The Bright Country A Fishermans Return To Trout Wild Water And Himself:

The Bright Country Harry Middleton, 2000 When Harry Middleton lost his job at a prominent magazine it was but the beginning of what turned out to be a year marked by personal crisis In the course of that year as he searched for new work and battled severe depression he eventually ended up in Denver where he began exploring the high mountain country west of the city For Middleton the turning point in his long journey through life s dark side came with the discovery of a blind brown trout in a Rocky Mountain stream where Middleton spent his every spare moment feeding what he calls his terrible addiction to fly fishing That bright river and the blind trout would assume a larger significance and become for him a metaphor for struggle and survival Middleton s terms with life as it is with the fits and starts of the human condition seems always to involve trout and fly fishing Middleton s books are dominated not only by memorable rivers and trout but also by some of literature s most colorful comical and fascinating people The Bright Country is no exception As we follow Middleton on his journey through the terrain of paradise and hell we meet Swami Bill president and CEO of the Holistic Motor Court Ashram his main squeeze the heartbreakingly beautiful Kiwi LaReaux a short order cook who spends his nights on the roof of a west Texas hotel looking at the night sky through a cracked telescope there is the life and death of truth Dr truth the seductive Mi Oh hostess at the Now and of course the blind brown trout in its blind eyes Middleton finds not dead shadows but living light

Claude

Evans, 2012-02-01 We eat inevitably at the expense of other living creatures How can we take the lives of plants and animals while maintaining a proper respect for both ecosystems and the individuals who live in them including ourselves In this book philosopher J Claude Evans challenges much of the accepted wisdom in environmental ethics and argues that human participation in the natural cycles of life and death can have positive moral value With a guide for the nonphilosophical reader and set against the background of careful and penetrating critiques of Albert Schweitzer's principle of reverence for life and Paul Taylor's philosophy of respect for nature Evans uses hunting and catch and release fishing as test cases in calling for a robust sense of membership in the natural world The result is an approachable existential philosophy that emphasizes the positive value of human involvement in natural processes in which life and death giving and receiving self and other are intertwined The Gift of Trout Ted Leeson, 1996 Features such celebrated writers as David Quammen Roderick Haig Brown and Thomas McGuane *Aethlon* , 2000 The journal of sport literature **Rivers** , 1995 **On the Spine of Time** Harry Middleton, 1997 The entrancing new work by Harry Middleton the author of the popular *The Earth Is Enough* This is a fisherman's appreciation of the wonderfully wild Great Smoky Mountains which straddle the Tennessee North Carolina border and includes lyrical accounts of eccentric people evanescent landscapes and unexpected climates among the permanence of the mountains
