Norman Vance

The Mystical Imagination Of Patrick Kavanagh A Buttonhole In Heaven:

The Mystical Imagination of Patrick Kavanagh Una Agnew, 2000 For Kavanagh the created world was God filled and every bit as radiant as the heavenly city of God His poetry became a radical affirmation of life of earth of the human condition and of God s presence everywhere Conscious that Kavanagh s own view that his poetry is best read without comment from the scholar Una Agnew uses as a framework for her study the ancient mystical stages that were outlined by Evelyn Underhill awakening purification illumination and transformation The result is a convincing and inspiring illustration of the fundamental mysticism of the poetry and the person of Patrick Kavanagh

The Mystical Imagination of Patrick Kavanagh Una Agnew, 1998

Irish Literature Since 1800 Norman Vance, 2014-06-11 This book surveys Irish writing in English over the last two centuries from Maria Edgeworth to Seamus Heaney to give the literary student and the general reader an up to date sense of its variety and vitality and to indicate some of the ways in which it has been described and discussed It begins with a brief outline of Irish history of Irish writing in Irish and Latin and of writing in English before 1800 Later chapters consider Irish romanticism Victorian Ireland W B Yeats and the Irish Literary Revival new directions in Irish writing after Joyce and the literature of contemporary Ireland north and south from 1960 to the present

[Finding God in a Leaf](#) Brian Grogan, 2021-04-01 God Pope Francis affirms is present in nature and he wants us to share that perspective because he believes that it can generate in us a sense of wonder awe reverence and love for nature in all its aspects This sense will make us strong enough to dedicate ourselves to the demanding task of caring for what he calls our common home When my home is under threat I will fight tooth and nail to protect it and those living in it because I love it Such commitment is needed today if our small and fragile planet is to be brought back to health Brian Grogan brings the background of Ignatian spirituality and a lived appreciation of God s creation to his book of meditations on Pope Francis Encyclical Laudato Si Rather than an exhaustive explanation of the encyclical this book serves as a daily invitation to notice in ordinary creation the invitation of God to love and care for all God s creation Read slowly each morning it could give a focus for living the day in recognising God in all things and the call of God to be a co creator of his beautiful world each day

[Patrick Kavanagh](#) Stan Smith, 2009 Patrick Kavanagh has for long represented an alternative version of Irish poetry to the high falutin melodrama and rhetoric of W B Yeats This collection of newly commissioned essays by a range of established and younger scholars re examines his reputation in the light of recent thinking about Irish literature and the Ireland of his day in addition to authoritative historically situated accounts of the whole body of his work in prose and verse individual studies consider his place in the pastoral tradition his stylistic experimentation and debt to both popular and high intellectual traditions his vision of rural and urban Ireland in the wake of independence his reactions to contemporary political and social developments and his continuing significance for present day writers and readers This volume offers a definitive account for the general reader as well as the student of Irish literature and history of a writer whose reputation has continued to grow in the half century

since his death It will prove indispensable for anyone wishing to understand not only the work of this uniquely original writer but the Ireland in which he grew up and which his writing helped to define

BOOK JACKET Theological Aesthetics Gesa Elsbeth Thiessen, 2005 While interest in the relationship between theology and the arts is on the rise there are very few resources for students and teachers let alone a comprehensive text on the subject This book fills that lacuna by providing an anthology of readings on theological aesthetics drawn from the first century to the present A superb sourcebook Theological Aesthetics brings together original texts that are relevant and timely to scholars today Editor Gesa Elsbeth Thiessen has taken a careful inclusive approach to the book including articles and extracts that are diverse and ecumenical as well as representative of gender and ethnicity The book is organized chronologically and each historical period begins with commentary by Thiessen that sets the selections in context These engaging readings range broadly over themes at the intersection of religion and the arts including beauty and revelation the vision of God artistic and divine creation God as artist images of God the interplay of the senses and the intellect human imagination mystical writings meanings of signs and symbols worship liturgy doxology the relationship of word and image icons and iconoclasm the role of the arts in twentieth century theology and much more
