey *Music's Monisms* Daniel Albright, 2021-11-05 Daniel Albright investigates musical phenomena through the lens of monism the philosophical belief that things that appear to be two are actually one Daniel Albright was one of the preeminent scholars of musical and literary modernism leaving behind a rich body of work before his untimely passing In *Music's Monisms* he shows how musical and literary phenomena alike can be fruitfully investigated through the lens of monism a philosophical conviction that does away with the binary structures we use to make sense of reality Albright shows that despite music's many binaries diatonic vs chromatic major vs minor tonal vs atonal there is always a larger system at work that aims to reconcile tension and resolve conflict Albright identifies a radical monism in the work of modernist poets such as T S Eliot and musical works by Wagner Debussy Britten Schoenberg and Stravinsky Radical monism insists on the interchangeability even the sameness of the basic dichotomies that govern our thinking and modes of organizing the universe Through a series of close readings of musical and literary works Albright advances powerful philosophical arguments that not only shed light on these specific figures but also on aesthetic experience in general *Music's Monisms* is a revelatory work by one of modernist studies most distinguished figures **Subversion and Desire** Manu Bazzano, 2023-06-07 This book presents the importance of subversion in psychotherapy and reevaluates the positive role of desire as an integrating force in the individual and collective psyche The text provides a solid philosophical frame which helps to expand the scope of contemporary psychotherapy at a time when it is being curtailed by a reductionist neoliberal zeitgeist The latter emphasizes cognition over motivation behaviour over emotion consciousness over the unconscious the self over the organism and tends to reframe psychotherapeutic practice as a reprogramming of individuals In response this book outlines concerted acts of soft subversion which can undermine the status quo and open new possibilities of individual and collective transformation The author also retraces and reassesses some of the more inspiringly subversive legacies in psychoanalysis with a view to sketching a life affirming psychology wedded to broadminded political engagement Covering psychotherapy politics art and literature and social and cultural theory this book will appeal to anyone interested in understanding how psychotherapy and philosophy can be more radical and subversive endeavours *Siren's Song* John R. Gentile, 2007-06-01 **Merchant Vessels of the United States**, 1989 *Hearing Cultures* Veit Erlmann, 2020-06-24 Vision is typically treated as the defining sense of the modern era and a powerful vehicle for colonial and postcolonial domination This is in marked contrast to the almost total absence of accounts of hearing in larger cultural processes *Hearing Cultures* is a timely examination of the elusive often evocative and sometimes cacophonous auditory sense from the intersection of sound and modernity through to the relationship between audio technological advances and issues of personal and urban space As cultures and communities grapple with the massive changes wrought by modernization and globalization *Hearing Cultures* presents an important new approach to understanding our world It answers such intriguing questions as Did people in Shakespeare's time hear differently from us In what way does technology affect our ears Why do people in Egypt increasingly listen to taped

religious sermons Why did Enlightenment doctors believe that music was an essential cure What happens acoustically in cross cultural first encounters Why do Runa Indians in the Amazon basin now consider onomatopoeic speech child s talk The ear as much as the eye nose mouth and hand offers a way into experience All five senses are instruments that record interpret and engage with the world This book shows how sound offers a refreshing new lens through which to examine culture and complex social issues *Undead Evolution Series: Wights* Anthony Uyl,2016-01-06 Enter the realm of the night as you take on the wight The evil of the wight reawakens in this supplement with quick rules on how to play wights if your game master is so daring with a quick wight template and a new race the dreaded Half Wight A half undead creature that people tend to stay away from Inside are 10 new wights from the Dire Wight the Energy Wight and the horrid Harbinger Wight But that s not all included with each is a basic character class so that you can play each individual wight with unique rules for each You ll also find 25 feats 19 new spells and 3 new wight gods each with their own planar descriptions for places to take your players to explore Face the might of the wight and see if you come out alive or otherwise **The Mindfulness and Acceptance Workbook for Depression** Patricia Robinson,Kirk Strosahl,2008-06-01 There are hundreds of books that will try to help you overcome or put an end to depression But what if you could use your depression to change your life for the better Your symptoms may be signals that something in your life needs to change Learning to understand and interpret these signals is much more important than ignoring or avoiding them approaches that only make the situation worse This workbook uses techniques from acceptance and commitment therapy ACT to offer a new treatment plan for depression that will help you live a productive life by accepting your feelings instead of fruitlessly trying to avoid them The Mindfulness Acceptance Workbook for Depression will show you step by step how to stop this cycle feel more energized and involve yourself in pleasurable and fulfilling activities that will help you work through rather than avoid aspects of your life that are depressing you Use the techniques in this book to evaluate your own depression and create a personalized treatment plan You ll enrich your total life experience by focusing your energy not on fighting depression but on living the life you want Includes a CD This book has been awarded The Association for Behavioral and Cognitive Therapies Self Help Seal of Merit an award bestowed on outstanding self help books that are consistent with cognitive behavioral therapy CBT principles and that incorporate scientifically tested strategies for overcoming mental health difficulties Used alone or in conjunction with therapy our books offer powerful tools readers can use to jump start changes in their lives **Singers, Heroes, and Gods in the Odyssey** Charles Segal,2001 One of the special charms of the Odyssey according to Charles Segal is the way it transports readers to fascinating places Yet despite the appeal of its narrative the Odyssey is fully understood only when its style design and mythical patterns are taken into account as well Bringing a new richness to interpretation of this epic Segal looks closely at key forms of social and personal organization which Odysseus encounters in his voyages Segal also considers such topics as the relationship between bard and audience the implications of the Odyssey s self consciousness about its own

