Lissi, 1993-09-01 The Salamander an ancient symbol of emerging awareness is an appropriate icon for these four volumes dedicated to the new consciousness In Buddhist Handbook the pilgrim will find the main teachings leading to inner attainment of truth attitude enlightenment purity and other desirable qualities The wisdom of the ages awaits within these four journeys Enjoy and study each volume and reap the benefits

The ^ANew Buddhism James William Coleman, 2002-05-16 In our multicultural society faiths formerly seen as exotic have become attractive alternatives for many people seeking more satisfying spiritual lives This is especially true of Buddhism which is the focus of constant media attention thanks at least in part to celebrity converts major motion pictures and the popularity of the Dalai Lama Following this recent trend in the West author James Coleman argues that a new and radically different form of this ancient faith is emerging The New Buddhism sheds new light on this recent evolution of Buddhist practice in the West After briefly recounting the beginnings and spread of Buddhism in the East Coleman chronicles its reinterpretation by key Western teachers in the nineteenth and twentieth centuries ranging from the British poet Sir Edwin Arnold to the Beat writer Alan Watts Turning to the contemporary scene he finds that Western teachers have borrowed liberally from different Buddhist traditions that never intersect in their original contexts Men and women practice together as equals ceremonies and rituals are simpler more direct and not believed to have magical effects Moreover the new Buddhism has made the path of meditation and spiritual awakening available to everyone not just an elite cadre of monks Drawing on interviews with noted teachers and lay practitioners as well as a survey completed by members of seven North American Buddhist centers Coleman depicts the colorful variety of new Buddhists today from dilettantes to devoted students and the dedicated teachers who guide their spiritual progress He also details the problems that have arisen because of some Western influences especially with regard to gender roles sex and power Exploring the appeal of this exotic faith in

postmodern society and questioning its future in a global consumer culture The New Buddhism provides a thorough and fascinating guide to Western Buddhism today **Buddhism** Merv Fowler,1999-01-01 There is an immense diversity and richness in the matrix of belief systems commonly known as Buddhism This text discusses issues such as the legacy of India and the life of the Buddha Information is included on the beliefs and practices of the Mahayana and Theraveda schools
