The Breaking Of Style Hopkins Heaney Graham:

The Breaking of Style Helen Vendler, 1995 Lucid and elegant a tour de force A O Scott Nation Three lectures on the fraught process of poetic development from a titan of contemporary criticism Style is the material body of lyric poetry To cast off an earlier style is to commit an act of violence against the creative self Why do poets so often make these dramatic breaks In her 1994 Richard Ellman Lectures Helen Vendler investigates poets motives for inventing a new voice along with their means of doing so Exploring three archetypal ruptures she yields a new view of the interplay of moral emotional and intellectual forces in each poet s work Gerard Manley Hopkins s invention of sprung rhythm marks a radical break with his early style Rhythm Vendler shows us is at the heart of Hopkins s aesthetic and sprung rhythm is his symbol for danger difference and the shock of the beautiful In Seamus Heaney s work she identifies clear shifts in grammatical atmosphere from one poem to the next from nounness to the betweenness of an adverbial style shifts whose moral and political implications come under scrutiny here And finally Vendler looks at Jorie Graham s departure from short lines to numbered lines to squared long lines of sentences marking a move from deliberation to cinematic freeze framing to coverage each with its own meaning in this poet s career Throughout Vendler reminds us that what distinguishes successful poetry is a mastery of language at all levels including the rhythmic the grammatical and the graphic A lucid reading of three poets and a superb exposition of the craft of poetry *The Breaking of Style* revives our lapsed sense of what style means **Back to the**

Jones, 2018-08-08 *Fossil Poetry* provides the first book length overview of the place of Anglo Saxon in nineteenth century poetry in English It addresses the use and role of Anglo Saxon as a resource by Romantic and Victorian poets in their own compositions as well as the construction and invention of Anglo Saxon in and by nineteenth century poetry *Fossil Poetry* takes its title from a famous passage on early language in the essays of Ralph Waldo Emerson and uses the metaphor of the

fossil to contextualize poetic Anglo Saxonism within the developments that had been taking place in the fields of geology palaeontology and the evolutionary life sciences since James Hutton's apprehension of deep time in his 1788 *Theory of the Earth* Fossil Poetry argues that two roughly consecutive phases of poetic Anglo Saxonism took place over the course of the nineteenth century firstly a phase of constant roots whereby Anglo Saxon is constructed to resemble and so to legitimize a tradition of English Romanticism conceived as essential and unchanging secondly a phase in which the strangeness of many of the extinct philological forms of early English is acknowledged and becomes concurrent with a desire to recover and recuperate the fossils of Anglo Saxon within contemporary English poetry The volume advances new readings of work by a variety of poets including Walter Scott Henry Longfellow William Wordsworth William Barnes Walt Whitman Ralph Waldo Emerson William Morris Alfred Tennyson and Gerard Hopkins

Confessing the Flesh Lesley Higgins, 2025-06-26 A new theoretical reading of the renowned poet and Jesuit priest *Confessing the Flesh* is an expansive interdisciplinary analysis of how aesthetic and religious discourses function in dialogue in the work of Gerard Manley Hopkins the celebrated Victorian era poet and Catholic priest Through Hopkins Lesley Higgins reveals how religion was expressed lived and debated in the nineteenth century Both a comprehensive analysis of innovative Victorian poetry and a cultural history of confession this book builds on previous Hopkins criticism by adopting a new approach informed by feminist and Foucauldian theory With its analysis of the cultural conditions and power relations that sustained religious belief and poetic expression in the Victorian age *Confessing the Flesh* offers new insights on the perennial question of Hopkins's religious commitments And with its examination of everything from theological treatises to Punch cartoons Higgins's exploration of Hopkins's confessional modes uncovers the ways that gender and nation become implicated in confessional controversies and fleshly entanglements

