Bridging Theory and Practice in Children's Spirituality Zondervan,2020-04-21 Bridging Theory and Practice in Children's Spirituality explores the different contexts, methods, and situations that influence and foster a child's spirituality and faith development. Through a blend of theoretical understanding held in tension with practical application, it equips those who are in or being prepared for the varied contexts where children are spiritually formed. It represents a broad range of Christian expression, writing from a Christ-centered perspective that furthers the conversation about the next steps in children's spirituality and faith development. Moving beyond the basics of faith nurture and what makes for effective ministry, this resource deepens our understanding of the practices in children's lives by bringing together the best of theory and practice and includes contributions from Dr. Scottie May, Wheaton College; Dr. Kevin Lawson, Biola University; Dr. Erik Carter, Vanderbilt University; John Roberto, Vibrant Faith; Dr. Dana Kennamer, Pemberton; Abilene Christian University; Dr. Shirley Morganthaler, Concordia University, Chicago; Dr. Holly Catterton, Allen; Lipscomb University; Dr. Robert Keeley, Calvin College; and Calvin Seminary. Dr. Mimi Larson, Wheaton College; Lacy Finn Borgo, Renovar Institute, and others. Pastors, professors, seminary students, and children's ministry leaders and practitioners all believe that nurturing a child's spiritual development is important. Yet often they are unsure about which current trends should be embraced. This book will help equip these people with the grounding needed to evaluate trends and with specific suggestions for moving forward. With short, accessibly written chapters, it helps pastors and leaders stay up to date with current trends and is an excellent resource for teaching in college and seminary classrooms.
