Small In The Eye Of A River:

Small in the Eye of a River Frank Mele, 1999-08 These unique essays and stories celebrate a life in which fly fishing is the central ingredient from the magical qualities of a blue dun neck to the intermingling of love music fly fishing and the haunting life of rivers The nine tales and reflections are characterized by a restless searching quality Each piece is different Each registers a unique point of view In some cases Mele speculates about the elusive properties of the blue dun necks as he searches for some ultimate shade and texture some way to define their delicacy at other times he seeks the perfect bamboo fly rod one that will meet all of his exacting dry fly demands At times the world of fly fishing leads him to explore the life of close friends like Dan Brennan or old masters like Theodore Gordon and at times that same world becomes inextricable with the need to protect rivers or his love and practice of music Frank Mele brought a new voice to angling literature delicate elusive earthy witty and ultimately wise Fly fishers everywhere will enjoy this unusual and memorable book 53 4 X 81 2 162 pages

Chinese Fishes David L.G. Noakes, Aldemaro Romero, Yahui Zhao, Yingqi Zhou, 2009-11-18 This book documents the current state of research by Chinese scientists on fish biology and fisheries and brings together manuscripts by authors from research institutions universities and government agencies There are papers on aquaculture life history genetics marine and freshwater biology conservation physiology new species descriptions and truly amazing hypogean fishes The information on these remarkable cave species shows how much we have yet to learn from that

incredible fauna There are papers dealing with some of the largest fishes and some of the smallest cave species There are papers dealing with some of the most traditional forms of aquaculture and others with the most modern molecular techniques The volume includes papers on critically threatened native fishes as well as the most common food species such as grass carp *Ctenopharyngodon idella* The information on rare and threatened species shows how China is dealing with their endangered fishes The information on their carp species will be invaluable to those in other countries who will either take advantage of the productive carp species in aquaculture or try to manage them as invasive species outside China For the first time we bring together a complete overview of the state of fisheries research in China
