Slouching Towards Gomorrah Modern Liberalism And American Decline:

Slouching Towards Gomorrah Robert H. Bork, 2010-11-16 In this New York Times bestselling book Robert H Bork our country's most distinguished conservative scholar offers a prophetic and unprecedented view of a culture in decline a nation in such serious moral trouble that its very foundation is crumbling a nation that slouches not towards the Bethlehem envisioned by the poet Yeats in 1919 but towards Gomorrah *Slouching Towards Gomorrah* is a penetrating devastatingly insightful exposé of a country in crisis at the end of the millennium where the rise of modern liberalism which stresses the dual forces of radical egalitarianism the equality of outcomes rather than opportunities and radical individualism the drastic reduction of limits to personal gratification has undermined our culture our intellect and our morality In a new Afterword the author highlights recent disturbing trends in our laws and society with special attention to matters of sex and censorship race relations and the relentless erosion of American moral values The alarm he sounds is more sobering than ever we can accept our fate and try to insulate ourselves from the effects of a degenerating culture or we can choose to halt the beast to oppose modern liberalism in every arena The will to resist he warns remains our only hope Gay Marriage and Democracy Claire R. Snyder, 2006-02-02 This book discusses the context for and arguments in favor of same sex marriage in the United States Losing Our Virtue David F. Wells, 1999-02 Why the Church must recover its moral vision *Cultural Studies and Political Theory* Jodi Dean, 2018-10-18 This ambitious collection of work at the intersection of cultural studies and contemporary political theory brings together leading thinkers from both traditions Challenging the terms that have shaped the last 20 years of culture wars the essays in *Cultural Studies and Political Theory* reject the accusations of the right that everything is political and of the left that politics is everything They respond with an alternative with an exploration of processes of politicization and culturalization that asks what does it mean for something to be political In affirming that there are different answers to this question the contributors to *Cultural Studies and Political Theory* expand definitions of politics in light of transformations in globally networked consumer driven mediated technoculture Comprehending the production of the political is crucial at a time when the political and the cultural can no longer be decoupled and when we cannot know in advance who we are By gathering the work of theorists who are redefining approaches to politics and culture Jodi Dean establishes a set of directives for theoretical work at a new crossroads **Krakowskie Studia Międzynarodowe 2009/2** Andrzej Bryk, 2009-04-09 Introduction *Virtus nobilitat* Andrzej Bryk Harvey Mansfield and *Virtue in the Arid Land of Modern Liberalism* Andrzej Bryk *Whence Virtue Whence Justice Whence Morality America and Modernity* Wilfred M McClay *The Soul of a Nation American Civil Religion After 9 11* Chantal Delsol *Tocqueville and Pantheism* Robert P Kraynak *The Relation of Christianity and Liberal Democracy in America* Gerard V Bradley *The Audacity of Faith* Rogers M Smith *Religion and America's Politics of Peoplehood* Richard Gamble *Religion and Politics in the Shining City How the Winthrop Message Became the Reagan Message* Michael Zuckert *Thinkin about Lincoln* Peter Augustine Lawler *Building Better than They Knew*

