A Biblical Theology of Christian Discipleship Johnny Turner, 2021-06-11 A Biblical Theology of Christian Discipleship is a spiritual resource that examines the biblical and theological doctrines to do ministry amid challenges and oppositions The role of the church is to persuade individuals to establish a philosophy of authentic discipleship This book challenges the church to walk humbly before God as genuine disciples The primary focus is to carefully follow Christ's mandate of the Great Commission in Matthew 28:18-20 Go and make disciples More importantly the book describes how the church can effectively use different methods and principles to better prepare believers for Christ

Biblical Counseling and the Church Bob Kelleman, 2015-11-03 As people face addictions deal with loss and grief and seek help in restoring broken relationships where can they turn for counsel and assistance The local church has been uniquely blessed with the gift of the gospel and is able to offer hope and counsel that no other institution on earth can In Biblical Counseling and the Church Bob Kelleman and Kevin Carson have assembled over twenty respected ministry leaders who examine the relationship between counseling and the church This comprehensive resource part of the Biblical Counseling Coalition series helps leaders and counselors develop a vision that goes beyond being a church with a biblical counseling ministry to becoming a church of biblical counseling a church culture that is saturated by one another ministry Divided into five parts Biblical Counseling and the Church will help church leaders Unite the pulpit ministry of preaching the Word with the personal ministry of the Word in counseling Offer practical and theological training to equip counselors Launch and lead a counseling ministry regardless of the size of your church Bring together the relational focus of small group ministry with the ministry of care and counseling Better understand the relationship between biblical counseling church discipline and conflict resolution Learn how to use counseling in outreach through missional biblical counseling moving biblical counseling beyond the doors of the church and into the world

The Realities of Money and Missions Jonathan J. Bonk, Michel G. Distefano, J. Nelson Jennings, Jinbong Kim, Jae Hoon Lee, 2022-03-21 Integrity Viability and Accountability Perhaps there is no greater challenge in missions than money Paul reminds us For we are taking pains to do what is right not only in the eyes of the Lord but also in the eyes of man 2 Cor 8:21 Money sufficient to assure the viability of one's life work carries with it an insidious ethical virus that can easily infect the integrity and accountability of its stewards The Realities of Money Missions provides a unique level of credibility and transparency as it calls for evangelicals to reevaluate their relationship with money both personally and corporately Global case studies workshops and testimonials cover a broad range of topics such as Misalignment between fiscal theology and practice Environmental stewardship community development and business as mission Mobilization fundraising practices and faith financing Short term missions patronage and dependency Power dynamics and structural injustice The Realities of Money Missions was not written by experts in the fields of investment

money management or fundraising but by men and women whose calling as missionaries pastors and administrators has brought them face to face with the complex real life issues involving the intersection of money and ministry Read on and be challenged to change Scripture and Counseling Bob Kellemen,2014-10-07 What role does Scripture play in counseling Today we face a weakening of confidence in the Bible This is just as true for the pastor offering counsel in his office as it is for the person in the pew talking with a struggling friend We need to regain our confidence in God s living Word as sufficient to address the real life issues we face today Scripture and Counseling will help you understand how the Bible equips us to grow in counseling competence as we use it to tackle the complex issues of life Divided into two sections Part One develops a robust biblical view of Scripture s sufficiency for life and godliness leading to increased confidence in God s Word Part Two teaches how to use Scripture in the counseling process This section demonstrates how a firm grasp of the sufficiency of Scripture leads to increased competence in the ancient art of personally ministering God s Word to others Part of the Biblical Counseling Coalition series Scripture and Counseling brings you the wisdom of twenty ministry leaders who write so you can have confidence that God s Word is sufficient necessary and relevant to equip God s people to address the complex issues of life in a broken world It blends theological wisdom with practical expertise and is accessible to pastors church leaders counseling practitioners and students equipping them to minister the truth and power of God s word in the context of biblical counseling soul care spiritual direction pastoral care and small group facilitation The Church as a Culture of Care T. Dale Johnson, Jr.,2021-10-04 We all know people in our world are struggling eating disorders addictions depression sexual issues marital problems the list goes on and on Can the church help or is that an outdated concept that no longer fits modern problems Biblical counselor Dale Johnson explains that the church is still the primary place where those who struggle

The Church as the Family of God and the Care for Creation Khisi, Maximian,2019-02-19 Of late there has grown in African Catholicism the concept of Church as the Family of God Familia Dei which has enhanced greater social cohesion among the members of the Church and strengthened interpersonal relationships among them This book is an endeavour to offer a path towards the solution of the problem of environmental crisis through the theological discipline of ecclesiology Using the Catholic Archdiocese of Lilongwe s understanding of Church as the Family of God the book concludes that the application of the concept of Church as family of God while bringing great social cohesion among the people failed to extend to human relationships with the natural world in fact It has broadened the human feeling of superiority over the natural environment The book provides an ecclesiological complementarity which promotes a universal fraternity among people and the natural world and recommends an ecclesiological concept of Church as New Creation Nova creatio This would serve as a call for human beings to make a new ecological conversion leading new lifestyles change in their models of nature worldviews and change in the models of production and consumption Fides Et Historia ,1997 *Discipleship Essentials* Greg Ogden,2007-11-29 Greg Ogden presents 25 sessions on growing in spiritual maturity Second edition includes a new

Points of Connection Realizing the Potential for Improving the Church Membership Process Church member assimilation is key to growth for the Christian and has been particularly difficult for many churches since the recent pandemic A highly assimilated church is a church where all members are encouraged in tangible ways in their walk with Jesus Christ as their personal Savior by embodying the great apologetic but speaking the truth in love we are to grow up in all aspects into Him who is the head that is Christ from whom the whole body being fitted and held together by what every joint supplies according to the proper working of each individual part causes the growth of the body for the building up of itself in love Ephesians 4 15 16 NASB 2020 Using a structured program evaluation the author sought to gain insight from new church members by interviewing a cross section of new members who had joined within a two year period Participants included a diverse group of church members including younger adults single adults married adults seasoned believers and new believers ensuring that all demographics of the church family were represented The participants interviewed had ample time to assimilate prior to the interviews The end goal was to determine why some members might not be assimilating well since joining the church and to get more members on the path to discipleship and service and connection to the local body of Christ through participatory membership The responses identified ways that the church can reach more people increase engagement and move people along to serving well as fully assimilated members In a supported effort to assimilate church members well this book will showcase a streamlined process of walking new members through the process of assimilation by helping them to connect with other believers with church leadership and with areas of service where they may employ their spiritual gifts This book may serve as a guided resource for pastors church staff members and leaders in the church as they help new members to find points of connection within the church