The Frugal Chariot Francis L. Fennell, 2023-12-06 If you love poetry this book is about you and for you It doesn't matter whether you are a scholar or a lover of beautiful poetry this book brings everyone together by responding to a current crisis the falling interest in and support for the humanities especially poetry This book argues that the most fruitful place to begin to reinvigorate literary reading and thus the humanities is with the close and careful attention to the experience of non academic readers This book explores their experiences listening carefully to what they have to say how they you respond to poetry why you love it The book shows in other words at least a partial cure for that falling interest in the humanities which gets so much attention in newspapers and on TV The book employs the poetry of Gerard Manley Hopkins and lets him supply the illustrative material Hopkins is one of the seven most read poets in the English language but you do not have to know Hopkins well to understand the revolutionary approach to poetry and literary study that this book offers

Victorian Poetry and the Culture of Evaluation Clara Dawson, 2020-02-27 *Victorian Poetry and the Culture of Evaluation* argues that the dialectic and dynamic relationship between the periodical review and poetry creates a culture of evaluation which shapes Victorian poetic form The mediation of poetry by the periodical review orients poets towards public readership and reception

heightening their self consciousness about their audience and generating a poetics of publicness Using methodologies associated with historical poetics and new formalism the book examines the dialogues between poets and periodical reviews from the 1830s to the 1860s It juxtaposes male and female poets and canonical and uncanonical texts Challenging the critical binaries of fame and celebrity the culture of evaluation posits a new way of reading Victorian poetry It illuminates poets engagement with the immediacy and inevitability of writing for the present and for the contemporary media through which poetry was read and disseminated New patterns of reception were created by mass print culture and both poets and reviewers were preoccupied with reaching the newly constituted mass audience The changes to the material forms of poetry e g through the periodical or gift book and the subjection to the commercial imperatives of the literary marketplace encouraged bold experiment with verse The book identifies three poetic strategies for articulating the preoccupation with a mass audience and the demands of mass media voice style and address Chapters on voice style and address explore the development of poetic form in dialogue with periodical reviews

Notework Simon Reader, 2021-06-22 Notework begins with a striking insight the writer s notebook is a genre in itself Simon Reader pursues this argument in original readings of unpublished writing by prominent Victorians offering an expansive approach to literary formalism for the twenty first century Neither drafts nor diaries the notes of Charles Darwin Oscar Wilde Gerard Manley Hopkins Vernon Lee and George Gissing record ephemeral and nonlinear experiences revealing each author s desire to leave their fragments scattered and unused Presenting notes in terms of genre allows Reader to suggest inventive new accounts of key Victorian texts including The Picture of Dorian Gray On the Origin of Species and Hopkins s devotional lyrics and to reinterpret these works as meditations on the ethics of compiling and using data In this way Notework recasts information collection as a personal and expressive activity that comes into focus against large scale

systems of knowledge organization Finding resonance between today's digital culture and its nineteenth century precursors Reader honors our most disposable improvised and fleeting written gestures *Encyclopedia of American Poetry: The Twentieth Century* Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States *Poetry and Its Others* Jahan Ramazani, 2022-12-22 What is poetry Often it is understood as a largely self enclosed verbal system suspended from any mutual interaction with alien discourse in the words of Mikhail Bakhtin But in Poetry and Its Others Jahan Ramazani reveals modern and contemporary poetry's animated dialogue with other genres and discourses Poetry generates rich new possibilities he argues by absorbing and contending with its near verbal relatives Exploring poetry's vibrant exchanges with other forms of writing Ramazani shows how poetry assimilates features of prose fiction but differentiates itself from novelistic realism metabolizes aspects of theory and philosophy but refuses their abstract procedures and recognizes itself in the verbal precision of the law even as it separates itself from the law's rationalism But poetry's most frequent interlocutors he demonstrates are news prayer and song Poets such as William Carlos Williams and W H Auden refashioned poetry to absorb the news while expanding its contexts T S Eliot and Charles Wright drew on the intimacy of prayer though resisting its limits and Paul Muldoon Rae Armantrout and Patience Agbabi have played with and against song lyrics and techniques Encompassing a cultural and stylistic range of writing unsurpassed by other studies of poetry Poetry and Its Others shows that we understand what poetry is by examining its interplay with what it is not
