The Canadian General Sir William Otter:

The Canadian General Sir William Otter Desmond Morton, 1974 *Prisoners of the Home Front* Martin F. Auger, 2011-11-01 In the middle of the most destructive conflict in human history almost 40 000 Germans civilians and prisoners of war were detained in internment and work camps across Canada Five internment camps were located on the southern shores of the St Lawrence River in the province of Quebec at Farnham Grande Ligne le aux Noix Sherbrooke and Sorel Prisoners of the Home Front details the organization and day to day affairs of these internment camps and reveals the experience of their inmates Martin Auger shows how internment imposed psychological and physical strain in the form of restricted mobility sexual deprivation social alienation and lack of physical comfort In response Canadian authorities introduced labour projects and education programs to uphold morale thwart internal turmoil and prevent escapes These initiatives were also intended to expose prisoners to the values of a democratic society and prepare them for postwar reintegration Auger concludes that Canada abided by the Geneva Convention its treatment of German prisoners was humane Prisoners of the Home Front sheds light on life behind barbed wire filling an important void in our knowledge of the Canadian home front during the Second World War **The Republic of Canada Almost** Patrick Richard Carstens and Timothy L, 2013 The history of Canada since post War of 1812 to Confederation in 1867 is an interesting chapter and not a well known part of our history The provinces of Quebec and Ontario were ruled by non elected powers who controlled the governments In Lower Canada Quebec it was the Chateau Clique and in Upper Canada it was the Family Compact who provided the fuel for the Rebellions of 1837 38 To find the stories behind the story we started searching for roadside markers historical plaques monuments cemeteries and the tombstones to the fallen the battlefields and those who fought and those who were key players in the rebellion We are telling readers why Canada was Almost The Republic of Canada and why the Americans who fought and those who lost their lives fighting to add the Canadas to the United States of America

The Commonwealth Armies Frederick William Perry, 1988 *Training For Armageddon* Richard D. Merritt, 2018-01-09 Over the past 225 years the oak savannah at the mouth of the Niagara River designated as a Military Reserve but regarded by the local citizenry as their common lands has witnessed a broad spectrum of military political and cultural happenings Perhaps most compelling is the story of Niagara Camp established in the 1870s on the Reserve as the summer camp for Military District 2 By the eve of the Great War this District that encompassed most of central Ontario from Niagara to Sault St Marie including Toronto Hamilton and St Catharines was the most populous and patriotic District in all of Canada Niagara Camp and the training that went on within it endeavoured to prepare over 50 000 young men for the Overseas Canadian Expeditionary Force however the Camp's vigorous daily routines comprehensive instruction and discipline could not ready them for the horrors of the Western Front and Armageddon Many never returned In 1917 Niagara Camp also became the unique training centre for 22 000 Polish Army volunteers American and Canadian boys eager to fight

for a distant land many had never set foot on The horrific Spanish Flu Pandemic soon followed with dire consequences for the soldiers and their volunteer caregivers Niagara was also a training camp for Canada's ill-fated and little-known Siberian Expedition Remarkable sagas are recounted of some of the Camp's veterans On the centennial of the Great War this in-depth recognition of the brave young volunteers during their preparation for war is long overdue *The Art of Nation-Building* H.V. Nelles, 2000-12-15 In 1908 Canada celebrated its 300th anniversary the tercentenary of Champlain's founding of Quebec City In two glorious weeks of parades ceremonies balls and festivities Canadians commemorated their history in a spectacle that would not be surpassed until the centennial of 1967 The climax of the 1908 celebration was an historical pageant in which 4000 sumptuously costumed citizens re-enacted classic events in Canada's history Canada's leading painters were also there to capture these memorable scenes for posterity The past was being celebrated but with the present and the future in mind In *The Art of Nation Building* H V Nelles uses contemporary literary techniques to convey the scope colour and intensity of the tercentenary from various perspectives Drawing on the intimate diaries and letters of leading social and political figures he leads us behind the scenes disclosing the politics of memory the theatrics of history and the making of a modern monarchy Nelles reveals what we actually do when we commemorate how we use the past and the multivocal character of mass celebration This richly illustrated thought-provoking interpretation of public celebrations offers a novel perspective on Quebec and on the upcoming celebration of the millennium Winner of two prestigious prizes the Sir John A Macdonald Prize CHA and the Prix Lionel Groulx IHAF **A Nation of Immigrants** Franca Iacovetta, Paula Draper, Robert Ventresca, 2017-06-22 This collection brings together a wide array of writings on Canadian immigrant history including many highly regarded influential essays Though most of the chapters have been previously published the editors have also commissioned original contributions on understudied topics in the field The readings highlight the social history of immigrants their pre-migration traditions as well as migration strategies and Canadian experiences their work and family worlds and their political cultural and community lives They explore the public display of ethno-religious rituals race riots and union protests the quasi-private worlds of all-male boarding houses and of female domestics toiling in isolated workplaces and the intrusive power that government and even well-intentioned social reformers have wielded over immigrants deemed dangerous or otherwise in need of supervision Organized partly chronologically and largely by theme the topical sections will offer students a glimpse into Canada's complex immigrant past In order to facilitate classroom discussion each section contains an introduction that contextualizes the readings and raises some questions for debate *A Nation of Immigrants* will be useful both in specialized courses in Canadian immigration history and in courses on broader themes in Canadian history *The First British Commonwealth* Nicholas Mansergh, 1980 First published in 1980 Routledge is an imprint of Taylor Francis an informal company Secret Service Reg Whitaker, Gregory S. Kealey, Andrew Parnaby, 2012-07-06 *Secret Service* provides the first comprehensive history of political policing in Canada from its

beginnings in the mid nineteenth century through two world wars and the Cold War to the more recent war on terror This book reveals the extent focus and politics of government sponsored surveillance and intelligence gathering operations Drawing on previously classified government records the authors reveal that for over 150 years Canada has run spy operations largely hidden from public or parliamentary scrutiny complete with undercover agents secret sources agent provocateurs coded communications elaborate files and all the usual apparatus of deception and betrayal so familiar to fans of spy fiction As they argue what makes Canada unique among Western countries is its insistent focus of its surveillance inwards and usually against Canadian citizens Secret Service highlights the many tensions that arise when undercover police and their covert methods are deployed too freely in a liberal democratic society It will prove invaluable to readers attuned to contemporary debates about policing national security and civil rights in a post 9 11 world **Prairie Warships** Gordon Errett Tolton,2007 Richly illustrated and thoroughly researched **Prairie Warships** takes readers to an era when the frontier was under siege when prairie towns were ports of call when a region s lifeblood depended on transport and when the mood of the river determined the fate of a nation
