The New Cambridge Bibliography of English Literature:

Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to reshape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.

The Correspondence of H.G. Wells: Volumes 1-4 David C.

Smith, 2022-08-15 This collection of H. G. Wells's correspondence draws on over 50 archives and libraries worldwide including the papers of Wells's daughter by Amber Reeves. The book contains over 2,000 letters and while a few are business to publishers, agents and secretaries, the majority are much more personal. Wells's private correspondence extends from letters to President Franklin Roosevelt and Prime Ministers Winston Churchill and A. J. Balfour to persons such as Mark Benney who wrote novels based on his life in the slums and his time in prison. There is correspondence too with his many female friends and lovers among them Rebecca West, Eileen Power, Gertrude Stein, Marie Stopes, Lilah MacCarthy and Dorothy Richardson. For example, a letter from Moura Budberg with whom Wells had a long-standing affair which announces that she is pregnant by him and about to have an abortion reveals how an advocate of birth control is himself caught out. Wells also enjoyed correspondence with the press particularly during the two World Wars and with various BBC officials and people who worked on his films. Some of his letters on the controversies of free love, socialism, birth control, the Fabian Society and the nature of the curriculum of the new London University in the 1890s are included. Interspersed chronologically with Wells's letters is a small selection of about 40 letters to Wells where letters from him are not extant. Among these are letters from Ray Lankester, Joseph Conrad, C. G. Jung, Trotsky, Hedy Gattnerigg, the woman who attempted suicide in Wells's flat and J. C. Smuts. The letters are arranged in these periods: Volume 1 1878-1900, Volume 2 1901-1912, Volume 3 1913-1930 and Volume 4 1930-1946. H. G. Wells's works include *The Time Machine* 1895, *The Invisible Man* 1897, *The War of the Worlds* 1898, *The History of Mr Polly* 1910 and *A Short History of the World* 1922.

Shaw and Other Playwrights John Anthony Bertolini, 1993

The early conclusion that Shaw was mainly a magpie following the trails of many thinkers has led to the further consequence of neglecting Shaw's relationship to other playwrights. This volume of *Shaw* explores Shaw's plays as inheritances and inspirations of dramatic art and also locates Shaw himself as a presence in the work of his contemporaries and successors. The volume concentrates on Shaw in relation to other modern British playwrights notably Wilde, Bennett, Rattigan, the Court Theatre playwrights and Shaw's successors from Coward to Stoppard. Gwyn Thomas's 1975 BBC play *The Ghost of Adelphi*

Terrace puts Shaw and Barrie together on stage and Shaw's 20 June 1937 Sunday Graphic obituary tribute to Barrie demonstrates Shaw's high regard for his contemporary and near neighbor. There are also essays on how Shaw came increasingly to resemble Strindberg as a dramatist on the requirements of acting and directing Shaw alongside his contemporaries at the Shaw Festival at Niagara on the Lake and on Heartbreak House as a complex dialogue with Chekhov, Shakespeare and Strindberg. John R Pfeiffer has prepared a special bibliography of sources relating to Shaw and other playwrights in addition to the Continuing Checklist of Shavian and Dan H Laurence has provided Shaw's pronunciation guide for the more troublesome names of his stage characters. There are also reviews of four recent additions to Shavian scholarship. Contributors include John A Bertolini, Fred D Crawford, R F Dietrich, T F Evans, A M Gibbs, Leon H Hugo, Christopher Newton, Sally Peters, John R Pfeiffer, Evert Sprinchorn and Stanley Weintraub. *The Correspondence of H.G. H.G. Wells: Another Kind of Life Michael Sherborne,2013-11-01 An unlikely lothario one of the most successful writers of his time a figure at the heart of the age s political and artistic debates H G Wells life is a great story in its own right When H G Wells left school in 1880 at 13 he seemed destined for obscurity yet he defied expectations becoming one of the most famous writers in the world He wrote classic science fiction tales such as *The Time Machine* *The Invisible Man* and *The War of the Worlds* reinvented the Dickensian novel in *Kipps* and *The History of Mr Polly* pioneered postmodernism in experimental fiction and harangued his contemporaries in polemics which included two bestselling histories of the world He brought equal energy to his outrageously promiscuous love life a series of affairs embraced distinguished authors such as Dorothy Richardson and Rebecca West the gun toting travel writer Odette Keun and Russian spy Moura Budberg Until his death in 1946 Wells had artistic and ideological confrontations with everyone from Henry James to George Orwell from Churchill to Stalin He remains a controversial figure attacked by some as a philistine sexist and racist praised by others as a great writer a prophet of globalization and a pioneer of human rights Setting the record straight this authoritative biography is the first full scale account to include material from the long suppressed skeleton correspondence with his mistresses and illegitimate daughter

