Death in the Sahara Michael Asher, 2008-05-17 Desert explorer Michael Asher investigates the most disastrous exploration mission in the history of the Sahara In 1880 the French government ordered a surveying

expedition for a railway that would bring the fabulous wealth of Timbuktu in French Sudan to Paris This trek should have heralded a new era of French prosperity Instead it was a deadly fiasco Under armed in hostile territory and foolishly employing the enemy as guides the one hundred men of the expedition were ambushed and stranded without camels or supplies in the deserts of southern Algeria Many were killed outright and for four months the survivors were menaced by the Tuareg the lords of the desert robbed starved and tricked into eating poisoned fruit To escape the men hid in the wastelands of the Sahara with little hope of finding food or water They were finally forced to eat their own dead or worse the merely weak Only a dozen malnourished men lived to tell their tale The story of their 1 000 mile journey is one of the most astonishing narratives of survival ever recorded With a superb grip of narrative and uncanny ability to evoke battle scenes The Guardian Michael Asher has written an amazing true story that is as dramatic as it is frightening Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home *Library Partnerships with Writers and Poets* Carol Smallwood, Vera Gubnitskaia, 2017-03-07 Libraries and writers have always had a close working relationship Rapid advances in technology have not changed the nontechnical basis of that cooperation author talks book signings and readings are as popular as ever as are workshops and festivals This collection of 29 new essays from nearly 50 contributors from across the United States presents a variety of projects programs and services to help librarians establish relationships with the literary world promote literature to the public and foster creativity in their communities **Humanities**, 2008

Sailing the Graveyard Sea Richard Snow, 2024-12-03 On December 16 1842 the US brig of war Somers dropped anchor in Brooklyn Harbor at the end of a cruise intended to teach a group of adolescents the rudiments of naval life But this seemingly harmless exercise ended in catastrophe Commander Alexander Slidell Mackenzie came ashore saying he had narrowly prevented a mutiny that would have left him and his officers dead Some of the thwarted mutineers were being held under guard but three had been hanged Boatswain's Mate Samuel Cromwell Seaman Elisha Small and Acting Midshipman Philip Spencer whose father was the secretary of war John Spencer Eighteen year old Philip Spencer according to Mackenzie had been the ringleader who encouraged the crew to seize the ship and become pirates raping and pillaging their way across the old Spanish Main And while the young man might have been a rebel fascinated by pirates it soon became clear the order that condemned the three men had no legal basis And worse that perhaps a mutiny had never really occurred and that the ship might instead have been seized by a creeping hysteria that ended in the sacrifice of three innocents Months of accusations and counteraccusations were followed by a highly public court martial which put Mackenzie on trial for his life

and a storm of anti Navy sentiment drew the attention of the leading writers of the day Washington Irving thought Mackenzie a hero James Fenimore Cooper damned him with a ferocity that still stings But some good did come out of it public disgust with Mackenzie's training cruise gave birth to Annapolis the place that within a century would produce the greatest navy the world had ever known Vividly told and filled with tense action based on court martial transcripts Snow's masterly account of this all but forgotten episode is naval history at its finest