Wisensale,2015-05-15 Written in an accessible case study format this groundbreaking work explores the formulation implementation and evaluation of family leave policy in the United States from its beginnings at the state level in the early 1980s through the adoption of the federal Family and Medical Leave Act of 1993 and beyond to the present day With a political economy perspective the book identifies the major economic and social forces affecting both the family and the workplace And drawing on original primary research it examines how the political system has responded to this evolving issue with various policy initiatives *Why We're Liberals* Eric Alterman,2008-03-13 The bestselling author and Newsweek columnist takes a characteristically irreverent look at the rampant mistreatment of liberals and liberalism The most honest and incisive media critic writing today National Catholic Reporter Eric Alterman is committed to restoring the liberal tradition to its honored place as the political philosophy of mainstream American citizens In this bracing and well documented counterattack on right wing spin and misinformation Alterman briskly disposes of the canards and false definitions that have been foisted upon liberals by the right and have been accepted unquestioningly by nearly everyone else The perfect post election book for all those who are ready to fight back against the conservative mudslinging machine and reclaim their voices in the political process *Why We re Liberals* brings clarity and perspective to the possibility of a new day in America *First Principles* Scott Douglas Gerber,1999 Clarence Thomas is one of the most vilified public figures of our day To date however his legal philosophy has received only cursory treatment *First Principles* provides a portrait of Thomas based not on the justice s caricatured reputation but on his judicial opinions and votes his scholarly writings and his public speeches The paperback edition includes a provocative new Afterword by the author bringing the book up to date by assessing Justice Thomas s performance and the reaction to his decisions during the last five years **Karla Marx [and the Man-haters]** Marshall Rockford Goodman,2014-08-12 With eye opening revelations *Karla Marx and the Man haters* explores the past and present politics of the women s movement in seven chapters Politics Family Media Government Education Finance and Religion More than 400 endnotes and citations are provided Karl Marx compiled *Manifesto of the Communist Party* in 1848 Now we have *Karla Marx* who personifies today s radical feminist activist with her egregious messages of liberation and equality that covertly limit our rights and subtly usurp our freedom through authoritarian control *Karla Marx* was first published in 2008 Now this latest edition incorporates updates revisions and original material in two new chapters and more than 75 new pages An electronic version is also available most through most online retailers *Dishonorable Passions* William N. Eskridge Jr.,2008-05-01 From the Pentagon to the wedding chapel there are few issues more

controversial today than gay rights As William Eskridge persuasively demonstrates in *Dishonorable Passions* there is nothing new about this political and legal obsession The American colonies and the early states prohibited sodomy as the crime against nature but rarely punished such conduct if it took place behind closed doors By the twentieth century America's emerging regulatory state targeted degenerates and later homosexuals The witch hunts of the McCarthy era caught very few Communists but ruined the lives of thousands of homosexuals The nation's sexual revolution of the 1960s fueled a social movement of people seeking repeal of sodomy laws but it was not until the Supreme Court's decision in *Lawrence v Texas* 2003 that private sex between consenting adults was decriminalized With dramatic stories of both the hunted Walt Whitman and Margaret Mead and the hunters Earl Warren and J Edgar Hoover *Dishonorable Passions* reveals how American sodomy laws affected the lives of both homosexual and heterosexual Americans Certain to provoke heated debate *Dishonorable Passions* is a must read for anyone interested in the history of sexuality and its regulation in the United States **Civil**

Paul

Scalia, 2017-03-25 Fr Paul Scalia reveals a scholar's mind and a pastor's heart in these inspiring reflections on a wide range of Catholic teachings and practices Rooted in Scripture the beauty and truth of these insights places the reader on a path to a deeper more meaningful relationship with God While keeping the focus on the theology and teachings of the Church Fr Scalia also covers these topics shows the unity that comes from the seven sacraments provides a road map to a life of grace encourages a strong devotion to our Blessed Mother provides guidance on how to develop a continuous conversation with God These ponderings are coupled with powerful and moving introductory essays penned by highly regarded Catholics each offering a glimpse into the Catholic faith realized Rev Paul Check Jim Towey Dr Scott Hahn Mary Ellen Bork Gloria Purvis Raymond Arroyo Lizz Lovett and Helen Alvare each open a section of the book with a personal account of his or her