poetics and Homer's treatment of the nature of poetry

Reading the Odyssey Seth L. Schein, 1996 This wide ranging collection makes available to specialists and nonspecialists alike important critical work on the Odyssey produced during the last half century The ten essays address five major concerns the poem's programmatic representation of social and religious institutions and values its transformation of folktales and traditional stories into epic adventures its representation of gender roles and in particular of Penelope its narrative strategies and form and its relation to the Iliad especially to that epic's distinctive conception of heroism In the introduction Seth L. Schein describes the poetic background to the work and suggests a variety of interpretive approaches some of which are developed in the essays that follow These essays include previously published work by Jean Pierre Vernant Pierre Vidal Naquet Pietro Pucci and Charles P. Segal There also are a new essay by Laura M. Slatkin two revised and expanded ones by Nancy Felson Rubin and Michael N. Nagler and three appearing in English for the first time by Uvo Hlscher Karl Reinhardt and Vernant The result is a collection that juxtaposes older often hard to find articles with significant newer pieces in a way that allows for a fruitful dialogue among them

Ambiguous Locks Roberta Milliken, 2014-01-10 It has long been said that a woman's hair is her crowning glory Indeed throughout history hair has remained an important cultural symbol of femininity In medieval art iconic images of long flowing locks can express sexuality and the cutting of a woman's hair often signals her feminine misbehavior Artists of all kinds in the Middle Ages used women's long hair to manipulate their audience's estimation of their female figures This interdisciplinary work explores the significance of women's hair in literature and art from the medieval period through 1525 putting into historical context the ways in which hair participates in construction of the female identity

Anti-Jesuit Discourse in the Polish-Lithuanian Commonwealth (1576-1632): Wojciech Ryzek, 2025-11-13 What do Jesuits have in common with spiders flies chameleons owls hawks or Sirens Discover the provocative arguments tropes and figures that pervaded the anti-Jesuit literature of the Polish-Lithuanian Commonwealth 1576-1632 Anti-Jesuit Discourse in the Polish-Lithuanian Commonwealth examines the structure and functions of these discursive elements often reinforced by vivid metaphor elaborate allegory or malicious irony through the lens of rhetorical strategies suitable for controversy polemic dispute or parody This dual focus both structural and functional enables the identification of the images stereotypes clichés and legends associated with the Society of Jesus many of which fueled and continue to fuel anti-Jesuit sentiment worldwide

Saving America from Socialism Jim DeMint, 2020-07-07 When Jim DeMint wrote Saving Freedom We Can Stop America's Slide into Socialism in 2009 he believed an energized and informed America could put the brakes on the progressive bus driven by big government backers What couldn't be foreseen was the devastating effect Barack Obama would have on our Constitutional Republic in eight years Since then an embedded force of anti-Constitutionalists in every branch of the federal government have worked virulently to crush any attempt to reorient the United States to its founding principles In Saving America from Socialism the facts about socialism are the same but after eight years of President Obama and high profile

socialists leading the Democratic Party we now have a clearer picture of how socialism will impact our prosperity freedoms and rights America has never been more divided about what it means to be an American and this division is a key goal straight from the Socialist playbook We must have a new strategy for uniting and rescuing our nation from the inevitable decline from Socialist policies This book is your playbook to save America from socialism Thankfully Obama s replacement Donald Trump has provided a clear contrast between the results of socialism versus freedom

Listening to the Sirens Judith Perraino,2006 Judith Perraino investigates how music has been used throughout history to call into question norms of gender and sexuality Beginning with an examination of the mythology surrounding the Sirens she goes on to consider musical creatures gods humans and music addled listeners

Cogito and the Unconscious Slavoj Žižek,1998-04-08 The Cartesian cogito the principle articulated by Descartes that I think therefore I am is often hailed as the precursor of modern science At the same time the cogito s agent the ego is sometimes feared as the agency of manipulative domination responsible for all present woes from patriarchal oppression to ecological catastrophes Without psychoanalyzing philosophy Cogito and the Unconscious explores the vicissitudes of the cogito and shows that psychoanalyses can render visible a constitutive madness within modern philosophy the point at which I think therefore I am becomes obsessional neurosis characterized by If I stop thinking I will cease to exist Noting that for Lacan the Cartesian construct is the same as the Freudian subject of the unconscious the contributors follow Lacan s plea for a psychoanalytic return to the cogito Along the path of this return they examine the ethical attitude that befits modern subjectivity the inherent sexualization of modern subjectivity the impasse in which the Cartesian project becomes involved given the enigmatic status of the human body and the Cartesian subject s confrontation with its modern critics including Althusser Bataille and Dennett In a style that has become familiar to Žižek s readers these essays bring together a strict conceptual analysis and an approach to a wide range of cultural and ideological phenomena from the sadist paradoxes of Kant s moral philosophy to the universe of Ayn Rand s novels from the question Which if any is the sex of the cogito to the defense of the cogito against the onslaught of cognitive sciences Challenging us to reconsider fundamental notions of human consciousness and modern subjectivity this is a book whose very Lacanian orthodoxy makes it irreverently transgressive of predominant theoretical paradigms Cogito and the Unconscious will appeal to readers interested in philosophy psychoanalysis cultural studies and theories of ideology
