Congress. House. Select Committee on Small Business. Subcommittee on Small Business Problems in Smaller Towns and Urban Areas, 1972 **Smalltown, U.S.A.** Michael Caldwell, 1999 **Murder Town, USA** Yasser Arafat Payne, Brooklynn K. Hitchens, Darryl L. Chambers, 2023-07-14 Far too many poor Black communities struggle with gun violence and homicide The result has been the unnatural contortion of Black families and the inter generational perpetuation of social chaos and untimely death Young people are repeatedly ripped away from life by violence while many men are locked away in prisons In neighborhoods like those of Wilmington Delaware residents routinely face the pressures of violence death and incarceration Murder Town USA is thus a timely ethnography with an innovative structure the authors helped organize fifteen residents formerly involved with the streets and or the criminal justice system to document the relationship between structural opportunity and experiences with violence in Wilmington s Eastside and Southbridge neighborhoods Earlier scholars offered rich cultural analysis of violence in low income Black communities and yet this literature has mostly

conceptualized violence through frameworks of personal responsibility or individual accountability And even if acknowledging the pressure of structural inequality most earlier researchers describe violence as the ultimate result of some moral failing a propensity for crime and the notion of helplessness Instead in *Murder Town USA* Payne Hitchens and Chamber along with their collaborative team of street ethnographers instead offer a radical re conceptualization of violence in low income Black communities by describing the penchant for violence and involvement in crime overall to be a logical resilient response to the perverse context of structural inequality

Small-Town Dreams John E. Miller, 2014-03-28 We live these days in a virtual nation of cities and celebrities dreaming a small town America rendered ever stranger by purveyors of nostalgia and dark visionaries from Sherwood Anderson to David Lynch And yet it is the small town that world of local character and neighborhood lore that dreamed the America we know today and the small town boy like those whose stories this book tells who made it real In these life stories beginning in 1890 with frontier historian Frederick Jackson Turner and moving up to the present with global shopkeeper Sam Walton a history of middle America unfolds as entrepreneurs and teachers like Henry Ford George Washington Carver and Walt Disney artists and entertainers like Thomas Hart Benton Grant Wood Carl Sandburg and Johnny Carson political figures like William McKinley William Jennings Bryan and Ronald Reagan and athletes like Bob Feller and John Wooden by turns engender and illustrate the extraordinary cultural shifts that have transformed the Midwest and through the Midwest the nation and the world Many of these men are familiar icons even Ford and Reagan certainly Ernie Pyle Sinclair Lewis James Dean and Lawrence Welk and others like artists Oscar Micheaux and John Steuart Curry economist Alvin Hansen and composer Meredith Willson less so But in their stories as John E Miller tells them all appear in a new light unique in their backgrounds and accomplishments united only in the way their lives reveal the persisting shaping power of place and particularly the Midwest on the cultural imagination and national consciousness In a thoroughly engaging style Miller introduces us to the small town Midwestern boys who became these all American characters privileging us with insights that pierce the public images of politicians and businessmen thinkers and entertainers alike From the smell of the farm the sounds and silences of hamlets and county seats the schoolyard athletics and classroom instruction and theatrical performance we follow these men to their moments of inspiration innovation and fame observing the workings of the small town past in their very different relationships with the larger world Their stories reveal in an intimate way how profoundly childhood experiences shape personal identity and how deeply place figures in the mapping of thought belief ambition and life's course
