Challenges in Higher Education for Sustainability J. Paulo Davim,Walter Leal Filho,2015-10-31 This book presents the latest advances on the incorporation of sustainability in higher education Different aspects such as the environmental economic and social are here discussed Several examples illustrating how sustainability in higher education is being pursued in different countries can be found in this book Case studies include institutions from Kosovo Brazil Portugal UK Canada and USA Christian Intelligencer ,1920 **Christianity and Ecological Theology** E. M. Conradie,2006-10-01 There has

been a proliferation of publications in the field of Christian ecological theology over the last three decades or so These include a number of recent edited volumes each covering a range of topics and consolidating many of the emerging insights in ecological theology The call for Christian churches to respond to the environmental crisis has been reiterated numerous times in this vast corpus of literature also in South Africa **Public Theology for a Global Society** Deidre King

Hainsworth,Scott R. Paeth,2010 In these essays honoring ethicist Max Stackhouse leading Christian scholars consider the historical roots and ongoing resources of public theology as a vital element in the church s engagement with global issues Public Theology for a Global Society explores the concept of public theology and the challenge of relating theological claims to a larger social and political context The range of essays included here allows readers to understand public theology as both theological practice and public speech and to consider the potential and limits of public theology in ecumenical and international networks The essays begin by introducing the reader to the development of public theology as an area of study and to the historical interrelationship of religious legal and professional categories The later essays engage the reader with emerging problems in public theology as religious communities encounter shifting publics that are being transformed by globalization and sweeping political and technological changes The breadth and scholarship of Public Theology for a Global Society make this volume a fitting tribute to Stackhouse a central figure in Christian ethics and pioneer in the church s study of globalization **The Reformed Church in America** Marvin D. Hoff,1985 Hoff chronicles and analyzes the RCA s

creative experiments in organizing for mission in America and around the world recording the successes and shortcomings of a great variety of structures through which the church seeks to do Christ s work While the book covers more than two centuries of mission work the primary emphasis is on the period from 1945 to the present **Christian Standard** ,1908

A Digest and Index of the Minutes of the General Synod of the Reformed Church in America, 1906-1957 Mildred W. Schuppert,1982 An indispensable reference guide to the Minutes of the General Synod this volume contains an alphabetical listing of the persons and subjects referred to in the minutes along with a brief summary of action taken **Digest** ,1925
