

STUDIES IN MILITARY AND STRATEGIC HISTORY

THE ROYAL NAVY, SEAPOWER AND STRATEGY BETWEEN THE WARS

CHRISTOPHER M. BELL

GENERAL EDITOR: MICHAEL DOCKRILL

SmsH Royal Navy Seapower And Strat

Ying-Ying Zheng

Smsh Royal Navy Seapower And Strat:

The Royal Navy in European Waters During the American Revolutionary War David Syrett, 1998 During the American Revolutionary War Great Britain's Royal Navy faced foes that included in addition to American forces the navies of France Spain and the Netherlands In this operational history of a period that proved to be a turning point for one of the world's great naval powers David Syrett presents a saga of battles blockades great fleet cruises and above all failures and lost opportunities He explains that the British government severely underestimated the Americans maritime strength and how that error led to devastating consequences The seemingly invincible navy failed to muster even one decisive victory during the extensive naval conflict

Seapower and Strategy Colin S. Gray, Roger W. Barnett, 1989 Individual essays provide general theories of maritime strategy histories of seapower in action from the Peloponnesian wars onward and contemporary views of the strategic uses of navies in both the West and East

The Crisis of British Sea Power James Levy, 2024-02-20 This work is a close examination of the conditions surrounding and precipitating the last gasp of British naval hegemony and events that led to its demise Great Britain undertook a massive naval building program in the late 1930s in order to deter aggression and secure dominance at sea against her nascent enemies Nazi Germany and Fascist Italy But the failure of the policy of Appeasement to deter war or delay it into the early 1940s left the building program only partially complete and the exigencies of war led to the cancellation of the critical but costly and time consuming Lion class battleships and the slow delivery of the 1940 battlecruiser HMS Vanguard and two vital fleet carriers Adding to these issues the fall of France spurred the USA to initiate her own even larger naval building program and together with the entry of the powerful and capable Imperial Japanese Navy completely overwhelmed Britain's position as the world's premier naval power This book will be of value to those interested in the history of the Second World War British strategy and the British navy

Strategy and the Sea N. A. M. Rodger, Jeremiah Ross Dancy, Benjamin Darnell, Evan Wilson, 2016 An important book presenting the latest insights by the leading world authorities on naval history This book presents a wide range of new research on many aspects of naval strategy in the early modern and modern periods Among the themes covered are the problems of naval manpower the nature of naval leadership and naval officers intelligence naval training and education and strategic thinking and planning The book is notable for giving extensive consideration to navies other than those of Britain its empire and the United States It explores a number of fascinating subjects including how financial difficulties frustrated the attempts by Louis XIV's ministers to build a strong navy how the absence of centralised power in the Dutch Republic had important consequences for Dutch naval power how Hitler's relationship with his admirals severely affected German naval strategy during the Second World War and many more besides The book is a Festschrift in honour of John B Hattendorf for more than thirty years Ernest J King Professor of Maritime History at the US Naval War College and an influential figure in naval affairs worldwide N A M Rodger is Senior Research Fellow at All Souls College Oxford J Ross Dancy is Assistant Professor of

Military History at Sam Houston State University Benjamin Darnell is a D Phil candidate at New College Oxford Evan Wilson is Caird Senior Research Fellow at the National Maritime Museum Greenwich Contributors Tim Benbow Peter John Brobst Jaap R Bruijn Olivier Chaline J Ross Dancy Benjamin Darnell James Goldrick Agust n Guimer Paul Kennedy Keizo Kitagawa Roger Knight AndrewD Lambert George C Peden Carla Rahn Phillips Werner Rahn Paul M Ramsey Duncan Redford N A M Rodger Jakob Seerup Matthew S Seligmann Geoffrey Till Evan Wilson

The Royal Navy's Home Fleet in World War 2 J. Levy,2003-10-23 This book marks the first comprehensive history of Britain s naval bulwark the Home Fleet It illuminates the vital role that fleet played in preserving Britain as a base of operations against Hitler We see portrayed the hard days of blockade patrol and battle that encompassed the Home Fleet s war And we see how that war was made harder by weaknesses at the Admiralty and by the damaging interference of the Minister of Defence Winston Churchill

Joint Force Quarterly ,1995

A Brief Guide to Maritime Strategy James Holmes,2019-12-01 A Brief Guide to Maritime Strategy is a deliberately compact introductory work aimed at junior seafarers those who make decisions affecting the sea services and those who educate seafarers and decision makers It introduces readers to the main theoretical ideas that shape how statesmen and commanders make and execute maritime strategy in times of peace and war Following in the spirit of Bernard Brodie s Layman s Guide to Naval Strategy a World War II era book whose title makes its purpose plain it will be a companion volume to such works as Geoffrey Till s Seapower and Wayne Hughes s Fleet Tactics and Coastal Combat the classic treatise that explains how to handle navies in fleet actions It takes the mystery out of maritime strategy which should not be an arcane art for practitioners or policy makers and will help the next generation think about strategy

The Royal Navy, from April 1942 to June 1943 Edward Keble Chatterton,1943

Fortune Henry R. Luce,1941 Publishes articles on all aspects of business and management

War and Peace Nigel Hamilton,2019-05-07 In the much anticipated conclusion to his masterful trilogy chronicling the wartime career of Franklin Delano Roosevelt renowned military and political biographer Nigel Hamilton aligns triumph with tragedy to show how FDR was the architect of a victorious peace that he would not live to witness Providing the definitive account of the events in Normandy on 6 June 1944 Hamilton also reveals the fraught nature of the relationship between the greatest wartime leaders of the Allied forces Using hitherto unpublished documents and interviews to counter the famous narrative of World War II strategy given by Winston Churchill in his memoirs Hamilton highlights the true significance of FDR s leadership Seventy five years after the D Day landings we finally see close up and in dramatic detail who was responsible for rescuing and insisting upon the great American led invasion of France in June 1944 and exactly why that invasion was orchestrated by Eisenhower War and Peace is the rousing final installment in one of the most important historical biographies of the twenty first century which demonstrates how FDR s failing health only spurred him on in his efforts to build a US backed post war world order In this stirring account of the life of one of the most celebrated political leaders of our time Hamilton hails the President as the sole person capable of anticipating the

requirements of peace in order to bring an end to the war
