The Cambridge Platonists And Their Place In Religious Thought:

The Cambridge Platonists and Their Place in Religious Thought Geoffrey Philip Henry Pawson,1930 **The Cambridge Platonists** C. A. Patrides,1980-11-06 This volume contains selected discourses chosen to illustrate the tenets characteristic of the influential movement known as Cambridge Platonism **The Cambridge Platonists and Their Place in Religious Thought** Geoffrey Philip Henry Pawson,1930 Cambridge Platonists and Their Place in Religious Thought Geoffrey Philip Henry Pawson,1998 *Cambridge Platonist Spirituality* Charles Taliaferro,Alison J. Teply,2004 This anthology collects essays poetry and treatises by a group of English philosophers from the Age of Reason who were devoted to the goodness of God and the spiritual importance of rationalism These philosophers known as the Cambridge Platonists produced a movement in philosophical theology that flourished around Cambridge University in the seventeenth century and influenced not only Great Britain but the United States and beyond Their school of thought emphasized the great goodness of God the compatibility of reason and faith an integrated life of virtue and the deep joy of living in concord with God This volume introduces and presents the key documents of the Cambridge Platonist movement while setting its thinkers in their historical and religious context the decades of turbulence and political crises surrounding the English Civil War The Theology of Jonathan Edwards Michael J. McClymond,Gerald R. McDermott,2012-01-05 Scholars and laypersons alike regard Jonathan Edwards 1703 58 as North America s greatest theologian The Theology of Jonathan Edwards is the most comprehensive survey of his theology yet produced and the first study to make full use of the recently completed seventy three volume online edition of the Works of Jonathan Edwards The book s forty five chapters examine all major aspects of Edwards s thought and include in depth discussions of the extensive secondary literature on Edwards as well as Edwards s own writings Its opening chapters set out Edwards s historical and personal theological contexts The next thirty chapters connect Edwards s theological loci in the temporally ordered way in which he conceptualized the theological enterprise beginning with the triune God in eternity with his angels to the history of redemption as an expression of God s inner reality ad extra and then back to God in eschatological glory The authors analyze such themes as aesthetics metaphysics typology history of redemption revival and true virtue They also take up such rarely explored topics as Edwards s missiology treatment of heaven and angels sacramental thought public theology and views of non Christian religions Running throughout the volume are what the authors identify as five basic theological constituents trinitarian communication creaturely participation necessitarian dispositionalism divine priority and harmonious constitutionalism Later chapters trace his influence on and connections with later theologies and philosophies in America and Europe The result is a multi layered analysis that treats Edwards as a theologian for the twenty first century global Christian community and a bridge between the Christian West and East Protestantism and Catholicism conservatism and liberalism and charismatic and non charismatic churches

Latitudinarianism and Didacticism in Eighteenth-century Literature

Patrick Müller, 2009 The relationship between Latitudinarian moral theology and eighteenth century literature has been much debated among scholars However this issue can only be tackled if the exact objectives of the Latitudinarians moral theology are clearly delineated In doing so Patrick Müller unveils the intricate connection between the didactic bias of Latitudinarianism and the resurgent interest in didactic literary genres in the first half of the eighteenth century His study sheds new light on the complex and contradictory reception of the Latitudinarians controversial theses in the work of three of the major eighteenth century novelists Henry Fielding Laurence Sterne and Oliver Goldsmith
