

Still Digging

Chao Zhang

Still Digging:

Digging Lincoln Michael J. Jones, 2024-11-07 A uniquely personal account of how a record of the city of Lincoln's rich archaeology was recorded from the time of the early antiquaries through to the commercially funded professional teams of today by someone who was closely involved in a senior capacity for over half a century

Digging Amiri Baraka, 2009-05-26 For almost half a century Amiri Baraka has ranked among the most important commentators on African American music and culture In this brilliant assemblage of his writings on music the first such collection in nearly twenty years Baraka blends autobiography history musical analysis and political commentary to recall the sounds people times and places he's encountered As in his earlier classics *Blues People* and *Black Music* Baraka offers essays on the famous Max Roach Charlie Parker Miles Davis John Coltrane and on those whose names are known mainly by jazz aficionados Alan Shorter Jon Jang and Malachi Thompson Baraka's literary style with its deep roots in poetry makes palpable his love and respect for his jazz musician friends His energy and enthusiasm show us again how much Coltrane Albert Ayler and the others he lovingly considers mattered He brings home to us how music itself matters and how musicians carry and extend that knowledge from generation to generation providing us their listeners with a sense of meaning and belonging

The Dig Sheldon Russell, 2013-08-28 Life couldn't be worse for archaeology grad student Jim Hunt Having lost his funding at a major midwestern university and his partner he desperately needs a breakthrough to revitalize his work and his life Could a summer dig in map dot Lyons Kansas jumpstart his fledgling career Out of options he packs his bags Five hundred years earlier Spanish conquistador Francisco V. Squez de Coronado faces a desperate journey of his own through New World terrain He must find the legendary golden city of Quivira But can he trust the mysterious Turk his Indian guide Jim and Coronado's stories interweave in *The Dig* intersecting at a fateful point Things don't improve for Jim with his first steps in Lyons and his trespass upon an ancient mausoleum His curiosity angers the locals including Eva a striking but no nonsense museum worker Jim is instantly drawn to A local tough Mitch Keeper enforcer for a reclusive wealthy landowner seems to go out of his way to harass Jim The sheriff thinks nothing of throwing him in jail And then the seemingly innocuous dig turns deadly It's not much better for the conquistador After days of wandering through dusty lands with no food or water Coronado and his men are dying Still the Turk beckons them on To continue means death But to return empty handed is equally unbearable Sheldon Russell ratchets the tension and mystery in both narratives as Jim and Coronado close in on or are eluded by what they seek Along the way the author's research and craftsmanship shine through Coronado's carefully rendered formal speech contrasts with the casual dialogue authentic to the plains today Even minor characters from Stufflebaum Lyons's prankster taxidermist to the inscrutable Turk leap from the page A historical fiction thrill ride that builds to an Indiana Jones style standoff *The Dig* forces its characters and readers to grapple with an age old proverb all that glitters is not gold

Digging Up Armageddon Eric H. Cline, 2020-03-17 A vivid portrait of the early years of biblical

archaeology from the acclaimed author of 1177 B C The Year Civilization Collapsed In 1925 James Henry Breasted famed Egyptologist and director of the Oriental Institute at the University of Chicago sent a team of archaeologists to the Holy Land to excavate the ancient site of Megiddo Armageddon in the New Testament which the Bible says was fortified by King Solomon Their excavations made headlines around the world and shed light on one of the most legendary cities of biblical times yet little has been written about what happened behind the scenes Digging Up Armageddon brings to life one of the most important archaeological expeditions ever undertaken describing the site and what was found there including discoveries of gold and ivory and providing an up close look at the internal workings of a dig in the early years of biblical archaeology The Chicago team left behind a trove of writings and correspondence spanning more than three decades from letters and cablegrams to cards notes and diaries Eric Cline draws on these materials to paint a compelling portrait of a bygone age of archaeology He masterfully sets the expedition against the backdrop of the Great Depression in America and the growing troubles and tensions in British Mandate Palestine He gives readers an insider s perspective on the debates over what was uncovered at Megiddo the infighting that roiled the expedition and the stunning discoveries that transformed our understanding of the ancient world Digging Up Armageddon is the enthralling story of an archaeological site in the interwar years and its remarkable place at the crossroads of history *Let's Dig It!* Lara Bergen,2010-03-23 Payloader Pete digs until he finds himself in such a large hole that he cannot get out of it On board pages , **Digging for Richard III: The Search for the Lost King (Revised and Expanded)** Mike Pitts,2015-09-08 As gripping as any detective fiction Proof that one doesn t need to be fascinated with Richard III to be enthralled by the story of his body s discovery Publisher s Weekly In August 2012 a search began and on February 4 2013 a team from Leicester University delivered its verdict to a mesmerized press room and to the world they had found the remains of Richard III whose legacy was perhaps the most contested of all British monarchs Prior to this major discovery there had been little new information about Richard III for some time With no new evidence to fuel it the debate over what kind of man he might have been seemed to have stalled Thus the story of the discovery of Richard III is a story of the value of archaeology careful analysis of physical evidence backed up by the latest science and technology and how it can change our understanding of history Firsthand accounts from the team that found the king along with photographs from the author s own archives and an expanded epilogue incorporating new DNA evidence augment this compelling detective story as the evidence is uncovered Changes in Technology and Labor Requirements in Crop Production Harry E. Knowlton,Robert Bailey Elwood,Eugene George McKibben,1938 Studies of Changing Techniques and Employment in Agriculture ,1938 **Gone for a Burton** Dave Cox,2007-04-01 Set in the South Wales steel town of Port Talbot this is a tale of love pride ambition and the lengths that one man will go to put his town rugby team and his country firmly on the map Our unlikely hero is Turpin Thrust a disaffected council clerk fed up with the degradation of his beloved home town and its rugby team and wanting to restore them to their former glory How does he plan to do this Well by

bringing home one of the town's most famous sons Richard Burton and opening a theme park in his name The only problem is of course that said Mr Burton is currently located in a churchyard in Switzerland Undeterred Turpin and his pals plan to travel to Switzerland to bring him back and create a fitting monument There follows a hilarious account of real life in a town that is lost in time Dave Cox has an uncanny knack of depicting characters and places that anyone with a connection with Wales will strongly relate to We follow Turpin and his friends as they carry out their crazy plans to travel to Switzerland in a camper van armed only with a couple of shovels and the best of intentions The plot and characters will have you in stitches as it wends its way via a bus full of nurses a rugby club strip show and an international rapping contest

Eventually, you will entirely discover a additional experience and capability by spending more cash. nevertheless when? realize you acknowledge that you require to acquire those every needs gone having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will guide you to understand even more on the globe, experience, some places, bearing in mind history, amusement, and a lot more?

It is your enormously own epoch to feat reviewing habit. in the midst of guides you could enjoy now is **Still Digging** below.
