Smart Parenting, Smarter Kids David Walsh, 2012-03-20 The author of *Why Do They Act That Way* has written a complete guide to parenting from birth through the teen years with recommendations that will help maximize any child's potential. *Smart Parenting Smarter Kids* equips parents with usable information across a range of topics like exercise, nutrition, play, and more.

Parenting Gifted Kids James Delisle, 2021-09-03 A gifted education Legacy Award winner, *Parenting Gifted Kids: Tips for Raising Happy and Successful Children* provides a humorous, engaging, and encouraging look at raising gifted children today. James R. Delisle, Ph.D., offers practical, down-to-earth advice that will cause parents to reexamine the ways they perceive and relate to their children. Dr. Delisle puts forward 10 tips to parents of gifted children: ideas that reflect attitude and approach and allow for introspection and change rather than quick-fix solutions. Some topics of interest include understanding a child's giftedness, working with the school system, dealing with perfectionism in gifted kids, and being adult role models for children. Along the way, stories from gifted children and their parents provide insight into the lives of these individuals. What sets this book apart from other books for parents of gifted kids is its expansion beyond mere platitudes. Dr. Delisle's tips go beyond the basics, focusing on attitude, reflection, and subtle changes rather than specific "cookie-cutter" recipes for action. The 10 tips suggested and expanded upon in this book include understanding what giftedness is and what it is not; understanding the differences between gifted kids and their age-mates; understanding the personality traits of gifted kids, including overexcitabilities; taking charge of your child's education; understanding the issue of perfectionism in gifted kids; examining social nuances and myths related to giftedness; examining the similarities parents share with their gifted children; setting reasonable goals; helping gifted children make a difference in the lives of others; and remembering that gifted children are kids first and gifted second. Educational Resource.

Convicted Melanie Scherencel Bockmann, 2012 He was a juvenile delinquent, an angry kid with no reason to play by the rules. His mission in life was to wreak havoc anywhere and anytime he could. His parents were afraid of him and his teachers hated him. Other than smoking marijuana, his favorite pastime was theft. Every once in a while he spent a night in the local detention center. Then on Halloween night he got caught driving a getaway car loaded with cash, drugs, and guns. But this time he wasn't getting off with a slap on the wrist. Everything he'd done up until now was child's play in comparison. Seven counts of kidnapping, two burglaries, and three armed robberies guaranteed 16-year-old Andrew Mitchell some serious time behind bars. Yet it was in solitary confinement that he first tasted true freedom, first felt that there was any purpose to his life. One copy of *The Living Bible* in the hands of this very bored teenager had an effect that no one in Andrew's life would have ever predicted.

Malcolm's life had become nothing more than mundane repetition a series of routine tasks from sunrise to sunset Existence no longer required thought or effort Life and death were inevitable birthrights but love was a matter of luck Hope had suffered extinction in his heart Somewhere in the desolate remains of a seemingly harmless man erupted a strong breeze perhaps blown in by fate and it smelled of her It brought with it an obsession that would prove to be deadly She was nothing more than an absent memory an unattainable dream Malcolm had convinced himself he could never acquire to protect himself from believing he deserved happiness They had crossed paths before back when Malcolm was far too young to comprehend what he believed to be love at first sight He had loved her before beauty graced the eye before he ever spoke a name so sweet On the night the Diamond perished there were two others present One of them was consumed with an infatuation that stole her life She was deemed the Diamond a title not self proclaimed but very much deserved Her name was LaSydia the Diamond LaVan a woman whose worth had been measured by many the equivalent of a rare precious stone

Springtime in Salt River RaeAnne Thayne, 2017-03-13 Originally published in 2002 as TAMING JESSE JAMES Jesse James Harte grew up as wild and untamed as his Old West namesake but now he's the law in this stretch of the Wyoming high country That meant trouble is his business and if he'd ever seen somebody in trouble it was the town's new schoolteacher Sarah McKenzie She is as beautiful as a mountain meadow in springtime But the haunted look in her eyes says she's running from something something that might be catching up with her He ached to protect her to take that look away and make her his forever But what could a lady like her want with a lawman with an outlaw's heart Mystic Fear Jan Evan Whitford, 2012 What if a girlish prank you and your cheerleader friends played on a cute but strange boy in high school came back to haunt you twenty five years later resulting in terror murder and a threat to your life Well that's exactly what happens to Nikki O Connor She's back newly married and living in a breathtaking oceanfront RV Park where because of her police background she jumps at a job opening as the new park ranger Things are good and to top it off her husband presents her with an antique brooch containing a rare purple pearl that turns out to be worth at least a million bucks Meanwhile the misadventures of a pothead kid who gets around in his mom's pink Mary Kay minivan and a sawed off troll of a guy who speaks only in the cryptic language of fortune cookies provide some light diversion But the bottom drops out and when terror arrives Nikki teams up with her best friend plus a 300 lb ex marine and also a street smart teenage girl with Gothic tastes **Raising White Kids** Jennifer Harvey, 2018-01-16 This New York Times best selling book is a guide for families educators and communities to raise their children to be able and active anti racist allies With a foreword by Tim Wise Raising White Kids is for families churches educators and communities who want to equip their children to be active and able participants in a society that is becoming one of the most racially diverse in the world while remaining full of racial tensions For white people who are committed to equity and justice living in a nation that remains racially unjust and deeply segregated creates unique conundrums These conundrums begin early in life and impact the racial development of white children in powerful ways

What can we do within our homes communities and schools Should we teach our children to be colorblind Or should we teach them to notice race What roles do we want to equip them to play in addressing racism when they encounter it What strategies will help our children learn to function well in a diverse nation Talking about race means naming the reality of white privilege and hierarchy How do we talk about race honestly then without making our children feel bad about being white Most importantly how do we do any of this in age appropriate ways While a great deal of public discussion exists in regard to the impact of race and racism on children of color meaningful dialogue about and resources for understanding the impact of race on white children are woefully absent Raising White Kids steps into that void Most white Americans didn't get from our own families the concrete teaching and modeling we needed to be active in the work of racial justice ourselves let alone to feel equipped now to talk about race with and teach anti racism to our children There is so much we need to learn and it's urgent that we do so But the good news is we can says Jennifer Harvey [A Cold White Fear](#) R.J.
