The Mysticism Of The Cloud Of Unknowing A Modern Interpretation:

The Mysticism of the Cloud of Unknowing William Johnston, 1967 The Cloud of Unknowing was the work of an unknown 14th century English writer with a powerful message of God's unconditional love in the face of despair Johnston's theological treatment of this and other works by the same writer makes a conscious comparison with Oriental ways of contemplation

The Mysticism of the Cloud of Unknowing William Johnston, 1967 *The Mysticism of The Cloud of Unknowing*, 1967 *The Mysticism of The Cloud of Unknowing* William Johnston, 2000 The Cloud of Unknowing was the work of an unknown 14th century English writer with a powerful message of God's unconditional love in the face of despair Johnston's theological treatment of this and other works by the same writer makes a conscious comparison with Oriental ways of contemplation The Complete Cloud of Unknowing, 2014-03-01 Central to the Christian mystical tradition is the inspired work of the anonymous author of The Cloud of Unknowing Rich with insights and perceptions of the obscurity and unknowability of God this work reveals God as being on an entirely different plane of existence from human beings so different that time bound human language is inadequate to describe God exhaustively or accurately Intellect and emotion both fail in seeking God who can only be encountered by rejecting all common earthly means in a cloud of forgetting and the discovery of Godself in the dark cloud of unknowing that can be pierced only with a lance of longing love Now we finally have a translation that captures all of this beauty and complexity without minimizing the nuances all of which are explained with extensive introductions and accompanying notes If I could keep with me only two books and a journal this book would be one of the books As far as I'm concerned it's the most important book and among the most influential on Christian prayer in the last two millennia I'm delighted to endorse this fine new translation and commentary The Rev Dr Chris Neufeld Erdman University Presbyterian Church Fresno CA author of Beyond Chaos Living the Christian Family in a World Like Ours and Returning to the Center Living Prayer in a Distracting World The Complete Cloud of Unknowing includes two classics of medieval Christian contemplative spirituality essential reading for anyone seeking to deepen their relationship with God through the practice of silent prayer They are rich texts full of nuanced wisdom that often gets lost in modern translations Father John Julian has captured the beauty humor and literary elegance of the original versions but also has supplemented his translation with detailed notes that convey the subtle spiritual insight that makes these works required reading I'm excited about this book it's a title I will recommend both to beginners and to longstanding students of The Cloud Carl McColman author of Answering the Contemplative Call and The Lion the Mouse and the Dawn Treader **The Cloud of Unknowing**, 2009-04-14 This anonymous fourteenth century text is the glory of English mysticism and one of the most practical and useful guides to finding union with God ever written Carmen Acevedo Butcher's new translation is the first to bring the text into a modern English idiom while remaining strictly faithful to the meaning of the original Middle English The Cloud of Unknowing consists of a series of letters written by a monk to his student or disciple instructing him or her in the

way of Divine union Its theology is presented in a way that is remarkably easy to understand as well as practical providing advice on prayer and contemplation that anyone can use Previous translations of the Cloud have tended to veil its intimate even friendly tone under medieval sounding language Carmen Butcher has boldly brought the text into language as appealing to modern ears as it was to its original readers more than five hundred years ago Also included in the volume is the companion work attributed to the same anonymous author The Book of Privy Counsel which contains further advice for approaching God in a way that emphasizes real experience rather than human knowledge *The Cloud of Unknowing*

Patrick J Gallacher,1997-05-01 The Cloud of Unknowing describes the contemplative method centered around eliminating all noise and images from the mind and in that encounter with nothingness finding God Meanwhile despite the austerity of the content the style of the author is warm and congenial and eminently readable Patrick J Gallacher further makes this text accessible to students and teachers by including a gloss introduction notes and glossary This text gives a great introduction to the ethos of mysticism in the middle ages **A Comparative History of Ideas** Hajime Nakamura,1992 Hajime Nakamura argues with remarkable erudition that particular intellectual and social developments can be traced in all great cultures that each culture deals with its problems in about the same order Discussing in their similarities and in their subtle differences ideas from India China Japan and Europe the author considers such inclusive notions as the concept of God the controversy over universals and the nature of orthodoxy and heterodoxy This is a lucid and rewarding book which sets a new standard for dealing with a history of thought across many cultures **On the Strange Place of Religion in Contemporary Art** James Elkins,2004 Can contemporary art say anything about spirituality Answering this question and more On the Strange Place of Religion in Contemporary Art explores the curious disconnection between spirituality and current art **A Study Guide for "Medieval Mystics"** Gale, Cengage Learning,2016 A Study Guide for Medieval Mystics excerpted from Gale s acclaimed Literary Movements for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Literary Movements for Students for all of your research needs
