Jealousy of Trade Istvan Hont, 2005-08-31 The author focuses on Adam Smith and his contemporaries who pondered these issues particularly the nature and development of commercial society They attempted to come to terms with the claim that on the one hand the market was a decisive element in economic progress and on the other that its workings depended upon the release of the immoral desires of fallen men and that its consequences were socially and politically destabilizing

Hont reconstructs the salient features of this controversy between the proponents of market sociability and its most trenchant critics In doing so he has helped to locate historically the most important arguments at the heart of the emergence of modernity Jacket *The Mixer and Server* ,1928 *Morrissey FAQ* D.
