work Eight Skulls of Teversham was written partly in Inverness taking in the atmosphere of the misty hills of Scotlands highlandssuch a beautiful sight to behold Double exposure was also created with a location of Scotland in mind taking me back to my ancestors the Scott clan and the famous Sir Walter Scott The stories created in Sweden were cracked porcelain which covered a wide area of mental and physical abuse This fictitious book was based on factual events and concerned itself with the life of Ruth Ashley a psychiatric nurse I am convinced that a ghost called Sarah influenced my writing something called automatic writing For the Love of Charlotte was written in the United States of America and I must confess greatly influenced by the 9 11 attack on the twin towers in 2001 Again the writing was influenced by ghosts It is my dream that sooner or later someone will read this work and consider writing a screenplay for television or movie Now wouldnt that be good Teversham is actually in Cambridgeshire but for the story there is one on the Scottish border both a town and a village where the eight skulls existed Any similarity is purely coincidental and should not be mistaken for the small village that is in Cambridgeshire
