Small Perfect Things:

The Short Story Valerie Shaw, 2014-07-21 Throughout this text Valerie Shaw addresses two key questions What are the special satisfactions afforded by reading short stories and How are these satisfactions derived from each story's literary techniques and narrative strategies She then attempts to answer these questions by drawing on stories from different periods and countries by authors who were also great novelists like Henry James Flaubert Kafka and D H Lawrence by authors who specifically dedicated themselves to the art of the short story like Kipling Chekhov and Katherine Mansfield by contemporary practitioners like Angela Carter and Jorge Luis Borges and by unfairly neglected writers like Sarah Orne Jewett and Joel Chandler Harris

Teenage Time Pamela Thurschwell, 2025-07-24 Adolescence has been codified as an unpredictable experimental and liminal time Teenage Time reads this phase as queer in its framing and disruption of developmental narratives of modernity showing that the identity of the teenager as it has been culturally perceived in different epochs developing since the 1940s has shaped the temporal imaginary of the 20th and 21st century From the conception of the teenager after the Second World War through notions of rebellion and consumption peaking in the 1980s and 1990s to representations of their precarious futures amidst the political social economic and environmental uncertainties of today Pamela Thurschwell exposes British and American representations of the adolescent as both destructive and recursive in their disturbance of narrative and teleology in literature film and sub cultural history Calling on theories of queer temporality time studies psychoanalysis and Marxist accounts of modernity this book traces how the teenager is out of time and time travelling commodified anarchic futureless precarious with an uneven distribution of time in relation to race and how they confront dystopias in Young Adult catastrophe literature Covering a wide range of works this book features contemporary and YA fiction such as *The Member of the Wedding* *American Pastoral* *Sula* *The Hate U Give* *The Fault in Our Stars* *How I Live Now* *Never Let Me Go* *The Hunger Games* and *They Both Die at the End* and films including *Donnie Darko* *The Breakfast Club* *Back to the Future* *Say Anything* and *Ghost World* Original and conceptually sophisticated Thurschwell demonstrates how adolescence is formed in dialogue with a crisis in and of historical time revealing the promise and destruction of the modern teenager

The Small Stuff of Roman Antiquity Emily Gowers, 2025-01-21 Why are the small and unimportant relics of Roman antiquity often the most enduring in both material form and our affections Through close encounters with minor things such as insects brief lives quibbles irritants and jokes Emily Gowers provocatively argues that much of what the Romans dismissed as superfluous or peripheral in fact took up immense imaginative space There is much to learn from what didn't or shouldn't matter It was often through the small stuff that the Romans most acutely probed and challenged their society's overarching

values and priorities and its sense of proportion and justice By marking the spots where the apparently pointless becomes significant this book radically adjusts our understanding of the Romans and their world as well as our own minor feelings and intimate preoccupations *Christ in humanity* Jane Fisher,1914 **Being Michael Swanwick** Alvaro
