

Bee-eaters (bird study)

- love the vibrancy of the colors, really like the blue and yellow
- did the painting look too good? I think so
- love the way the wings look, especially the blue and yellow
- maybe a little more detailed around the head, but I think it's good

the only reason I did the black back was because I thought it would look better

- maybe should have used black for the body, but I think it's good
- the way the wings look, especially the blue and yellow
- maybe a little more detailed around the head, but I think it's good

- love the wings of the first one, the second one and maybe the third one, also very like the wings, but I think it's good
- maybe a little more detailed around the head, but I think it's good

- maybe a little more detailed around the head, but I think it's good
- the way the wings look, especially the blue and yellow
- maybe a little more detailed around the head, but I think it's good

definitely a favorite of mine