interaction with the faith Fr Scalia's writings then offer insight into developing and growing one's faith and relationship with God. Additionally, Archbishop Charles Chaput offers a thought-provoking foreword to help the reader with a meaningful journey through the many aspects of the Catholic faith presented throughout this book. Understanding Law in a Changing Society Bruce E. Altschuler, Celia A. Sgroi, Margaret R. Ryniker, 2016-01-08 To most Americans the law, especially noncriminal law, is a mystery that only someone with a law degree can solve. Understanding Law in a Changing Society renders the complexity of law at a level that everyone can understand. The book walks readers through the structure of the legal system, different divisions of civil law, and the core concepts and distinctions that underlie contemporary legal thought. It also provides insight into the way law and social change affect one another. With this revised and updated third edition, the authors have incorporated an updated preface and a new introduction. Outlined as a How to Brief a Case section, included new case studies, readings, and You be the Judge features for selected chapters, and for the first time added a glossary of legal terms and key websites to the book. Important developments in judicial selection, the state secrets doctrine, and family law, including same-sex marriage, child custody, and unwed fathers' rights, are highlighted. **The Oxford Handbook of Decadence** Jane Desmarais, David Weir, 2022 The Oxford Handbook of Decadence provides the most thorough examination of decadence to date by exploring the ramifications of this culture in different times and places, from ancient Rome to contemporary America. Thirty-five wide-ranging chapters address decadence not only in literature but also in film, fashion, architecture, and more, as well as in such fields as theology, science, psychoanalysis, philosophy, and politics. **Bound Together** Chris Brauns, 2013-03-05 We are not just isolated individuals. Instead, our lives are woven together with others. We have solidarity with other people; the choices one person makes affect the lives of others, for good and for bad. Because much of the pain we endure in life is in the context of relationships, this truth often strikes us as unfair. Why should a child suffer because of the choices of his parents? And on a grander scale, why do we all suffer the curse of Adam's sin? Why should anyone be judged for someone else's sin? In Bound Together, Chris Brauns unpacks the truth that we are bound to one another and to the whole of creation. He calls this the principle of the rope. Grasping this foundational principle sheds new light on marriage, the dynamics of family relationships, and the reason why everyone lives with the consequences of the sins that others commit. Brauns shows how the principle of the rope is both bad news and good news, revealing a depth to the message of the gospel that many of us have never seen before. *Individualism and the Social Order* Charles Robert McCann, 2004 This book provides readers with a thorough treatment of liberal doctrine both in its political theory and economic policy dimensions. Contemporary Critical Thought in Africology and Africana Studies Molefi Kete Asante, Clyde Ledbetter Jr., 2015-12-30 Although traditional academic circles rarely celebrate the work of African or African American thinkers because performers and political figures were more acceptable to narrating histories, this work projects the ideas of several writers with the confidence that Africology, the Afrocentric study of African phenomena, represents an oasis of innovation in progressive

venues The book brings together some of the most discussed theorists and intellectuals in the field of Africology Africana Studies for the purpose of sparking further debate critical interpretations and extensions and to reform and reformulate the way we approach our critical thought The contributors Afrocentric approach offers new interpretations and analysis and challenges the predominant frameworks in diverse areas such as philosophy social justice literature and history **Political Science Research Methods: Exploring America At A Crossroads** Cal Clark,2013-08-28 The principal goal of this textbook is to provide clear and elementary descriptions of the major statistical techniques used in political and social science research The book is built on two basic assumptions First that it is possible to explain social science statistics in a simple and straightforward manner so that students with a minimal background in math can understand even fairly advanced techniques such as multiple and logistic regression Second that undergraduate and even graduate students have less trouble in understanding specific techniques than in interpreting what statistical results mean substantively Consequently the book stresses the interpretation of research findings In essence the book argues that political science research is like piecing a jigsaw puzzle together Pieces of information statistical and non statistical must be assembled and interpreted both logically and creatively The text is organized in a unique manner using the various techniques being discussed to analyze the current state of the United States as it seemingly stands at a crossroads in both its political orientations and socioeconomic nature To make the statistical interpretation more meaningful and easier to understand the results throughout the book are integrated by their focus upon two central questions related to the theme of America at a Crossroads Are Americans conservative or liberal in their political beliefs How do economic and social outcomes in America compare to those in other developed democracies **America Right Or Wrong** Anatol Lieven,2012-09-27 This examination of the American national character provides a sobering look at the course foreign policy has taken since 9 11 revealing how the combination of two contradictory brands of nationalism have undermined American security and the war against terrorism Publisher s description
