Heart of the Country Greg Matthews, 2016-05-03 This epic Gothic Western about a half Indian outcast who becomes a famous buffalo hunter is a big sprawling novel of the West as it really was The Denver Post Perhaps Joe Cobden was always destined to be an outcast His Indian mother died in childbirth alone on a stagecoach road under a pitch black prairie sky His white father abandoned him in the name of his own ambition The wife of the doctor who adopted him despised him for his mixed race His classmates teased him for his curved spine Joe leaves nothing but pain behind as he lights out for the Kansas frontier It is the 1870s and Joe makes a name for himself as a famed buffalo hunter tracking a phantom white buffalo from the Mississippi River to the Rocky Mountains But his glory days as Joe Buffalo die as quickly as the slaughtered herds and he finds himself forced to settle in Valley Forge where the townsfolk each hide their own twisted secrets A gutsy raunchy rough blunt down to earth or

mud novel in which little is sacred Heart of the Country paints a broad panorama of a demythologized American West populated with unforgettable and often unforgivable characters brought to life with stunning imagery and bold baroque prose Los Angeles Times

From a Child's Mind; to an Adult's Heart Thop Brown,2008-04-28 From a Child s mind to an Adult s Heart is written about my life as I saw it as a child and the adults that made an impact on my life I would like to dedicate this book to all the adults in our community who molded me into the adult I am today I m a living witness that one must be careful in the way we act or the things that we say around a child because children tend to mimic adults We must be careful of the conversations we have when we think children arent listening Those conversations can come back to either honor or embarrass us when the child becomes an adult This book is a prime example of how God allows situations and circumstances to be embedded in some childrens minds and hearts for future references As I look at this world today and how some children have to worry about where their next meal is coming from or whether their mothers are coming home I realize how blessed I was to be born in the era of the 50s where the majority of the adults genuinely cared about the well being of the children This era inspired me to write this book in the hope that it would jog the memory of others causing them to recall how special they felt when adults took the time out of they busy schedules to play ball or any game with them Also some may have forgotten what it was like to be a child without worries I hope that this book brings back memories of how safe and secure some children felt knowing that a set of adult eyes were always watching out for their safety Today children deserve to feel the same type of safety and security that we felt as children This is their God given right Let us give our children the happiness and security that they deserve Out of much love and great respect for the people in my community I have changed the names city streets and gender of some of the characters in my book to protect their identities In the same spirit I deemed it necessary to inform my readers so that they would not be deceived On one hand I know that my readers will find laughter and shed many tears On the other hand the love and devotion that the adults had for each other and us will shine through

Heart's Intent Adrian Snow,Laura Ann,Katrina Curson,2011-05-06 The room was silent save for the tick tock of the ever swinging arm of the grand father clock stuffed into the narrow corner of the small room The room was littered with the remnants of history such an unrelenting force as time had held sway as ages past Heavy motes of dust stood as a silent testimony to the silence which had permeated the room Then like a breath something stirred in the rooms depths Shadows swayed on the wall as a creature unfurled its heavy wings disturbing the settled dust

plumes swirled towards the low cantered ceiling a low rumble echoed hollowly filling the with sound **The Triadic Heart of Śiva** Paul E. Muller-Ortega, 2010-03-31 This book explores one of the most explicit and sophisticated theoretical formulations of tantric yoga It explains Abhinavagupta's teaching about the nature of ultimate reality about the methods for experiencing this ultimate reality and about the nature of the state of realization a condition of embodied enlightenment The author uncovers the conceptual matrix surrounding the practices of the Kaula lineage of Kashmir Shaivism The primary textual basis for the book is provided by Abhinavagupta's Par tr ik laghuv tti a short meditation manual that centers on the symbolism of the Heart mantra SAU **Archaeologies of the Heart** Kisha Supernant, Jane Eva Baxter, Natasha

Lyons, Sonya Atalay, 2020-02-13 Archaeological practice is currently shifting in response to feminist indigenous activist community based and anarchic critiques of how archaeology is practiced and how science is used to interpret the past lives of people Inspired by the calls for a different way of doing archaeology this volume presents a case here for a heart centered archaeological practice Heart centered practice emerged in care based disciplines such as nursing and various forms of therapy as a way to recognize the importance of caring for those on whom we work and as an avenue to explore how our interactions with others impacts our own emotions and heart Archaeologists are disciplined to separate mind and heart a division which harkens back to the origins of western thought The dualism between the mental and the physical is fundamental to the concept that humans can objectively study the world without being immersed in it Scientific approaches to understanding the world assume there is an objective world to be studied and that humans must remove themselves from that world in order to find the truth An archaeology of the heart rejects this dualism rather we see mind body heart and spirit as inextricable An archaeology of the heart provides a new space for thinking through an integrated responsible and grounded archaeology where there is care for the living and the dead acknowledges the need to build responsible relationships with communities and with the archaeological record and emphasize the role of rigor in how work and research is conducted The contributions bring together archaeological practitioners from across the globe in different contexts to explore how heart centered practice can impact archaeological theory methodology and research throughout the discipline
