Why Smart Men Marry Smart Women Christine B. Whelan, 2006-10-17 For years it's been common knowledge that once a woman hits thirty her chances of finding a husband diminish to the point of despair That men are intimidated by a woman's career success preferring docile helpmates to ambitious achievers That women are biologically driven to seek a strong provider That the higher a woman's IQ the less likely she is to marry let alone have babies leaving single successful women to ask themselves Are men intimidated by smart women In *Why Smart Men Marry Smart Women* Christine B Whelan shatters the myth that high achieving women are at a disadvantage in the marriage market There's good news for the millions of American SWANS Strong Women Achievers No Spouse that today's smart successful women marry at the same rates as all other women and that more income and education may in fact increase a woman's chances of marriage What's more as Dr Whelan shows through newly released U S Census data a large scale Harris Interactive survey commissioned especially for this book plus extended interviews conducted in cities nationwide this profound demographic shift shows every sign of progressing That means that the success penalty that has endured for generations is as soon as 2010 destined for the history books Accomplished daughters sisters and friends not to mention their mothers can finally stop worrying that the twin pinnacles of personal and professional happiness are inherently unattainable In fact smart men do marry SWANS Ninety percent of high achieving men surveyed want a woman who is as intelligent or more intelligent than they are And two thirds of men said they believed smart women make better mothers Pairing cutting edge research with sound advice Dr Whelan brings to mind what smart women everywhere have long known in their hearts that the goal is not just to get married but to have a good marriage and to lead a fulfilled life

The New Millennium Man (tips for Urban Dating, Women, Relationships and sexual improvement , **Seduced by Mrs. Robinson** Beverly Gray,2017-11-07 An Amazon Best Book of the Month Gray writes smartly and insightfully The book as a whole offers a fascinating look at how this movie tells a timeless story The Washington Post Mrs Robinson you re trying to seduce me Aren t you When The Graduate premiered in December 1967 its filmmakers had only modest expectations for what seemed to be a small sexy art house comedy adapted from an obscure first novel by an eccentric twenty four year old There was little indication that this offbeat story a young man just out of college has an affair with one of his parents friends and then runs off with her daughter would turn out to be a monster hit with an extended run in theaters and seven Academy Award nominations The film catapulted an unknown actor Dustin Hoffman to stardom with a role that is now permanently engraved in our collective memory While turning the word plastics into shorthand for soulless work and a corporate consumer culture The Graduate sparked a national debate about what was starting to be called the generation gap Now in time for this iconic film s fiftieth birthday author Beverly Gray offers up a smart close reading of the film itself as well as vivid never before revealed details from behind the scenes of the production including all the drama and decision making of the cast and crew For movie buffs and pop culture fanatics Seduced by Mrs Robinson brings to light The Graduate s huge influence on the future of filmmaking And it explores how this unconventional movie rocked the late sixties world both reflecting and changing the era s views of sex work and marriage *Gates* Stephen Manes,Paul Andrews,1994-01-21 Manes and Andrews reveal the guiding genius behind information technology and software such as Windows which have become such universal standards including a bracing comprehensive review of the industry and its goals and how Bill Gates lead his company now and into the future *Department of Energy Security Issues* United States. Illuminating Humor of the Bible Steven Walker, 2013-06-18 Humor smiles and chuckles and sometimes laughs so loud in virtually every book of the Bible so it s remarkable how readers manage to overlook it It s also unfortunate Humor graces biblical texts at so many levels that to miss the humor is to miss not only much of the emotional impact of the Bible but much of its meaning Illuminating Humor of the Bible shows how and how much comic elements contribute to understanding the most vital book in our culture Biblical humor has been seriously underestimated We have not begun to appreciate why humor winks with such unexpected frequency and understated significance from this revered text It s time to shine a spotlight on scriptural wit to illuminate the ways humor refracts biblical meaning Unveiled by the frank perspective of humor Bible texts reveal implications that will surprise the most informed readers The reader response lamp of humor lights up dark corners of biblical significance inaccessible until now Awareness of the irony and wit and satire and slapstick enables not just better readings but better ways to read Go where no Bible reader has gone before Try eight fresh and relevant methods of reading the Bible better through the lens of its humor
