Modern Chinese Writers Helmut Martin, Jeffrey C. Kinkley, 2016-09-16 This volume gathers personal reflections on life and literature by 44 of China's leading authors It aims to illustrate how Chinese society and its creative writing have supported competed and fought with each other for the past 40 years and more Much of what is revealed here is mundane but the pressure of bringing art to social and political causes indeed the universal pressure to survive forges this collection into a very human document The strengths and weaknesses of these essays offer a window on those of modern Chinese literature itself Realism was the favoured literary doctrine of the day and reflecting this most of these essays speak for themselves about war revolution betrayal and commitment

Modernizing China A. Doak Barnett, 2019-03-05 Since the death of Mao China has entered a new period in its development Turning away from the all encompassing emphasis on revolutionary struggle and ideological transformation that characterized the last years of the Maoist era China's leaders under Deng Xiaoping have initiated dramatic new reform and development policies In original essays the contributors all senior specialists on contemporary China analyze the reasons for the new policies the nature and impact of the changes now occurring and the prospects for a continuation of these policies in the future Specifically they examine the Chinese polity as a consultative authoritarian system the farreaching changes in China's agriculture important shifts in foreign economic relations the gradual modernization policy pursued by its military leaders the relaxation of controls on cultural life and the possibility that current social policies may well increase equality rather than inequality in Chinese society The authors conclude that it is too early to judge the eventual long term outcome of current reforms which they believe grew out of the political crises and chronic economic problems that afflicted China in the late 1960s and early 1970s Although they see some opposition and built in limits to reform on balance they foresee strong support for continued reform and believe it will be difficult for future leaders to reverse course

Visual Culture in Contemporary China Xiaobing Tang, 2015-01-08 Exploring a wealth of images ranging from woodblock prints to oil paintings this beautifully illustrated full color study takes up key elements of the visual culture produced in the People's Republic of China from its founding in 1949 to the present day In a challenge to prevailing perceptions Xiaobing Tang argues that contemporary Chinese visual culture is too complex to be understood in terms of a

simple binary of government propaganda and dissident art and that new ways must be sought to explain as well as appreciate its multiple sources and enduring visions Drawing on rich artistic literary and sociopolitical backgrounds Tang presents a series of insightful readings of paradigmatic works in contemporary Chinese visual arts and cinema Lucidly written and organized to address provocative questions this compelling study underscores the global and historical context of Chinese visual culture and offers a timely new perspective on our understanding of China today Organization and Management in China, 1979-1990 Oded Shenkar,1991 **Pianos and Politics in China** Richard Curt Kraus,1989-07-13 In China a nation where the worlds of politics and art are closely linked Western classical music was considered during the cultural revolution to be an imperialist intrusion in direct conflict with the native aesthetic In this revealing chronicle of the relationship between music and politics in twentieth century China Richard Kraus examines the evolution of China s ever changing disposition towards European music and demonstrates the steady westernization of Chinese music Placing China s cultural conflicts in global perspective he traces the lives of four Chinese musicians and reflects on how their experiences are indicative of China s place at the furthest edge of an expanding Western international order **Semiotics, Self, and Society** Benjamin Lee,Greg Urban,2015-03-30 No detailed description available for Semiotics Self and Society
