Discover wonder A wanderlust whetting cabinet of curiosities on paper New York Times Inspiring equal parts wonder and wanderlust Atlas Obscura is a phenomenon of a travel book that shot to the top of bestseller lists when it was first published and changed the way we think about the world expanding our sense of how strange and marvelous it really is This second edition takes readers to even more curious and unusual destinations with more than 100 new places dozens and dozens of new photographs and two very special features twelve city guides covering Berlin Budapest Buenos Aires Cairo London Los Angeles Mexico City Moscow New York City Paris Shanghai and Tokyo Plus a foldout map with a dream itinerary for the ultimate around the world road trip More a cabinet of curiosities than traditional guidebook Atlas Obscura revels in the unexpected the overlooked the bizarre and the mysterious Here are natural wonders like the dazzling glowworm caves in New Zealand or a baobab tree in South Africa so large it has a pub inside where 15 people can sit and drink comfortably Architectural marvels including the M C Escher like stepwells in India Mind boggling events like the Baby Jumping Festival in Spain and no it s not the babies doing the jumping but masked men dressed as devils who vault over rows of squirming infants Every page gets to the very core of why humans want to travel in the first place to be delighted and disoriented uprooted from the familiar and amazed by the new With its compelling descriptions hundreds of photographs surprising charts maps for every region of the world and new city guides it is a book you can open anywhere and be transported But proceed with caution It s almost impossible not to turn to the next entry and the next and the next Allan Dwan and the Rise and Decline of the Hollywood Studios Frederic Lombardi,2013-03-29 It could be said that the career of Canadian born film director Allan Dwan 1885 1981 began at the dawn of the American motion picture industry Originally a scriptwriter Dwan became a director purely by accident Even so his creativity and problem solving skills propelled him to the top of his profession He achieved success with numerous silent film performers most spectacularly with Douglas Fairbanks Sr and Gloria Swanson and later with such legendary stars as Shirley Temple and John Wayne Though his star waned in the sound era Dwan managed to survive through pluck and ingenuity Considering himself better off without the fame he enjoyed during the silent era he went on to do some of his best work for second echelon studios notably Republic Pictures Sands of Iwo Jima and such independent producers as Edward Small Along the way Dwan also found personal happiness in an unconventional manner Rich in detail with two columns of text in each of its nearly 400 pages and with more than 150 photographs this book presents a thorough examination of Allan Dwan and separates myth from truth in his life and films *The International Studio* ,1920 **Fallen from the Nest** Florence L. Lacroix,2008-12-02 Martin was only 7 years old when he arrived in Canada in 1892 with a contingent of young British orphans Not only did the young boy just lose his father but this death had brought about the dismantling of his whole family and when he emigrated to another country this enhanced his feeling of

being a bird fallen from the nest His adoptive parents Mr and Mrs Samuel Vzina of Ste Genevieve de Batiscan were warm hearted and they did all they could to recreate for him a happy home which greatly helped the young immigrant to slip into his new life But so many obstacles strew his path First he had to learn French and then be accepted by his schoolmates some of whom considered the arrival of this newcomer as a threat And this was just the beginning *Paris Salons, Cafés, Studios* Sisley Huddleston,1928 Motion Picture Classic ,1915 **The International Studio; an Illustrated Magazine of Fine and Applied Art** ,1920 Animation in Asia and the Pacific John A. Lent,2001 Animation has had a global renaissance during the 1990s and nowhere is this more evident than in Asia With the exception of China and Japan most Asian nations are relatively new to this art form Over the last decade countries such as Taiwan South Korea the Philippines and Thailand as well as China have acted as major offshore production plants for North American and European studios One of the spurs for this increase in activity has been the global growth of terrestrial cable satellite and video systems all demanding large menus of programming including animation A second spur has been the exceptional popularity that Japanese anim has enjoyed across Asia Europe and the United States Despite these developments there has not been corresponding growth of a serious literature covering industrial and aesthetic issues about Asian animation and the small amount of work that has been produced has not been published in English Animation in Asia and the Pacific provides the first continent wide analysis delving into issues of production distribution exhibition aesthetics and regulation in this burgeoning field Animation in Asia and the Pacific also offers vignettes of the fascinating experiences of a group of animation pioneers The historical and contemporary perspectives derive from interviews textual analysis archival research and participation observation data *The Nest-builder* Beatrice Forbes-Robertson Hale,1916