H.G. Wells and the Twenty-First Century Bill Cooke,2023-09-15 H G Wells has been branded as a novelist who betrayed his vocation But Wells saw himself as what we would today call a public intellectual How credible is this claim And what happens when we look at him in this way So typecast has Wells s reputation become that neither of these questions has been previously asked but when we look at Wells as a thinker we find a whole new quality to his later works which have invariably been dismissed by literary scholars as of low quality or even not worth reading In particular Wells s prescience as a prophet of our current environmental problems stands out for example he foresaw anthropogenic climate change as early as 1931 Popular conceptions of Wells as racist imperialist and eugenicist are also challenged What emerges is a new perspective on a significant public intellectual and pioneering prophet of the twenty first century

A Rebel to His Last Breath Bill Cooke,2010-06-28 This is the first biography of Joseph McCabe 1867 1955 a former Catholic priest who became one of the best known champions and a prolific popularizer of freethought and rationalism in the first half of the 20th century McCabe s encyclopedic curiosity rigorous scholarship and above all his unswerving intellectual honesty led him through a tumultuous career of public lecturing and debating and an incredible output of over 200 books He

tackled the most controversial issues of the modern era evolution biblical errancy belief in God immorality spiritualism capitalism vs socialism women s rights and many other topics Much of his writing was published in the form of the Little Blue Books by E Haldeman Julius who declared McCabe to be the world s greatest scholar Today in our postmodern period where Enlightenment values are being questioned and irrationalism in many guises has become fashionable McCabe s gift for rational inquiry respect for scientific evidence and lucid no nonsense prose are both relevant and welcome *Lovers' Quarrels; Or, Like Master Like Man. An Interlude, in One Act* John Vanbrugh, 1877 **H. G. Wells and the Culminating**

Ape Peter Kemp, 2016-07-27 H G Wells s view of the world and hence his writing was strongly influenced by the biologist s training he received during his three years as a student at the Normal School of Science South Kensington now Imperial College London Those things which a creature needs in order for it and its species to thrive get particular attention in Wells s books Tracing biological themes through Wells s work as Peter Kemp does here shows the pattern of his thought and brings to light the bizarre workings of a fascinating imagination For the book s reissue in paperback an afterword has been added

Sacred Spaces and Public Quarrels Paul Tiyaambe Zeleza, Ezekiel Kalipeni, 1999 How do Africans conceive space How are places constructed and imagined How do the conceptions constructions imaginings of spaces and places affect and in turn are affected by social economic and political change These are some of the questions answered in this the first book of its kind to address systematically the themes of space and spatiality **Regenerating England**, 2016-08-29 In the inter war years there was much debate in Britain as to whether the best path to post World War I regeneration would be found in the promises of science and technology in continued and increased efficiency in specialization and professionalization or whether the future of the nation depended on a rediscovery of older and more authentic ways of doing things on a defiant anti modernism This debate on Britain s future was often conducted in terms of Englishness and the rebirth of a lost more spiritual village England However Englishness also entered inter war social thinking through eclectic assimilations of diverse traditions Prominent themes in the discourses on Britain s post war regeneration include national character citizenship fitness education utopia community and so on The chapters in the present volume address these themes and break new ground by examining debates well known in political and literary history through their relations to science medicine architecture and ideas of social and political health **H.G. Wells at the End of His Tether** Gordon D. Feir, 2005 H G

Wells was one of the most prolific writers in the English language He published over one hundred books yet he is recognized by only two or three of his popular novels including *The Time Machine* and *War of the Worlds* Why has such a well known and widely read author from the nineteenth century almost disappeared from the bookshelves of the twenty first century H G Wells at the End of His Tether attempts to answer this question and others by examining his work from a nineteenth century perspective Wells was a controversial figure He was an avid socialist and a self proclaimed prophet He hated the Church and the Monarchy and spent much of his life promoting utopian ideals world government and other radical concepts that are

politically incorrect today As he watched the First World War tear Europe asunder he wrote *The War to End War* and created a new label for that infamous conflict He was a highly vocal anti war journalist and often frustrated by how little impact he was making on the world When the Second World War descended on Europe he became despondent as he approached the end of his political and literary tether **English Prose and Criticism, 1900-1950** Christopher C. Brown, William B. Thesing, 1983 Guide to reference sources about individual English authors of the early twentieth century *Psychiatric Studies* C.G. Jung, 2014-12-18 At the turn of the last century C G Jung began his career as a psychiatrist During the next decade three men whose names are famous in the annals of medical psychology influenced his professional development Pierre Janet under whom he studied at the Sappetriere Hospital in Paris Eugen Bleuler his chief at the Burgholzli Mental Hospital in Zurich and Sigmund Freud whom Jung met in 1907 It is Bleuler and to a lesser extent Janet whose influence is to be found in the descriptive experimental psychiatry composing Volume I of the *Collected Works* These papers appeared between 1902 and 1905 most of them are now being published in English for the first time The volume opens with Jung's dissertation for the medical degree *On the Psychology and Pathology of So Called Occult Phenomena* a study that foreshadows much of his later work and as such is indispensable to all serious students of his work It is the detailed analysis of the case of an hysterical adolescent girl who professed to be a medium The volume also includes papers on cryptomnesia hysterical parapraxes in reading manic mood disorder simulated insanity and other subjects
