Writing a Graduate Thesis or Dissertation Lorrie Blair, 2016-02-10. The Teaching Writing series publishes user-friendly writing guides penned by authors with publishing records in their subject matter. Blair's practical book gives graduate students the tools they need to successfully plan, write, and defend their thesis or dissertation. Combining years of supervisory experience with up-to-date research, Blair addresses issues important to graduate students that are often left out of these guides, including how to navigate the ethics review process and avoid problems related to academic integrity such as plagiarism; how to select and prepare for a productive meeting with a supervisor; and how to establish an academic track record by presenting research at conferences and publishing in academic journals. *Writing a Graduate Thesis or Dissertation* offers much more than its title suggests. It is a thorough and succinct guide to succeeding in graduate school, appropriate for thesis and research methods courses, and a must-read for graduate students across the disciplines.
