[The Angola Horror](#) Charity Vogel, 2013-08-30 On December 18 1867 the Buffalo and Erie Railroad's eastbound New York Express

derailed as it approached the high truss bridge over Big Sister Creek just east of the small settlement of Angola New York on the shores of Lake Erie The last two cars of the express train were pitched completely off the tracks and plummeted into the creek bed below When they struck bottom one of the wrecked cars was immediately engulfed in flames as the heating stoves in the coach spilled out coals and ignited its wooden timbers The other car was badly smashed About fifty people died at the bottom of the gorge or shortly thereafter and dozens more were injured Rescuers from the small rural community responded with haste but there was almost nothing they could do but listen to the cries of the dying and carry away the dead and injured thrown clear of the fiery wreck The next day and in the weeks that followed newspapers across the country carried news of the Angola Horror one of the deadliest railway accidents to that point in U S history In a dramatic historical narrative Charity Vogel tells the gripping true to life story of the wreck and the characters involved in the tragic accident Her tale weaves together the stories of the people some unknown others soon to be famous caught up in the disaster the facts of the New York Express s fateful run the fiery scenes in the creek ravine and the subsequent legal legislative and journalistic search for answers to the question what had happened at Angola and why The Angola Horror is a classic story of disaster and its aftermath in which events coincide to produce horrific consequences and people are forced to respond to experiences that test the limits of their endurance Vogel sets the Angola Horror against a broader context of the developing technology of railroads the culture of the nation s print media the public policy legislation of the post Civil War era and finally the culture of death and mourning in the Victorian period The Angola Horror sheds light on the psyche of the American nation The fatal wreck of an express train nine years later during a similar bridge crossing in Ashtabula Ohio serves as a chilling coda to the story
